POLITICAL OVERTONES

Burke Given Edge to Head Democratic State Committee... Legislative Session Expected to Continue Into Summer...

Former Collector of Port William H. Burke, Jr., of Hatfield appears to be a slight favorite to win the Democratic State Committee chairmanship from John C. Carr of Medford, when the committee members meet at the Parker House on Saturday to resolve a conflict that began last February.

An attempt may be made by some of Carr's supporters to block an election and a settlement of the four-months battle for the right to head the Democratic organization, but if such a maneuver should be successful, the dispute would land back into the Supreme Court.

One reason Burke may take the chairmanship away from Carr, if a showdown is reached and the State Committee members have a choice between the two men, is the contrast in the manner in which the rivals have conducted themselves during the past several months.

Burke has been amendable to every suggestion that has been made for settling the clash in a fair and reasonable manner. He repeatedly expressed his willingness to resolve the dispute in a democratic way with an election anywhere, any place, any time.

Cooke States Newton Should Be One-Fare Zone at Hearing

Lawrence E. Cooke of Newtonville, former Democratic candidate for State Representative on Newton's North Side, appeared before the Department of Public Utilities relative to the Middlesex and Boston Street Railway Company petition for fare raise at a public hearing at the State House last Thursday.

Mr. Cooke stated in a letter filed by him with the commission that whether or not the fare raise petition is found to be justified that the D.P.U. should incorporate in it sorder the following points: (1) Newton Corner should be made a transfer point; (2) A complete survey of the Boston and Middlesex transfer system within the City of Newton should be made and necessary changes affected to make the City of Newton a real one fare zone; (3) The bus company should be required to give full publicity to its transfer system by means of cards and posters at the bus stops and in the buses themselves so that all passengers may be able to take full advantage of it.

Cooke stated that the principle that the City of Newton should be a one fare zone was established by the Commission in 1951 but under the present system there are many trips on which two fares must be paid if the passenger desires to take the quickest and shortest route. The most obvious deficiency in the system is presented by the following example: a person desiring to go by bus from Our Lady's Church on Washington street in Newtonville to any point on Center street in Newton, between Newton Corner and Commonwealth avenue, would have to pay two fares if he wished to take the shortest and quickest route through Newton Corner.

Newtn Ctr. Woman Honored By Harvard Univ. for Work

An internationally-known medical artist, Mrs. Etta Piotti Ramsdell of Newton Center, is one of the long-service employees honored by Harvard University in special ceremonies this week.

Mrs. Ramsdell started work as a medical illustrator at the Harvard Medical School in 1908, when she was 15 and still a high school student.

In the 47 years since that time, she has developed an illustrative technique that experts throughout the world admire, and she has worked with scores of leading physicians, surgeons and researchers.

Besides a dozen medical texts, she has produced diagrams and art work for hundreds of articles, as well as thousands of working drawings. Among her latest efforts were the drawing for a text by Dr. Robert E. Gross, leading Boston heart surbeon, "Surgery in Infancy and Childhood." Her earliest were produced in the year she started work, with no previous training, for the late Dr. Frank B. Mallory. She did 800 careful drawings for one of his volumes on pathology.

At present, she divides her work into two fields. For Dr. George B. Wislocki, she prepares drawings in histo-chemistry, working with microscope slides to produce art that must have "photographic accuracy" on cell and tissue structure.

For Dr. Gross and other surgeons, she studies operative techniques. Standing directly behind the surgeon as he operates, she quickly sketches the procedures and details step by step. Then, back in her laboratory, she finishes off the drawings for study and research purposes.

Mrs. Ramsdell signs her drawings "E. Piotti," the name under which she first started. To a large extent, she is self-trained, especially in her early years. She later studied under Max Broedel at Johns Hopkins, at the Boston Museum School, and on several trips to Europe, in France and Italy.

Among the distinguished doctors with whom she worked were Dr. S. Bert Wohlbach, in pathology; Dr. Richard Pierson Strong, famed pioneer in public health and tropical medical care; the brilliant brain surgeon, Dr. Harvey Cushing; and all in all, a virtual "Who's Who" of medical authorities.

Mrs. Ramsdell lives at 14 Oak Hill st., Newton Centre, and has been a resident of Newton since 1930. She is the widow of Cedric Ramsdell.

Hold Inspection of Partially Completed Meadowbrook JHS

More than 1,000 Newtonites will get their first opportunity to visit the community's partially completed $1,900,000 Meadowbrook Junior High School this Saturday, as a feature of the all day Country Fair sponsored by the Parent Teachers Association of the Oak Hill School.

Three tours of the modern brick and glass structure are scheduled for the day, starting at 11:30 a.m., 1:30 p.m. and 2:30 p.m. Serving as guides will be Superintendent of Schools Harold Gore, Leo A. Wexler, president of the Wexler Construction Company which is building the school and Howard Rich of Rich and Tucker Associates, designers of the new facility.

The Country Fair, which will be held on the grounds of the Oak Hill School, is the most ambitious fund-raising project ever attempted by the PTA. Open to the public, the fair will feature a gala variety of entertainment, amusements and games for the children including a fire engine and merry-go-round ride.

For the adults there will be exhibits and sales of baked goods, flowers and plants, bric a brac, candy and children's apparel.

A special program of music will be presented by the Weeks Junior High School Band.

All events are being conduct-

WABAN HERO DECORATED—Robert P. Mesmer, 18 Gould road, Waban, has the Soldier's Medal pinned on by Colonel Edwin M. Van Bibber, Chief of Massachusetts Military District, in a recent ceremony at Boston Army Base. Mr. Mesmer was decorated for his heroic action in saving a building from burning and spreading throughout the city during the great fire of 1953 in Pusan, Korea. (U. S. Army Photo)

Waban Hero Given 7th Highest Award of Nation

The nation's seventh highest decoration, the Soldier's Medal, was awarded to Robert P. Mesmer, 18 Gould road, Waban, recently in a ceremony held at the Boston Army Base.

Mr. Mesmer was cited for his heroic action in putting out a raging fire in Pusan, Korea in November 1953. With two companions, he entered a burning building which threatened to spread fire throughout the city and for two hours battled the flames amid falling debris and electric cables. The fire was finally subdued by puncturing a water tank and letting it drain onto the roof. It was estimated that one-sixth of Pusan was destroyed at this time and but for Mesmer's heroism the flames would have reached the rail yards and possibly destroyed the entire city.

Given originally in Korea, the medal was presented formally to Mesmer in the office of the Chief of the Massachusetts Military District, Colonel Edwin M. Van Bibber. Colonel Van Bibber reminded those present that the Soldier's Medal is the highest award presented for heroism not in actual combat with the enemy and is one of the most cherished.

Mr. Mesmer is currently employed as store manager for Mulryan Camera Inc., in Newtonville.

Plan to Use Newton Ctre Playground

Objections of Newton Centre residents to using a part of the Newton Centre Playground for a Mason-Rice School replacement will be heard at a public hearing Monday night in Newton City Hall.

The hearing, to be conducted by the Board of Aldermen, will be on a state law authorizing the city "to use for school purposes certain land held by it" on the playground beside Tyler terrace. At present the land is reserved exclusively for playground purposes.

Protests by "old-time residents" near the playground prompted the aldermen to call the hearing. At the last meeting of the board, Aldermen Winfield C. Anderson, Richard H. Lovell, and Stuart M. Spaulding said they had heard of much opposition by the playground's neighbors to the proposed School Department project.

A large delegation of Newton Centre residents — both those opposed to the playground site and those wishing replacement of the old Mason and Rice buildings as soon as possible — are expected to jam the aldermen's chambers Monday night.

The School Department has proposed erecting the new school following the general outline of the revolutionary addition to the Franklin School in West Newton. The Franklin addition — five-sided, partially demountable and "parasitic," depending upon the main school for utilities — has been hailed

weeks when church schools are not in operation. Over one hundred youngsters each year have availed themselves of the opportunity for organized study and play under competent professional guidance.

The Episcopal and Methodist Churches of Newton Centre and the Newton Highlands Congregational Church added their sponsorship a few years after the founding of the school. These churches, with voluntary contributions from other Newton churches, supported the project until the Newton Council of Churches, representing twenty-four churches of six denominations, took over its jurisdiction five years ago. Since 1950 it has been supported largely by the tuition fees, with additional needs being met by the Council.

The school during this time was directed by successive students from Andover-Newton Theological Seminary. In 1949, in order to preserve the continuity of purpose and program, Mr. Robert M. Mitchell was appointed director. He was succeeded by Mr. Anderson in 1954.

The school will be open five mornings a week from 9 to 12. Parents, or their representatives, are responsible for the children until 9 o'clock and immediately after noon. The classes will comprise six age groups taught by the following teachers:—three year olds Mrs. John Morganthau; four year olds, Miss Rose Pilibosian; five year olds, Mrs. L. Carlton Merrill; six year olds, Miss Hildreth Palmer; seven year olds, Miss Freda Stevens; eight year olds and over, Miss Alice Chinian.

The fees this year are as follows:—five dollars per week for one child; eight dollars for two children in a family; ten dollars for three children; and one dollar for each additional child. This sum includes a morning snack. A five dollar registration fee mailed to Mr. Harry V. Anderson, 91 Evergreen avenue, Auburndale 66, Massachusetts, will be credited for the first week. Registration blanks may be obtained from ministers or Church School superintendents. Classes are limited in size, particularly in the lower age group, so early registration is advised.

The school program this year, as in the past, will have a central religious theme. Because of the closely knit nature of the program, it is most beneficial for children to attend all four weeks; it is possible, however, for parents to register their children on a weekly basis. Newton offers an almost unique opportunity for religious education under professional guidance in beautiful surroundings.

by many school experts as a low-cost answer to rising construction costs.

The new Mason-Rice building is planned as a series of "clusters" of the five-sided units grouped around a central plant. Building regulations require that the new school be built of heavier, more expensive materials than the Franklin addition, but school authorities are seeking to have the regulations changed so that further economies can be made.

Other hearings slated Monday night are:

For Boston Edison pole and wire locations on Waverly avenue, Newton, 20 feet and 150 feet north of Sargent street.

Extend Mental Health Drive For 2 Weeks

Extension of the 1955 Massachusetts Mental Health Fund drive for another two weeks was announced yesterday by Augustus G. Means, state chairman of the campaign to fight mental illness and promote mental health.

In announcing the continuation of the $100,000 state drive for another fortnight, Chairman Means explained that only half of the goal has been realized.

"A final push is needed," he stated. "And I know residents of Massachusetts will not fail the 7,000 children who are patients in our mental institutions nor the 30,000 adults to whom we owe a moral responsibility.

"The public by contributing to this drive has within its power the opportunity to better the lives of these unfortunates," Means continued. "In certain instances, these victims, with the proper care and treatment, can even be restored to society.

"The answer to the problem of mental illness is the realization of the aims of the Mental Health Fund drive, namely, to train more psychiatrists; to set up mental health clinics; and to sponsor research," he concluded.

Conducted exclusively as a mail campaign, no house-to-house collection on behalf of the Mental Health Fund is planned.

"Due to lack of manpower, we must depend upon the public to mail contributions to the Mental Health Fund, care of the local postmaster," Means pointed out.

TELE-VIEWING THE NEWS

By LEE LOUMOS

One of these days a television producer will come up with a show called "Life's Embarrassing Moments" . . . and you can bet it'll win a lot of viewers, because we can all remember some embarrassing moments of our own.

You'd figure, for instance, that one of a TV serviceman's embarrassing moments would come when a customer called to say that his TV set went on the blink again . . . about 30 seconds after the serviceman went out the door. And sometimes the serviceman should be embarrassed . . . if the trouble was something present in the set when he serviced it, something he should have caught.

Actually, though, this kind of thing can happen (not often, that's for sure) even with careful service. A little power tube can be tested one moment and still show satisfactory performance . . . and a moment more of heat might cause it to give way. It's like a light bulb. One moment it gives you bright light for reading . . . and the next instant you're in the dark. A filament just burned out . . . and it can happen in a second, with no warning.

These things can happen . . . but you can bet your service dollar they won't happen often when we service your set. We'll go over it thoroughly, accurately, carefully. That way we avoid most of those "embarrassing moments" . . . and give you satisfaction.

Political Overtones

Carr, on the other hand, has adopted the attitude that he was the chairman, that no election could be called and that if any move were made for one, he would thwart it and rule it out of order. In effect, he has set himself up as a one-man committee.

During the first five months of this year, Carr has called one meeting of the State Committee, and he called that one last March on the same Saturday afternoon that the Burke adherents had scheduled a session in Springfield.

Paradoxically, Carr brought on Saturday's showdown meeting by resorting to court action in his attempts to avoid an election. This is what happened:

When the two sessions were held at the same time in Boston and Springfield last March, Burke was elected at the Springfield meeting, and Carr was given a vote of confidence at the conclave.

Democratic newspapers, visioning a knockdown brawl within the Democratic party, urged that a new meeting be held which all the committee members could attend and that a second election be held rather than have two chairmen claiming the same office.

Burke assented to that suggestion, but Carr refused to accept it. After waiting several weeks for Carr to call another meeting, Burke summoned the Springfield meeting back into session, explaining that it had been adjourned subject to the call of the chair.

He hired a hotel room in Boston and sent out notices to all the members. A few days before that conclave was due to be held, Carr filed a petition in the Supreme Court to block the session.

Burke engaged counsel and prepared to do legal battle. Democratic leaders, disturbed over the prospect of a court fight, appealed to Burke and Carr to withdraw from the courtroom and settle their differences in an election. Once again Burke yielded and withdrew his counter-suit, but Carr refused and went ahead with his action.

Carr had sought injunctions not only against Burke but also Mrs. Ida Lyons of Quincy, who had been elected secretary at the Springfield session, and when the matter finally came before Supreme Court Justice Edward A. Counihan, Jr., he called counsel into his chamber, and an agreement was made that a meeting and election will be held next Saturday.

As a result of his own court action, Carr in effect was told to do the very thing he was seeking to avoid—hold an election.

That is the stormy background of maneuvering and manipulation that has set the stage for next Saturday's session at the Parker House.

Carr declared some time ago that he would rule out of order any motion for an election that is made at Saturday's meeting. Legal authorities who have studied the Supreme Court agreement express the opinion that he would be in contempt of court, if he did so, but they also point out that such a ruling could be overturned by a majority vote of the assembled members.

Unless some maneuver can be executed which isn't apparent to this writer, Burke and Carr will match strength next Saturday afternoon to determine which will rule over the committee during the coming year. This observer's guess is that Carr has weakened his position substantially by his refusal to let the committee members settle their own affairs.

Two members of the Massachusetts Senate are likely prospects for serious consideration, when Republican leaders begin scanning the field of potential candidates who would add strength to the GOP State ticket next year.

They are Senators John Adams of Andover and Silvio O. Conte of Pittsfield.

The two men have outstanding personalities, make excellent appearances on the campaign platform, are talented speakers, hard workers and have excellent records.

Conte is one of the leading Italo-Americans in the Republican party. Adams bears the name of one of the nation's founding fathers, and his experience has indicated that it carries a certain amount of political magic.

They are two of the most promising young men coming up through the GOP who may be carrying their party's banner into State-wide battle in the not too distant future.

* * * *

Ex-Governor Paul A. Dever is going all-out in his effort to make next week's $100-a-plate Jackson-Jefferson dinner as big a success as similar events the Democratic party has staged in the past.

The dinner is being held much later in the year than is ordinarily the case. Originally scheduled for April, it was postponed until next week because of Dever's siege of pneumonia, following the sudden death of his younger brother.

It is always more difficult to promote the $100 banquet, when the Democrats are out of power, but Dever is striving to surmount that handicap, and the indications are that he is succeeding through the force of his own personality and popularity.

During last autumn's gubernatorial campaign, Dever told a television audience that he was transferring his mantle as titular leader of the Democratic party in Massachusetts to Robert F. Murphy of Malden who at that time was the Democratic candidate for Governor.

Dever may have shifted the cloak of leadership to Murphy then but it is evident that circumstances following Murphy's defeat last November have caused him to put it on again.

* * * *

Present estimates are that the State Legislature will be in session at least until the middle or latter part of July, and some State House observers now believe that the proceedings will run into August.

Although the two bodies have been conducting long, tendious sessions, frequently extending into the night, in order to keep abreast of their schedules, the House and Senate have a vast amount of work still ahead of them, including the highly controversial cash-sickness and minimum wage issues.

Probably the biggest battle of all will come on the question of renewing the present temporary taxes or of substituting new ones in the event that the levies scheduled to expire June 30 are not all extended.

The paramount reason, of course, for the length of the current session is the repeated conflicts which develop between the Republican-controlled Senate and the Democratic dominated House.

A measure frequently is passed in the House and then amended in the Senate. That means it must be sent back to the House for concurrence in the amendment, and often a time-consuming squabble occurs over the amendment.

The Senate also has been a rather sturdy buffer for Governor Herter in killing off or revising measures which he does not wish to have reach his desk.

It used to be the practice a few years ago for editorial writers to start sending up demands at this time of year that the legislators wind up their affairs and prorogue.

The fact, of course, is that the persons most anxious to see the legislative session come to a close are the lawmakers themselves and that they are forced to remain in session as long as they do because of the tremendous number of measures filed for their consideration.

Bad laws also have been passed in the prorogation rush, and the realization has gradually grown that it is better for the legislators to remain in session as long as necessary for the orderly conduct of their business.

All Must Do Their Part in Making Peace Become Reality

Address of Senator Leverett Saltonstall at the Memorial Day Exercises, City of Newton, G.A.R. Memorial, Newton Cemetery.

You have just heard Lincoln's Gettysburg Address beauti
recited. In it are those si
cant words: "The world will little note nor long remember what we say here, but it will never forget what they did here."

On this Memorial Day in 1955 we can well recall those words and apply them to ourselves. In this time of tension in which we live, we must have faith in the future, confidence in ourselves and optimism not only as to what we say, but in what we do to justify that faith, that confidence and that optimism And we each have a job to do and action to take no matter how humble it may seem to be.

We are proud that we are citizens of the country that is the acknowledged leader of the free nations of the world. We recognize that under our system of life we all have duties and responsibilities for carrying on the government of our country. Our way of life will not succeeed if we sit back in our easy chairs at home and say: "Let George do it." Our country will not go forward if we stand on the street corners in idle gossip to criticize and condemn those who are carrying forward the work that must be done for our security. The men whose memory we honor today were men of courage, steadfastness, determination and action.

We all want peace. We all want greater security and thus greater opportunity for ourselves and our children in the days to come. But, security and peace will not just come at our bidding. They will only come if each of us is determined to do his and her part in making security and peace a reality in the United States and throughout the world.

In the realm of diplomacy, we have over this past year seen our cause move forward in the accomplishment of peace treaties and mutual defense agreements long considered but now finally acted upon. In Trieste, in Turkey, in Egypt, in Germany, more lately in Austria, in the Far East, in the Philippines, and in Formosa — we have learned of the signing of these agreements. But those treaties are of little value if we do not do our part in carrying them out.

This means that our boys in the services must strengthen the hands of our diplomats. They cannot do their part if they are not prepared and properly trained so as to be ready when called upon. We must provide our boys with the best of modern weapons. Neither the training of the pilot nor the building of the plane is accomplished overnight, nor can they come about if you and I sit in a rocking chair at home and just criticize those who are working.

So on this Memorial Day in 1955 as we stand beside this monument dedicated to those we love who gave their all, we want to renew our faith in ourselves, our confidence in our abilities, and our spirit of optimism that by our actions and by our deeds — not just by talking or thinking — we can continue to go forward in this country to greater opportunities of security and peace. In this way we will do our part in defending and securing what they "have thus so nobly advanced."

--- Spotlight on Weeks ---

Council Election

"Will the first Weeks Council meeting of this year please come to order!" Heading the government of Weeks is a full-time job for the executive board. During May, the seventh and eighth graders, who will be at Weeks next year, elected new officers of the Council.

All the divisions voted by secret ballot in their English and social studies rooms. The semi-finals left two candidates for each office and three for treasurer. The finals determined next year's Council officers to be Hal Cohen, president, Judy Arnold, vice president, Marilyn Saltz, secretary, and, after a run-off between two tied candidates, Robert Aghabadian, treasurer.

By Eddie Bayard.

The following article was taken from the May issue of "Spotlight:"

Expedition To Taunton

"On Saturday, May 7th, Mr. Garofoli took four representatives of the Weeks Latin Club to the annual convention of the Massachusetts Junior Classical League.

We met, along with fifty representatives from other schools, in the Taunton High School library at 10:00 for a business meeting. An election of officers for next year was held and a representative from Weeks, Margorie Brown, tied for Vice-President, but lost in the recount.

At 11:00 we met in the auditorium and heard about what some other Latin Clubs had been doing. Then we saw a very interesting film called "The Romance of Silver Design," which showed how patterns of silver reflect the moods and feelings of the times in which they are made.

After lunch, we were treated to an hour long program which was concerned with Latin and Rome. We saw a Roman installation of officers, a quiz program on Rome, and "Little Red Ridinghood" in Latin.

At 4:00 we returned home with many ideas for our own Latin Club and having had a very enjoyable experience."

Mr. George W. Havens Marries Miss Joan M. Connelly in Belmont

Mr. and Mrs. George William Havens (Joan Mary Connelly) will be at home on the North Shore when they return from their wedding trip to Bermuda. The marriage of the daughter of Mr. and Mrs. James Francis Connelly of Belmont and Mr. Havens, son of Mrs. George Milton Havens of Newton and the late Mr. Havens, took place last Saturday at an 11 o'clock ceremony in St. Joseph's Church, Belmont. A garden reception followed at the home of the bride's parents.

The bride, given in marriage by her father, wore an Elizabethn style gown of white Chantilly lace over taffeta with a hoop skirt which ended in a cathedral train. With her orange blossom crown and French illusion finger-tip veil, she carried a cascade of lilies-of-the-valley and orchids.

The maid-of-honor, Miss Julia Hennessey of Newton, wore an aqua dotted swiss over matching taffeta with a full skirt and wide cumberbund. With her large-brimmed Leghorn picture hat, she carried an old-fashioned bouquet of yellow marguerited and blue deiphiniums. Miss Judy Hennessey of Newton and Miss Mary Elizabeth Burns of Brighton, the bridesmaids, wore similar gowns of paler blue and carried old-fashioned bouquets of white and yellow marguerites.

Richard H. Havens of Brookline was best man. The ushers were Dr. Thomas J. Giblin, Jr., of Boston; Richard F. Brown of Brookline, Donald J. Ryan of Belmont and Francis T. Burns, Jr., of Cambridge.

The bride studied at Newton Country Day School of the Sacred Heart and graduated from Newton College of the Sacred Heart. Her husband is a graduate of Boston University.

David Altschuler, son of Mr. and Mrs. Harry Altschuler of Lorain, Ohio. The bride, a graduate of the Brimmer-May School in Boston, Mass., attended the Ohio State University where she was a member of the Sigma Delta Tau Sorority. Lt. Altschuler graduated from Ohio State University, cum laude, where he was a member of Zeta Beta Tau fraternity. He also attended the law school of Yale University. Miss Edna Hibel to Be Guest of Sisterhood Temple Reyim Wednesday

Next Wednesday, Sisterhood Temple Reyim will celebrate their third birthday at their opening meeting. It will be conducted by the newly installed officers. Rabbi Harold D. Kastle will deliver the opening prayer.

Miss Edna Hibel will be the guest of the evening, and a varied collection of her paintings will be shown. Her paintings have been acquired by the Boston Museum of Fine Arts and the Norton Gallery. She has also been represented by exhibitions of single works at the Chicago Art Institute, The Massachusetts School of Art, the Vose Galleries, the John Levy Galleries, The Boston Institute of Modern Art, the Philadelphia Water Color Society, and the Boston Museum of Fine Arts.

She studied at the Boston Museum of Fine Arts School and under the teachings of Eliot O'Hara, Karl Zerbe, and Jacovleff. In 1939 the Museum offered her a European Scholarship but the outbreak of War changed the locale to Mexico — which indeed was a most fortunate change of plans. During her stay she came to know the Mexican people as Diego Rivera knows them and gained a thorough understanding of their simple ways. She brought back to Boston an eloquent record of the trip in an entirely new medium — oil on paper. It is a medium ideally suited to her individual expression.

It is interesting to know that she is married, the mother of three boys, 4, 7, and 13. While leading an active social life, she still has time to produce an abundance of paintings from watercolor sketches to large oils. She is recognized by the portraits of young Mexican children for which she is perhaps best known. Her interests range far beyond this, as can be seen in the drawings of dancers, imaginative figure compositions, portrait commissions and an occasional landscape.

Mrs. Israel Arnold will give a full year's report on the accomplishments of the Inter-Faith Council.

There will be an election for Treasurer and for a Board Member.

Refreshments will be served and guests are invited to attend.

Miss Helen Tolman Becomes Bride Of James P. Lee of New Canaan, Conn.

A reception at the Brae Burn Country Club followed the 4:30 ceremony Saturday in Union Church, Waban, when Miss Helen Lee Tolman, debutant daughter of Mr. and Mrs. Gilbert Tolman, Jr., of Waban and Nantucket, became the bride of James Porter Lee of New Canaan, Connecticut. The Rev. Joseph C. MacDonald officiated as the bride's father gave her in marriage. The bridegroom is the son of Mr. and Mrs. C. Edgar Lee of New Canaan, Connecticut.

Heirloom rose point lace and crystal beads trimmed the portrait neckline of the short sleeved ivory silk taffeta bridal gown, a modern version of her grandmother's wedding dress. The fitted skirt, appliqued with rose point lace, ended in a chapel train. With her mantilla veil of matching heirloom lace, the bride carried peruvian lilies and phalaenopsis orchids.

Miss Shirley Mims of Needham, the maid of honor, wore a bouffant waltz-length gown of light green taffeta and carried lilies and yellow roses. The honorary matron of honor was Mrs. Philips S. Peter of Miami Beach, Florida. Wearing gowns identical to the maid of honor were the bridesmaids: Miss Suzanne Bernet of Shaker Heights, Ohio; Miss Suzanne Bond of Cazenovia, New York; Miss Catherine Brown of Springfield, Illinois; Miss Katherine Lyon of Akron, Ohio; Mrs. Bruce A. Mansfield of Newtonville and Miss Janet Perdun of Wilton, Connecticut.

The best man was Robert N. Rose, Jr., of New Canaan, Connecticut. Ushers were John Bryan Mims of Needham; Stephen Porter Andrews of Darien, Connecticut; Albert M. Van Wagenen, 3rd, of Groton Long Point, Connecticut; Nicholas F. Lenssen, 2nd of Darien, Connecticut; James M. Dodge, 3rd, of Pound Ridge, New York and Robert R. Evans of Oklahoma City, Oklahoma.

The second half of the program will feature Mozart's comic opera, The Impresario, starring Mariquita Moll, Lawrence Avery and Evelyn Lear of the Metropolitan Opera Company.
Gian-Carlo Menotti's double feature, The Telephone and The Medium will add another operatic touch to the Wellesley Series on December 12. Ever since Menotti's Amahl and the Night Visitors was presented on television several years ago, these operas in English have grown increasingly popular. Marie Powers will star in her original role in The Medium in the Wellesley concert.

Third Concert Features Pianist

Monique de la Bruchollerie, the first woman pianist to appear at Alumnae Hall in many years, will be the guest artist of the third concert on February 29. Trained in France under Phillippe, she has appeared with the Boston Symphony and the New York Philharmonic Orchestras.
The final program of the season, on April 25, will feature the well-known violist, William Primrose. Since his first appearance at Wellesley in 1948, there has been a large demand for his return.
Tickets for the season range from $11.00 to $6.60 and may be purchased at the Concert Series Office in Billings Hall. The office is open from 10:30-12:30, and from 1:30-3:30, Monday through Friday.

Newtonians

Miss Maureen Bothwell, 35 Morrill street, West Newton; Miss Jane Lynch, 1184 Washington street, Auburndale; and Miss Rita Tejeiro, 74 Mary Ellen road, Waban, were among the performers in "Fantasia," the annual swim show produced by the advanced swimmers of the Boston YWCA last week.

Three clubs participated in the show, Aquateens, Mermatrons and Swimphonics, the exhibition group at the YWCA.

Marine Corps Has Openings For Women

The U. S. Marine Corps Recruiting Station in Boston has announced that there is no waiting list at the present time for women who desire to enlist in the U. S. Marine Corps.

The U. S. Marine Corps offers women who meet the physical and mental qualifications opportunities in 26 occupational fields such as Aviation, Administration, Communications, Supply, Motor Transport, Photography, Disbursing and others.

Recruits undergo eight weeks of basic training at Parris Island, S. C. Subjects in which they are tutored are: Military customs and courtesies, Marine Corps history, military drill, physical training, personal hygine, Marine Corps administration and the uniform code of military justice.

Upon completion of boot training and prior to being assigned to a permanent station, they are granted a 10 day leave.

The enlistment requirements for Women Marines are that they be between the ages of 18 to 30 inclusive, if under 21 years of age they must have their parents consent, single at the time of entry into service, a high school graduate or pass the high school equivalency test.

For further information about the Women Marines see your Marine Recruiter located in the Post Office Building in Boston, Mass., or call LIberty 2-5600 Ext. 218 or 219.

Vet Notes

Parents of veterans who died in the service or from service-connected causes may be entitled to monthly compensation payments from the Veterans Administration amounting to $75 for one surviving parent, or $40 each for two parents living apart, according to George Ryan of VA's Malden Office.

He explained that VA defines a dependent parent as one whose financial picture is so unfavorable as to make assistance necessary. To establish eligibility, VA must analyze the parent's income from all sources, expenses and estate, to see if all three factors indicate a need for assistance to maintain a reasonably comfortable way of life without incurring debt.

The Hard Way

"Pilot to control tower! Pilot to control tower, I'm coming in. Please give me landing instructions."

"Control tower to pilot! Control tower to pilot! Why are you yelling so loud?"

"Pilot to control tower! I don't have a radio!"

Edison Income Up For 1st Quarter

President Thomas G. Dignan of Boston Edison Company reports that the Company's net income for the first quarter of 1955 was $3,020,776, or $1.11 a share, as compared with net income of $2,818,510 or $1.04 a share, for the first quarter of 1954.

Dignan also reports that the Company is planning capital expenditures of approximately $22,000,000 in 1955 in anticipation of increasing demands for electricity. Construction is going forward at Mystic Station in Everett on a new generating unit of 140,000 kilowatts capability. This unit will be completed in 1957. The Company is also constructing two underground 110,000-volt cables between Mystic Station and a new transmission substation now nearing completion in Brighton.

Coal, first discovered by Europeans in South Africa in 1699, is now more important than diamonds, production in 1953 totaling 30,500,000 tons. Since the first mines were opened in 1864, production has amounted to 760,000,000 tons.

POLITICAL OVERTONES

Court Action Will Decide the Winner in the Fight For Chairman of the State Democratic Committee

The recent meeting of the Massachusetts Democratic State Committee was the most uproarious and disgraceful affair this writer has witnessed in more than two decades of political reporting. Yet, it probably caused no lasting damage except upon the nervous systems of those who attended it.

Men and women, who normally are quiet, courteous, well mannered and good neighbors, shouted and screamed and at several times appeared to be on the very verge of a full-size riot. Perhaps the most surprising aspect to the entire session was that the hotel management didn't summon the police and order them out into the street.

The story behind the furious row was that one side was trying to engineer a political coup and that the opposing group was creating a bedlam in an attempt to prevent them from doing so.

In all probability, the members of both factions will sit down in an air of harmony tonight at the annual fund-raising Jefferson-Jackson dinner and hail the Democratic attacks upon the mutual enemy, the Republicans.

Missionaries Sail For India Today

Dr. and Mrs. Hale Henry Cook, of Boston, Congregational Christian medical missionaries who are special representatives in India of the Second Church of Newton, (Congregational) are sailing back to Satara on the S.S. Columbia, from Quebec today (Thursday). With them are their four children, Stephen Hale, Timothy, Martha Elsa and Miriam.

The Cooks will spend some time in Sweden, Mrs. Cook's home, enroute to Satara, India, where Dr. Cook will develop among the Marathas a public health program including infant and child welfare, a small maternity hospital and roadside clinics for the treatment of leprosy.

DR. HALE H. COOK

During his first term of service under the American Board of Commissioners for Foreign Missions which began in 1947, Dr. Cook was Medical Superintendent of Pierce Memorial Hospital in Wai, on the Krishna river, and to this Christian house of healing come patients of all creeds and races, many traveling by bus, bullock cart or onfoot to receive treatment.

In line with the basic principles on which the American Board works the aim at the Wai hospital was to develop adequate Christian Indian professional leadership so that the hospital would be fully Indianized and carried on by Indian personnel. This goal now has been reached and Dr. Cook returns to aid in further work for India at Satara.

Born in Boston, the son and grandson of doctors, Dr. Cook is also an ordained minister. He is a graduate of Cornell University (1938); Harvard Medical School (1942); Hartford Seminary Foundation (1947). This furlough he has done graduate work in public health at Harvard University School of Public Health and

Nonatum Library Branch Authorized

A $100,000 bond issue to finance construction of a new branch library in Nonantum on the site of the present fire station at Bridge and Watertown streets was authorized Monday night by the aldermen.

Also voted was $4500 for plans and preliminary expenses on the condition that the library be located on the fire station property and no place else. This station is scheduled to be replaced shortly with a new structure nearing completion at Crafts and Watertown streets, Newtonville.

According to Alderman Stuart M. Spaulding, the library will be of brick construction with 18,000 square feet of space on the first floor. A community hall, seating more than 100 persons will be located in the basement. An entrance will be provided to the rear of the building in the event an off-street parking lot is constructed there in the future.

A drain and sewer project to serve the proposed Stop & Shop supermarket on the Worcester turnpike and nearby homes on Florence street and Louise road was voted at a total cost of $87,000. The project was approved on the provision that $20,750 of the total cost be placed on deposit by those affected before the work starts.

Construction of Starr road, West Newton, for $14,500 was approved, and a $9300 drain and sewer project on Allen avenue, Waban. A sidewalk was voted partway from Walnut street to the Beethoven School, Waban, with curbing the rest of the way, at $7500.

Pensions were approved for two 30-year city employees, Clarence H. Hosmer, who is retiring from the Buildings Department, and Edward Flynn, who is retiring from the Street Department.

Orders establishing the date of the city election in November and setting up the election machinery were adopted. This includes a pay schedule of $17 for wardens and clerks, $14 for inspectors and $6 for counters.

The aldermen voted $9500 for the 1955 session of Newton High's Summer School, but it was pointed out that this money will be returned through tuition charges.

Mason-Rice Hearing

Aldermen Delay Vote on Site Until Conference with Mayor

More than 300 persons overflowed the aldermen's chambers at Newton City Hall Monday night to rgue the pros and cons of replacing the Mason and Rice Schools with a new building on Pleasant street and part of the Newton Centre playground.

A count of hands, with one vote to a piece of property, revealed 116 in favor of changing the use of the land from playground to school, while 21 were opposed. The opposition was based on choice of the playground site, little argument was given to the need of a new school.

Following the hearing, Alderman Winfield C. Anderson sought to have the land change come to a vote, but the move was tabled until the next meeting of the aldermen June 27 to allow for conferences with the mayor and with school officials.

Need for replacement of the Mason and Rice Schools was explained by School Committee members Haskell R. Freedman and Francis B. Frazier, who pointed out that the new site was selected more than five years ago.

The two buildings, which together house the first six grades, are considered "not good fire risks" by the parents, said Frazier. The schools are especially dangerous, he pointed out, because of the youth of the pupils.

Freedman termed the Mason School location on an "island" in the middle of Newton Centre Square "the most hazardous in the city." He stated that "a new school building is an asset" to whatever part of the community in which it is built.

Lending the support of their organizations to the plea for using part of the playground for the project were Robert Clinton of the Newton Centre Businessmen's Association, Thomas P. DeWan of the Newton Centre Improvement Association, and Walter Dietz of the Mason-Rice Parent-Teacher Association.

Rev. Nathaniel M. Guptil, minister of the First Church, which abuts the playground, attempted to answer the main objection to the change by declaring there was "no moral distinction between school and recreation uses."

Opponents of the measure, however, felt that placement of the school on the playground was a violation of the agree-

Charles F. Hovey of 190 Chestnut Hill road, Chestnut Hill, was elected to the Board of Aldermen Monday night to fill the vacancy caused by last month's resignation of Lawrence B. Damon.

Hovey, who has lived in Newton since 1912, was nominated to Damon's vacant post by Alderman William P. Ripley, and the choice was seconded by Hirsh Sharf. He was then formally elected by a 19-0 vote.

Following the vote, the new alderman was sworn in by City Clerk Monte G. Basbas. Hovey was promptly assigned to work on the Franchises and Licenses, Public Buildings and Legislative Committees, but was excused from voting on any of the matters before the board.

TO THE BUSINESSMEN OF NEWTON
My attention has been called to the fact that during the past week someone has been asking for donations in Newton to aid the City Employees and their union.
Our union, City of Newton Employees Local 800 AFL, American Federation of State, County and Municipal Employees, in no way sanctioned this collection. We are an organization of over 450 dues-paying members.
The officers and members of this local very strongly urge the business men of Newton not to give anything to whoever approaches them. Our organization is supported by its members, and the officers of Local 800 wish it to be known that, through no fault of theirs, they are very sorry to be put in the wrong light with the business men of Newton.
Respectfully yours,

Boston Jewish Community Council. Among her many citations, Judge Barron received the Alumni Medal from Boston University "for distinguished public service." Just recently, Mrs. Barron was chosen for honorary membership into Lambda Chapter of Delta Kappa Gamma, national honorary educational organization. Selection was made "for work beyond the courtroom, for rehabilitation, and for community and civic service."

Judge Barron has presided over many famous cases and she is known for her wisdom, her humanity and her fairness. The people who come before her are never "cases;" they are human beings, some bad and some unfortunate. She has set many a wayward soul on the right path.

In the event of bad weather, the exercises will be rescheduled for the same hour on Sunday. About 5000 parents and friends of the graduates are expected to attend.

After the concert, the 775 graduates will march from the school buildings to their seats at the center of the stadium to the traditional strains of Elgar's "Pomp and Circumstances" march.

The invocation will be delivered by Eric S. Waller, Methodist lay preacher from Cowes, England, who taught this year at Newton High on an exchange program. The class gift will then be presented by Jayne Crosby, president of the senior class.

The winner of the Charles D. Meserve Fund Scholarship, founded by alumni and students in memory of a beloved teacher, will be announced by George D. Arnold, a member of the Class of 1923.

Two musical selections — including "With the Lord in Our Corner," which was composed by Henry Lasker, a member of the Newton High faculty—will be followed by Judge Barron's address. She will be introduced by Supt. of Schools Harold B. Gores.

Principal Leo M. Barry will announce various awards and prizes, and will present the Dickinson Memorial Athletic Cup. This award, offered by the Massachusetts Coaches Association in memory of former teacher-coach Alfred W. Dickinson, is given to the senior boy who has shown the greatest improvement in athletics through cooperation, team play and sportsmanship.

Also to be awarded is the William E. Connors Memorial, which is presented to the senior boy who exemplifies outstanding spirit by placing the team above himself. This is sponsored by the Newton Coaches Association in memory of a former member of the high school athletic staff.

Senior Cups, awarded to a boy and a girl for outstanding character, service, leadership and scholarship, will be given by Mayor Howard Whitmore, Jr., a member of the Class of 1924 and president of the Newton High School Alumni Association.

Diplomas and certificates will be officially given out by Henry W. Keyes, chairman of the Newton School Committee, Director James Forbes of Newton Technical-Vocational High School, Supt. Gores and Principal Barry.

The program will close with benediction and the playing of "America, the Beautiful" as the graduates return to the school gymnasium. Text to this famous anthem was written by Katherine Lee Bates of the Class of 1876.

Awards and scholarships to be announced at graduation include:

Second Shots Of Vaccine Doubtful Now

There is only a "faint possibility" that Newton children will receive the second series of polio vaccine inoculations, states Dr. Henry W. Godfrey, Newton Public Health Director.

Tentative plans have been made to start giving shots today or Monday, June 13, but the vaccine released so far has been allocated to the south. If the shots are not given in June, said Dr. Godfrey, they cannot be administered until October. This would be too late because the polio season in Newton is August and September, he added.

Dr. Godfrey went on to say, "It would be impossible to call back pupils for Salk polio inoculations after school closes." According to the state health authorities at least 90 per cent of the Newton students who received the first shots must agree to be in the city for the second. The great number of families which leave Newton for summer homes makes this impossible.

The city is morally—if not legally—obligated to keep the land as a playground, argued Walter J. Kreske of 50 Tyler terrace and former alderman Sermon Holt Jr. of 45 Pleasant street, both of whom live close by the proposed site.

Kreske said the land was given to the city in 1945 for recreational purposes, but "it would be another matter" if the city had to pay the worth of the property — estimated at $100,000 — for the school site.

He also objected to the "package deal," which includes sale of the Mason School to business interests as part of the project. Three bids have been entered on the property, he explained. Two are for five story buildings with one floor of stores and four of apartments, while the third is for a four-story building with a bottom floor of stores, one floor of business offices and two floors of apartments.

"Placing an apartment building here," said Kreske, "is the first step iin changing the character of Newton Centre Square."

He drew a chorus of protest from the overflow crowd when he objected to use of the schools in "disseminating propaganda" for the project. Kreske claimed his child came home with a petition and said he would be ment under which the city accepted the land.

"docked a star" unless the petition was signed by Kreske.

Holt agreed "It would appear that a new school is badly needed," but termed Pleasant street "probably the most impossible street" for children to pass over on their way to school "in this or any other city." Traffic was always dangerous on the road, he stated, and the hazards have increased "a thousand times" since erection of nearby off-street parking lots.

He also argued that the clause in the deed turning over the land for recreational purposes was "just as valid today as it was then."

Later in the evening, Alderman Anderson asked for a vote on changing the use of the land, declaring that delays were putting the city "in a bad light." He pointed out that Newton had asked the state legislature for fast action in allowing the city to switch from recreational to school purposes, but failure to make the change quickly on the municipal level was "injuring Newton's prestige."

Alderman Richard H. Lovell objected on the grounds that the aldermen should act so soon after the hearing. By accepting the state law which permits the change in use of the land, the board would, in effect, approve the entire project, he said.

"I don't think we need a new school," Lovell stated. "If we need this new school, then we need a lot of other new schools." He said approval of the project would be "yielding to a high-pressure campaign."

Lovell continued, "If we accept this, we are giving a new school to the people who yell the loudest." He admitted that the Rice School was a separate problem, since that building was really out-of-date.

The proposed building, he declared, would not be a 500,000 school as outlined by the School Committee, but would amount to a million dollars "and perhaps more, as past experience has shown."

Wendell R. Bauckman, president of the board, also urged delaying the vote. He said the aldermen have not yet heard "the full story" on the program for replacing the school with the Newton Centre playground building, and said the board should wait until a complete program is available.

On the motion of Alderman William M. Powers, the matter was tabled until the next meeting by a 14-5 vote. Those in favor of voting Monday night were Aldermen Anderson, William R. Mattson, John P. Nixon, William P. Ripley and Hirsh Sharf.

Political Overtones

(Continued from Page 1)

What would have happened if William H. Burke, Jr., of Hatfield and John C. Carr of Medford, opponents in a four-months running fight, had matched strength in a fair, well conducted election is a matter of conjecture. The likelihood is that Burke would have won. That impression is bolstered by the fact that Carr went to such lengths to avoid an election that would have resolved any doubt as to who should run the Democratic State organization.

This is the explanation for the furious and disorderly meeting which was climaxed when Carr and his supporters staged their walkout.

Carr and eight of his top supporters sat down at a secret conference a week ago tonight and worked out an ingenious plan of operations designed to prevent any election in which Burke would be a candidate for the chairmanship.

To understand the background, it must be realized that at the start of Saturday's meeting Burke was not legally a member of the State Committee, and he had to become a member before he would be eligible to seek election to the chairmanship. The Carr adherents blocked out their strategy to take advantage of that important point.

It was decided that early in the meeting, before Burke attained membership in the committee, the Carr group would move for an election of officers. If that motion prevailed, Burke would be out of the picture. If it were defeated, there would be no election. At least that's how the Carr strategy-planners figured it out.

One incongruous phase of their scheme was that Carr was supposed to rule the motion for an election out of order. That was somewhat inconsistent for two reasons: 1. It was to Carr's advantage that an election be held at that point. 2. A Supreme Court agreement to which Carr was a party specified that an election should be held, and while it technically didn't say when it should be held, it implied that it should be after resignations had been accepted and vacancies filled, in other words, after Burke had an opportunity to become a member of the committee.

News of the plan the Carr faction had worked out leaked out on Friday as a result of some poorly timed boasting by members of that group, and the Burke forces decided the only weapon they had to use against it was their lung power.

Whenever one of the Carr supporters arose to make a motion that was part of the preconceived plan, he was drowned out in a din of noisy, unruly objections. Whatever may be said for the tactics employed by the Burke backers, they felt it was their only chance to force an election.

The meeting could have been quieted down and kept under control, if a motion by Bernard F. Cleary of Taunton that the State Committee follow the Supreme Court agreement had been followed.

When that suggestion was ruled out of order by Carr as well as a second one that the committee accept resignations and fill vacancies, bedlam broke loose.

A strange sidelight to the situation is that the fight between Carr and Burke seemed very close just before last Saturday's meeting. Carr had pretty nearly an even chance of retaining the chairmanship, if an election had been held then, and he had better than an even chance, if he had held one last March, when Democratic leaders proposed that he do so.

Carr, however, weakened himself considerably by expending so much energy fighting off an election which he might have won, if he had held it at the right time.

While the Burke-Carr battle is awaiting final court settlement, as this is written, there does not appear to be much doubt that Burke was legally elected on Saturday and that Carr was not within his legal rights in declaring the meeting adjourned and stomping out of the room without allowing the members to vote on the question of adjournment.

One widespread rumor in connection with Burke's election should be contradicted. That is that there is a close tieup between Burke and Councillor Patrick J. McDonough and that Burke sought the chairmanship so that he could aid McDonough's gubernatorial campaign. That is not the fact.

Burke did support McDonough at last June's Democratic State convention, and he was instrumental in lining up a sizeable number of delegates from Western Massachusetts. But when the fight started between Burke and Carr, splitting the Democratic party into opposing factions, McDonough adopted a hands-off attitude, remained neutral and concentrated on working with ex-Governor Dever on plans for tonight's Jefferson-Jackson dinner.

Dever Quietly Backing Furcolo for Gov.

Former Governor Paul A. Dever repeatedly has made it plain that he never will run for public office of any kind and that he has waged his last campaign as a candidate.

He explains that the reason he did so much work in promoting tonight's $100-a-plate Jefferson-Jackson dinner is because of the debt he considers he owes to the Democratic party which twice elected him Governor and three times chose him Attorney General.

In his self-assumed role as elder statesman, Dever is still the most influential man in the Democratic party in Massachusetts and probably will continue to be until the State again elects a Democratic Governor.

It is interesting to note that the man Dever at this stage is quietly backing for the Democratic gubernatorial endorsement in 1956 is former State Treasurer Foster Furcolo who lost a close race to Senator Leverett Saltonstall last November.

Whether Dever can steer next year's Democratic State convention to the same extent that he did the one held just about a year ago remains to be seen, but there is no question that with his backing Furcolo will be a formidable contender.

The only one in the field against Furcolo at present is Governor's Councillor Patrick J. McDonough of Dorchester, although friends of Robert F. Murphy, last year Democratic gubernatorial nominee, declare that he may seek his party's nomination a second time.

It is possible that this line-up may continue right down to convention time next spring. There are few other Democratic prospects in sight. Boston's Mayor John B. Hynes has declared that he will not under any circumstances be a candidate for Governor next year. District Attorney Garrett H. Byrne is concentrating on his job as Suffolk County's prosecutor and making a very impressive record in the process of doing so. He does not act like a person who has any intention of seeking a place on the Democratic State ticket.

That would leave McDonough, Furcolo and possibly Murphy, with the likelihood of one or two darkhorse contestants of the stamp of Thomas H. Buckley of Abington.

In that setup McDonough would be extremely strong and probably the favorite. He battled Murphy right down to the wire for the gubernatorial nod at the 1954 convention and led on the first three ballots, despite the fact that Dever was pulling the strings for Murphy behind the scenes.

Murphy and Furcolo were both losing candidates in last autumn's election, and there is a general disposition on the part of politicians to turn to someone who has not made an unsuccessful campaign.

Furcolo's row at the height of last fall's campaign, the backlash of which probably hurt Murphy more than it did Furcolo, also would be likely to militate against him at a convention.

It's too early, of course, to make even a long-range forecast, but even now the fight for the right to run as the Democratic candidate for Governor in Massachusetts in 1956 is beginning to take form.

While the furious battle for the chairmanship of the Democratic State Committee has been exploding with ear-splitting detonations for everyone to hear, see and read about, the friction in high Republican councils has been quietly covered up, although it is still simmering under the surface.

Top GOP figures, who try to control their party's purse strings, have not given up their hope of ousting Elmer C. Nelson as head of the Republican State Committee.

The Republicans don't wage their family quarrels in the same riotous and uproarious manner as do the Democrats, but the curious fact is that if Nelson is fired, it probably would do much more harm to the GOP cause than the Carr-Burke battle has done within the Democratic party.

The Democrats can beat each other over the heads with clubs one week and then sit down together at a harmony dinner the next week. But when the Republicans become involved in intra-party disputes, it frequently opens feuds that persist for years.

RANDOM CLIPPINGS

Bruno V. Berg was told last week by a Minneapolis judge either to get a crew haircut or quit driving. That effect was issued after police reported that Berg's car was swerving from one side of the street to the other, with Berg sitting in the driver's seat combing his hair with both hands while his wife held the steering wheel. Berg explained to a traffic court judge that his hair kept falling down over his eyes.

Isaak Jones, 27, of Lexington, Ky., had a logical answer, when he was asked in court how he happened to crash into another automobile. Said he thoughtfully: "I probably got too close to it."

A novel case of highjacking was reported in Spartanburg, S. C., after thieves jacked up 37 box car wheels on a railroad siding and stole journal brass fittings valued at $240.

Police in Evansville, Ind., arrested Lawrence L. Edwards on a burglary charge after they found him asleep in an office, with one end of a screwdriver wedged into a cash box and the other gripped in his hand.

What's In A Surname

The Surname of Cook

By Gordon B. Hawes

A family bearing the surname of Cook have recorded as their arms, a shield described quarterly, purpura (purple)) and argent (white) in sinister chief a horseshoe. This shield is recorded in the roll of arms of the county of Bedford in England.

This name is of old English origin, and it was given to persons that occupied the position of cook in the kitchen of some feudal lord. This surname served as means of identification during the census taking periods of Middlel Ages. It also recognized the early bearers trade or profession, and in a sense advertised the man's qualities.

The surname of Cook has played an important role in the history of our civilization. Captain James Cook was the man responsible for opening door of the Hawaiian Islands trade with the west. Today, Captain Cook's former Sandwich Islands are very valuable pieces of territory belonging to the United States of America.

Later, he also took over the photo department, one of the largest in American industry, and subsequently did more and more commercial and public relations photography and art work.

Mr. Ellis is an active free-lance writer for leading photographic magazines and trade journals. He is an associate of the Photographic Society of America, a past president of the Boston Camera Club and of the New England Council of Camera Clubs, and a New England representative of the P.S.A. Last Saturday the boys received a preliminary safety okay from Donald C. Appearing for the inspection were Bruce Swanson, 12, of 271 Crafts street, Newtonville; Sam Appell, 13, of 170 Fuller street, West Newton; Albert Raymond, Jr., 12, of 124 Boyd street, Newton; and Joel Finley, 12, of 82 Paulson road, Waban.

Original Dance Revue Held By Vivian Bold Studio Students

VIVIAN BOLD

The Students of the Vivian Bold Dance Studio will be presented in an original dance revue, "Ricky's Reverie," on Friday, June 10th, at 8:00 p. m., at the Newton Centre Woman's Club. One of the features of the show, in which Miss Bold will be accompanied by dancers, Nancy Crowell, Lois London, Nancy Scammon, Anne Burns, and Cherie Bornstein, is a modern Ballet entitled, "Nightmare," based on the musical theme of "Slaughter on Tenth Avenue."

The talented young artist, Nancy Alfredson, former Newtonite, now of Brookline, recognized as one of New England's most promising contemporary artists, has created six unusual abstract paintings to be used as scenic decor in the show. The paintings were inspired by the mood and quality of movement of Miss Bold's original choreography.

One of the highlights of the first act is the "Ebbtide Ballet" in which Amy Blacher, Carolyn Hills, Lynne Rossi; Bonny Nickerson, Penny Powell, Mary O'Donoghue and Diane Ralby, appear.

According to Miss Bold, who opened her studio in Newton last September, the show goes far beyond conventional dance recitals in that a special scropt has been written with dramatic dialogue and combination vocal and dance numbers. All phases have been carefully coordinated so that the over all effect of the presentation assumes the character of a professional stage production.

Members of the cast include, Erica Bornstein, Bobby Burns, Jeffrey Horne, Kenneth Sugarman, Gail Sloane, Steve Mann, Rosemary Sullivan, Ruth Zaplin, Jill Marcus, Jenifer Burnes, Pamela Bishop, Janice McLean, Paula Marsh, Cindy Marsh, Bonny Nickerson, Betsey Nickerson, Penny Powell, Susan Saklad, Roberta Clarke, Joyce Dolberg, Cherie Bornstein, Nancy Green, Brenda Mann, Jane Lister, Norma Green, Susan Blom, Lois London, Nancy Norris, Jane Brady, Vicki Rosenberg, Jane Epstein, Betty Brown, Judy Hartwich, Bonnie Proshan, Nancy Lewis, Susan Barry, Joan Borowsky, Jane Freeman, Laurie Kaplan, Lynne Rossi, Carolyn Hills, Jimmy Horwitz, Mary Denault, Amy Blacher.

Also Roberta Flower, Betty Daniels, Marilyn Richmond, Mary O'Donoghue, Cynthia Dohanian, Debby Isaacs, June London, Diane Ralby, Nancy Scammon, Mark Rossi, Rosalyn Miller, Jeanne Kaswell, Jane Delli Priscoli, Nancy Kerr, Sally Sholkin, Sherry Gallison, Betsey Brooks, Marlene Di Napoli, Carolyn Finnerty, Nancy McDonald, Judy Ellis, Anne Burns, Kay Sleater, Nancy Crowell, and Shirley Warren. Hostessing for the occasion will be Jackie London. Tickets will be on sale at the door. Miss Bold is a member of the National Association of Dance and Affiliated Artists Inc., and the Americal Guild of Variety Artists.

Peggy Endres Beautiful Bride At Pink and White May Wedding

Pink larkspur, trailing grape ivy, white snapdragons and gladioli in the candlelit sanctuary blended softly with the tones of mauve and white in the colonial decor of Poland Presbyterian Church, Poland, Ohio when Miss Peggy Endres, daughter of Mr. and Mrs. David Endres, 2450 Goleta avenue, Poland, and Lt. Allen K. Billingsley, son of Mrs. Joseph K. Billingsley, Newton Center, and the late Mr. Billingsley, were married there at 2:30 o'clock, Saturday afternoon.

Cybotium palms and ferns provided a woodsy background for the three tall urns of pink and white flowers fronting the pulpit area, and grape ivy garlands were entwined on the choir railing overhead. White candles were lighted in branched candelabra, and along the bridal aisle down which Mr. Endres escorted his daughter were sprays of white gladioli, pink larkspur and huckleberry, tied with white satin bows. The Rev. Hugh Gunn was the presiding clergyman.

Tall and slender, the young bride was beautiful in a gown of luminous candlelight silk, the long bodice softly sculptured and having a wide bateau neckline of crystalette shirred to make brief sleeves. Tier upon tier of gathered crystalette swept the billowing skirt into a chapel train, and capping the bride's dark hair was a crown of seed pearls and crystalette, also in a shirred effect, with a fingertip veil of illusion. She carried pink sweetheart roses with white sweet peas and lilies of the valley.

Miss Helen Locke was maid of honor, Mrs. Donald Carlson matron of honor, and Miss Betty Billingsley, sister of the bridegroom, and Mrs. William Watts were bridesmaids. The cowl collars of their identical frocks, fashioned of reembroidered egg-shell crystalette over candy pink taffeta, were also little cap sleeves in the fitted bodices, and the waltz-length skirts were full and flaring. Their cascade bouquets were of pink sweet peas, white daisies and ivy.

Lt. William Pendl, Wright Air Force Base, Dayton, was best man and ushers were Thomas C. Watts Jr., William Watts and Donald Seidel.

Pink larkspur and white gladioli on the mantel at the Endres home formed the background for the receiving line with palm and ferns on either side of the fireplace. Mothers of the bridal couple had corsages of pink sweetheart roses. The same pink and white flowers with white roses graced the table and around the wedding cake, which was topped with a pink and white colonial nosegay, was a circlet of white and pink sweet peas and southern smilax. Throughout the house were colorful bouquets of summer flowers.

Lt. and Mrs. Billingsley are going west for their wedding trip, and will make their home at Harlingen, Tex., where Lt. Billingsley is stationed. Both he and his bride are graduates of DePauw University.

Miss Marcia Jane Down Is Bride Of J. Anthony McOsker Jr., in Waban

Last Saturday morning Miss Marcia Jane Dowd, daughter of Mr. and Mrs. G. Lennox Dowd of Waban, became the bride of Joseph Anthony McOsker, Jr., at St. Philip Neri Church in Waban. The altar was banked with pale pink carnations and snapdragons when the Rev. Charles Von Euw performed the ceremony which was followed by a reception at the Algonquin Club.

The bride's father gave her in marriage. With her gown of blush silk taffeta, styled with fitted bodice of embroidered roses, bouffant skirt ending in a cathedral train, she wore a rosepoint lace cap and tulle veil. Her flowers were lilies-of-the-valley and white sweetheart roses.

The maid of honor was Miss Barbara Somers of New York and bridesmaids were Mrs. Robert L. Newbert of Needham, Mrs. John F. Dewey of Fitchburg and Mrs. A. K. Mosher of Darien, Connecticut, all sisters of the bride, Mrs. Charles L. Bryson of Boston and Miss Journala McOsker of Providence, Rhode Island, sister of the bridegroom. They were all gowned in silk embroidered organdy in a blue and white pattern and carried pink sweetheart roses and blue delphinium.

Charles L. Bryson of Boston was best man. Ushers were John F. O'Connor of Rumford, Rhode Island and Norman E. Grenier of Arlington, Virginia, brothers-in-law of the bridegroom, John J. Gilbert and James P. Brown of Providence, Rhode Island; Stephen Fenn of Boston and Conrad Kronholm of West Hartford, Connecticut.

Mr. McOsker is the son of Mr. and Mrs. Joseph A. McOsker of Providence and attended Brown University. The bride attended Centenary Junior College. They will live on Marlboro street, Boston after a wedding trip to Bermuda.

35 Newton Boys Sign for Little League Tennis

An enthusiastic group of Little League Tennis players and supporters crowded the Middlesex Squash and Tennis Club, Commonwealth avenue, Newton Centre, on last Saturday morning to view a special tennis clinic and Little League Tennis exhibition.

Bob Volpe, tennis instructor of the University Club, Boston, and Sumner Rodman, well-known New England tennis amateur, demonstrated the proper technique of tennis play for the Little Leaguers and individually coached the new members of the Newton Little League tennis squad.

A tentative Little League Tennis team for Newton is being assembled from the outstanding tennis players of 1954 and the new members of 1955. Every boy who is 16 years or under is qualified for membership on the tennis squad. An elaborate tennis ladder is being created by George A. Volpe, manager and founder of the Newton team. Each boy can challenge any other boy whose name appears above him on the ladder. The ladder play will provide daily tennis for the boys. Ladder tennis matches may be played at any time on an open court. Results of the ladder play should be reported to Mrs. Joseph A. Barry, DE 2-0753.

Over 35 boys are registered members of the Newton Little League Tennis Squad. This is believed to be the largest squad ever to report for Little League Tennis in New England.

June 17 will mark the opening of the Little League Tennis season throughout Greater Boston, with teams playing in all cities and towns of Middlesex County.

Parents and friends of Little League tennis are volunteering their support in the development of these youthful players. Mrs. Barry, 211 Highland avenue, Newtonville, 1955 supervisor, promises an outstanding Little League tennis team in the City of Newton this season.

"Little League Tennis in the Newtons," said Mrs. Barry, "is to be played under the rules and regulations of the United States Lawn Tennis Association, and will be under the supervision of the New England Lawn Tennis Association Junior Development Committee. Members of the United States Lawn Tennis Umpires Association will assist in League matches. Regulation size courts will be used to conform with the requirements of Junior Tournaments sanctioned by the New England Lawn Tennis Association."

Plan Two Events to Honor Cabot School Principal

MISS HELEN L. THOMPSON

Miss Helen L. Thompson, Cabot Elementary School Principal, is retiring from the Newton Public School System this June after thirty-two years of active participation in the field of education. Twenty-six years she has been Principal of Cabot and ten of these years she was Principal of Claflin Elementary School as well.

Although most of her education experience has been in the role of Principal she taught for several years in grades ranging from the first through the eighth. This teaching experience has given her the teacher's point of view so valuable to a Principal, this viewpoint she has never lost. Living close to her sister Mrs. William B. Crosby and her family of four children and watching them grow has given her understanding of the parent's point of view. This dual understanding, her complete happiness in her work, and her devotion to the cause of fine education have endeared her to not only the children but also to teachers, parents, and her many associates in elementary education.

It is only natural that upon her retirement all those who have known and worked with her wish to pay tribute to her. The children of the Cabot School have already expressed their appreciation for he interest in them. At the May Parent-Teacher meeting, which featured the Cabot School Orchestra and Sixth Grade Chorus, Miss Thompson was presented a gold watch with an accompanying scroll containing signatures of all the pupils of Cabot School. These are gifts she says she will always cherish.

An Open House in her honor will be held Sunday afternoon, June 12, from three to five o'clock at the Cabot School Auditorium. The Cabot School Parent-Teacher Association have invited the parents, teachers, and principals of the Claflin Elementary School, Bigelow Junior High School to be their guests for the occasion. Mrs. William Heisler and Mrs. Robert Oxnam, Room Mothers, are Co-Chairmen for the affair. The Cabot School Room Mothers will be hostesses and the teachers will be honored by pouring at the tea table and being responsible for the guest book. Mrs. Robert Toher, Cabot School P.T.A. President; Miss Mildred N. Fahey, Head Teacher; Mrs. Allan H. Crosby, Secretary; and Mrs. Leo Bernheimer, Jr., Room Chairman will be official greeters for the day.

On Tuesday, June 14, a testimonial dinner will be given in Miss Thompson's honor at the Newton Centre Women's Club at seven o'clock in the evening. Mrs. Irving J. Helman is chairman for the dinner.

Miss Helen L. Thompson was born in Halifax, Massachusetts. Her family home is still there and she returns to it during the summers and whenever she has an opportunity during the school year. She has a brother, Mr. Myron W. Thompson, in Denver, Colorado and a sister, Mrs. William B. Crosby in Milton, Massachusetts.

She attended the Bridgewater High School and the Bridgewater Teacher's College. She has had teaching experience in all grades from the first through the eighth. Her first teaching was in Rockland, Massachusetts, where she taught in an elementary school. From there she went to the McElwain Elementary School in Bridgewater. From 1920-22 she taught in Brockton in the sixth grade and mathematics in the junior high school. She was assistant Principal of the Junior High West in Arlington in 1922.

It was in 1923 that she came to Newton. Her first position was Assistant Principal of the Davis School in West Newton. Mr. Paul C. Scarborough, Principal of the Warren Junior High was Principal of Davis Elementary School at tha time. In 1929 she was appointed Principal of Cabot Elementary School in Newtonville. Cabot was brand new at that time. Only six rooms were used for there were only about two hundred pupils; there are close to five hundred pupils now. In 1943 she became Principal of Claflin Elementary School but continued as Principal of Cabot, too. At that time both of the schools had small attendance but the attendance grew and grew. In 1953 the new Claflin opened and Miss Thompson continued as Principal of Cabot full time.

It is interesting to note that Miss Martha McLean, the Cabot School nurse came to Cabot School at the same time Miss Thompson did. This completes her twenty sixth year. Miss Dorothy L. White and Miss Marion J. Keyes, Cabot School teachers came the following year and Miss Mildren N. Fahey, head teacher is completing her twenty-fourth year.

Miss Thompson is a member of the National Elementary Principal Association, State Elementary Principal Association, and the National Education Association. She is Second Vice President of the Cabot Parent Teacher Association.

Where's the best place for your whole family to save?

Today, *millions* of Americans will tell you that the smartest place to put your savings is in an insured Savings and Loan Association. This is true whether you're the family breadwinner—or just a member of the piggy bank set.

You can open an account in these Associations for as little as $1 to $5. Your savings earn *excellent returns* because these Associations invest most of their funds in sound, steady-paying home mortgages.

And your money is safe—protected by good management and substantial reserves. It is insured up to $10,000 by the FSLIC, an agency of the U.S. Government. What's more, you deal with friendly, experienced people of your own community.

Why not open an account at an insured Savings and Loan Association *today?* It's a good idea to get to know your nearby Association—not only because it's an important place, but because it's also a pleasant and *profitable* place to do business.

Specifications and other contract documents may be obtained at the office of the Public Buildings Commissioner. Proposals shall be made and analyses given on the blank forms bound herewith and all information requested must be given. Both copies of the proposal must bear the **actual signature** of the bidder, **not a printed or a typed signature.** Proposals which are incomplete, not on the above form, nor properly endorsed or signed, or otherwise contrary to these instructions may be rejected as informal by the Public Buildings Commissioner.

A copy of last year's schedule of requirements and form of contract may be seen at the Public Buildings Department. The approximate total quantities to be supplied are: No. 2 oil, 360,000 to 425,000 gallons; No. 5 oil, 261,500 to 296,500 gallons; and No. 6 oil, 500,000 to 530,000 gallons.

The attention of the bidders is particularly called to a provision of the Ordinances of the City of Newton, (Chapter 2, Sect. 2.14) that requires that a copy of all proposals shall be filed **by the bidder** with the Comptroller of Accounts, City Hall, Newton Centre, Mass., prior to the time set for the opening of proposals.

A certified check on a responsible bank or trust company in the Commonwealth of Massachusetts for the sum of Five Hundred Dollars ($500.00) shall accompany each proposal, payable to and to become the property of the City of Newton if the proposal which it accompanies is accepted and the bidder neglects or refuses to comply with the terms of the proposal.

Surety company bonds by a company satisfactory to the Mayor of the City of Newton and in an amount equal to fifty per cent (50%) of the contract price under each contract will be required of the successful bidder.

Proposals may be made for the whole or any part of the supply of fuel oil, as required by the several departments, and for the different kinds and approximate amounts shown under the requirements. Bidders are requested to make proposals on the total amount of fuel oil hereinafter specified, but the right is reserved by the City to make and accept any sub-division of the proposals or part of proposals deemed to be for the best interests of the City of Newton.

The City reserves the right in calling for a contract under any proposal accepted, or any item or part thereof, to call upon the Contractor to increase or decrease the amounts specified in the stated amounts of each department to the amount of thirty per cent (30%) in the placing of orders and in the creation of liability.

In determining award of contract under the Invitation for Bids, the City will consider the ability of the bidder to perform, as evidenced by the number and condition of his delivery trucks and other physical equipment.

THE COMMONWEALTH OF MASSACHUSETTS
LAND COURT

Suffolk, ss.

To the Honorable the Judges of the Land Court for the Commonwealth of Massachusetts.

Respectfully represents Philip R. Kneeland and Eileen M. Kneeland of Newton, in the County of Middlesex and said Commonwealth; that they are owners of a certain lot of land with the buildings thereon, situate in Newton, in the County of Middlesex and said Commonwealth, bounded and described as follows:

SOUTHEASTERLY by Washington Street, seventy-two (72) feet,
SOUTHWESTERLY by an unnamed Street, one hundred thirty and 5/10 (130.5) feet,
NORTHWESTERLY by Lot 7 as shown on the plan hereinafter mentioned, seventy-two (72) feet more or less,
NORTHEASTERLY by Lot 6 as shown on said plan, one hundred thirty and 5/10 (130.5) feet.

Containing 9300 square feet more or less, and being shown as Lot 5 on a plan recorded with Middlesex South District Deeds, book 328, plan 6.

Jackson, dated November 15, 1934 and duly recorded Book 5886, Page 184, purporting to secure a note for $500, payable $250 on December 2, 1934 and $250 on January 2, 1935, with interest monthly, which mortgage appears to be undischarged, unassigned and unforeclosed on and by the record—or not properly or legally discharged of record:

That for more than twenty years after the expiration of the time limited for the full performance of said condition no payment has been made and no other act done in recognition of said mortgage; and

That the mortgagor named in said mortgage and those claiming under him have been in uninterrupted possession of said land for more than twenty years after the expiration of time limited in said mortgage for the full performance of the condition thereof.

WHEREFORE your petitioners pray that after appropriate notices a decree may be entered on the foregoing allegations as authorized by Section 15, Chapter 240 of the General Laws as amended by Chapter 20, of the Acts of 1924.

Newton Boys' Club Mothers Sponsor Day Camp

A two day "Carnival of Games" will be sponsored by the Mother's Club of the Newton Boys' Club at 8 Dalby street, on Friday evening, June 24 starting at 6:30 o'clock and Saturday, June 25 starting at 2 o'clock in the afternoon. The purpose of the Carnival will be to raise funds for a Day Camp they will sponsor this summer.

It is planned by the Mother's Club to supplement any fees paid by the boys who will have the opportunity to enroll for two week periods, at a cost of two dollars per boy per week. This low fee was so planned that no boy would be deprived of the opportunity because of a lack of funds. The Day Camp will be made available to any boy who becomes a member of the Newton Boys' Club. Applications have already been returned and number more than forty. The Day Camp will operate from 9 a.m. to 4:30 p.m. daily Monday thru Friday for an 8 week period starting June 27 and ending August 19. A staff of counselors will assist the Executive Director August E. Mascaro who will conduct the Day Camp. Mr. Mascaro will plan a very interesting program for each period. Among the activities planned will be swimming daily, hiking, picnicking, crafts, sports, trips to Fenway Park, trips to various points of interest, track and field meets, camp fire activity, special events will be planned for each week with an award party at the end of each two week period; and at the conclusion of the Day Camp on August 19 all the boys who attended will come together for a big "Round-Up" at which time special awards will be made to the "outstanding boys" of the eight weeks of Day Camping. For information call BI 4-9384.

A Committee of Mother's from the Mother's Club has been appointed by Mrs. Bella Vachon, President, they are: Chairman Mrs. Genevieve Morrell, Mrs. Grace Boudreau, Mrs. Francis Ferguson, Mrs. Lillian Pierce, Mrs. Catherine Copan, and Mrs. Jean Flynn.

Committees for the Carnival of Games will be announced shortly. Members of the Teen Club and the Senior members of the Boys' Club will assist the Mother's in the construction of the various booths and in operating them. The entire playground will be transformed into a carnival atmosphere. The general public will be invited to attend.

June Marks 85th Anniversary Of Main Library Building

June is an anniversary month in the history of the Main Library Building at 414 Centre street. In June, 1866, Mr. Joel H. Hills and seventeen fellow subscribers purchased the site of the present Main Library. Another subscription list with the Honorable J. Wiley Edmands and John C.Chaffin as major donors raised the money to build the original stone section of the Library. For this building the split and cut stone for trimmings came from Maine, the rough stone for the walls from the quarry of Samuel H. Gooch, Newton Centre. Private citizens contributed over sixty thousand dollars to build the Library and operate it from 1870 to 1876 when it was given to the City for public library purposes. The Newton Free Library is younger than the Wayland and Boston Public Libraries which are just over one hundred years old. The Newton effort was outstanding and placed the Library as an outstanding one in a smaller community. It was on June 17, 1876, Bunker Hill Day that the dedication of the Main Library Building was held with a large crowd present, and the Governor of the Commonwealth presiding.

The account of the ceremonies from the Newton Journal of June 18, 1870, is: "The audience numbered from fifteen hundred to two thousand filling all the available space. The Town Officers and many distinguished strangers from abroad, with clergymen from every section of the town, occupied positions at the upper end of the platform. The Newton Band were present and diversified the proceedings with a variety of musical selections." Governor Claflin, townsman and patron of the Library was Chairman of the proceedings and spoke as did George H. Jones, Esq., Chair-

50th Wedding Anniversary Is Observed

Mr. and Mrs. Samuel N. Wood of 25 Washington Park, Newtonville, celebrated their fiftieth wedding anniversary last Sunday at the Newtonville Woman's Club House, with about one hundred and twenty-five guests present.

Many friends of long standing, including quite a few who attended their wedding fifty years ago, and friends from church, Masonic and Eastern Star Orders also attended to congratulate the couple on so many happy years together.

A large number of beautiful gifts were on display together with more than seventy-five anniversary greeting cards and many beautiful floral pieces. An orchestra of Newton High School young ladies furnished very appropriate music during the affair and an excellent buffet luncheon was served by a well-known caterer.

Intimate friends of Mrs. Wood assisted in dispensing hospitality, Mrs. George Willey of Belmont and Mrs. William Wensell of Quincy served the coffee during the first interval and Mrs. Frances Hallinger of Jenkentown, Pa., a sister of Mrs. Wood, and Mrs. Henry

Russell Not to Run Again For School Committee Seat

Citing health and business reasons, Gordon B. Russell of 28 Jameson road, Newton, a member of the School Committee for eight years, announced this week that he will not seek re-election in the fall city elections.

His letter of intention not to run again follows:

"During the past year it has become more and more evident, both from the standpoint of health as well as because of ever increasing demands from business, that I must bring my work on the Newton School Committee to a close with the expiration of the current term on December 31, 1955.

"I shall not, therefore, be a candidate for re-election from Ward 7.

"These past eight years as a member of the School Committee have been a deeply rewarding experience. It has been a very real privilege to have been able to serve the community in so vital a responsibility, and I take this opportunity to pay public tribute to an administrative staff, a professional staff, and a public school system in whom and of which every citizen of Newton can and should be exceedingly proud.

"Naturally, in view of my long association with and keen interest in the Newton Schools, the announcement of Mr. John P. Cochrane that he is a candidate for the Newton School Committee from Ward 7 is of particular interest to me. It is good to know that a man of his broad background and experience is ready and willing to undertake this important work."

POLITICAL OVERTONES

Kennedy-Furcolo Harmony Act at Jefferson-Jackson Dinner Result of Back Stage Work by Former Gov. Paul A. Dever

Democratic politicians have an amazing dexterity for putting on their best party manners and joining in a display of party unity at an event such as the recent Jefferson-Jackson dinner, but the unexpected demonstration of harmony by Senator John F. Kennedy and former State Treasurer Foster Furcolo came as a bit of a shock even to seasoned and veteran observers.

The warm feeling the two reflected for each other resulted no doubt from the fact that Furcolo was looking ahead to next year's election and Kennedy to the 1958 campaign. It is remarkable, however, that even those important considerations could have overcome the bitterness that existed last October, and there is little question but that ex-Governor Paul A. Dever's great powers of persuasion played a major part in bringing Furcolo and Kennedy together.

Furcolo is seeking the Democratic nomination for Governor with the quiet but effective backing of Dever. Aside from its successes of a social and fund-raising nature, the Jefferson-Jackson banquet advanced Furcolo a big stride toward his objective.

The significance of Stage Manager Dever's action in creating the role he did for Furcolo, in assigning Furcolo the chore of introducing Kennedy and in inducing Kennedy and Furcolo to become a two-man mutual admiration society for the evening, was not lost upon the assemblage of Democrats who gathered for the event.

Supreme Court Judge Returns For N.H.S. Fiftieth Reunion

While the Newton High School class of 1955 was holding its graduation exercises in the Stadium Saturday evening, the class of 1905 was having its 50th reunion in the Junior College Library.

Sixty-two members of the 1905 class with 28 husbands and wives, totalling 90 people, assembled from all over this country and Canada for its golden jubilee and dinner.

Justice Harold H. Burton of the United States Supreme Court, a member of the class and Mrs. Burton were among those present. He gave an informal talk to his old class mates. Msgr. Bernard S. O'Kane of St. Bernard's Parish, West Newton, also a member of the class, offered the invocation, and greetings were extended by Mayor Howard Whitmore, High School Principal Leo M. Barry and Supt. of Newton Schools Harold B. Gores.

Francis P. Farquhar, a veteran mountain climber, flew from San Francisco for the reunion and entertained his class with a colored film showing his ascent of Mt. Olympus in Greece. This was followed by a screen showing of old class pictures, athletic teams and groups in military drill which was required at Newton High 50 years ago.

The committee, which has been working for this occasion for six months, got a response from every known living graduate and has issued a biographical Record containing 111 autobiographies. This committee, all of Newton, included the followin: F. Questionnaire Being Mailed 1200 Residents

Questionnaires are being mailed to 1200 Newton residents, who are required to report to City Hall for interviews, City Clerk Monte G. Basbas announced last week.

The forms and interviews with the Registrars of Voters are to aid in compiling the 1955-56 jury list. The questionnaires should be filled out and brought to the interview, which will be held in room 101 of Newton City Hall from June 21 through June 23, 7:30 p.m. to 9:00 p.m. The Registrars of Voters will also be at the same location on June 23, 8:30 a.m. to 12:00 and 3:00 p.m. to 5:00 p.m.

A letter from Mr. Basbas accompanying the questionnaire explains the requirements and interview times.

Diplomas Presented 767 Before 6000 Spectators

Rain Delays Until Rites Are Ended

As threatening skies obligingly held back their rain until the ceremonies ended, 767 Newton High School seniors were awarded diplomas Saturday while more than 6000 relatives and friends filled Dickinson Stadium to watch the traditional graduation ceremonies.

Members of the Class of 1955 heard Judge Jennie Loitman Barron, first full-time woman judge of Boston Municipal Court, declare her confidence in today's young people.

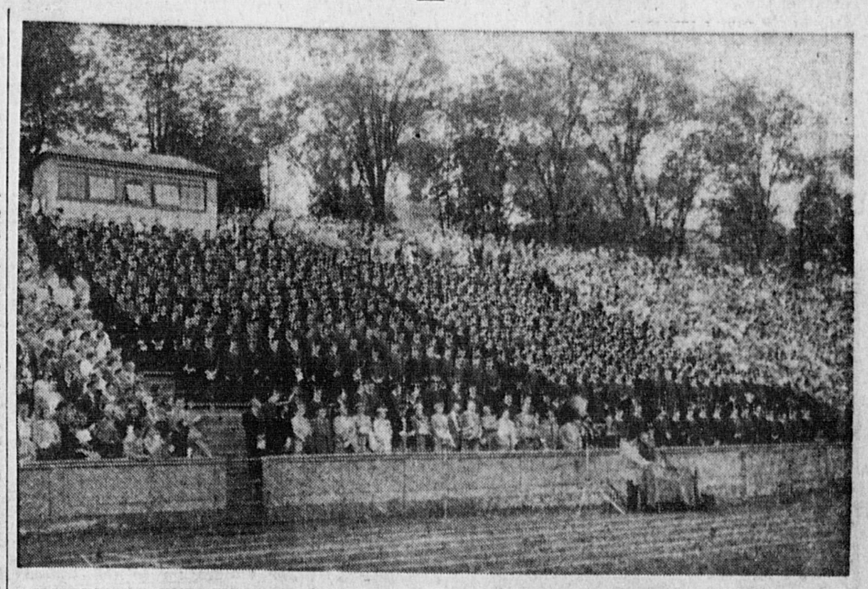

"Ninety-five per cent of young men and women lead constructive and fine lives," she stated. "Lawbreakers make the headlines because they are unusual."

Speaking on the theme of the "momentum of ideas," Judge Barron stated that teachers give their students ideas in the classrooms, the students pass them on to their parents and friends, and these same ideas flow from person to person. These ideas may gain so much "momentum" in passing through different hands, she said, that they may bury "savage Communism, Hitlerism, or even our wonderful American democracy."

"If every young boy and girl can walk out and say 'I believe in and will act according to the Declaration of Independence and the brotherhood of man,' I have no doubt about the future of our country," the noted woman jurist declared.

During the graduation ceremonies, Senior Cups, given to the outstanding boy and girl in the class by the Alumni Association, went to Eva S. Fornady

Admission X-Ray Program Planned

In the interest of better health service to Newton and to other communities served by the Newton-Wellesley Hospital, the Newton Tuberculosis and Health Association is sponsoring plans to establish an admission chest X-ray program at the hospital.

As an initial step, a meeting of interested agencies was held at the hospital under the direction of the Newton Tuberculosis and Health Association to discus and prepare the program. Representing the Newton association were Dr. Thomas Sears Hayden, Chairman of the meeting and President of the Association; Mrs. Therese D'Abre, Executive Director; Miss Norma Solimene, Health Educator; Mrs. Gordon S. States Church, School Should Take Youth as Full Time Duty

Melvin Coburn of 8 Jenison street, Newtonville, is the author of an article on juvenile delinquency published in the latest issue of "The Massachusetts Teacher." He is a member of the Cub Scout Committee of Pack 100 in Newtonville and is also a member of the Ward 2 Republican Committee.

His interesting and timely article on this controversial subject is as follows:

"After teaching for close to 20 years perhaps I may be allowed to add my viewpoint on the already hotly debated subject of juvenile delinquency.

We know through our schools as well as through the press and the courts, that youngsters between the ages of ten and twenty are getting into all sorts of difficulties. We have seen in our schools the amazing phenomenon of complete disinterest on the part of many students, some of whom are capable of doing excellant work. This disinterest seems to be tied in with a coldness toward things spiritual. Most teenagers know the difference between right and wrong, BUT they just don't seem to care. They want things or want to do something and it matters not how they attain their desire. I don't pretend to be a sociologist but I can present my views as to how t handle a preventative program. I believe that the church, school and parent must each play a part.

"We generally think of a church or synagogue as purely a place of worship. Fine, but are places of worship developing a program that will serve to draw the adolescent towards the church? It seems to me that all places of worship could do well to consider youth programming that would serve to interest the youngsters desires for activity and companionship.

"At least under religious sponsorship young people can be assured of a decent atmosphere with a religious motif. I believe that growing people, yes even adults, should turn to their places of worship as a focal point more often, rather than just on holidays or only once a week for prayers.

"A taxicab that doesn't operate 24 hours a day loses money for the owners. A public school building that is in use

Rogers, Director; and Dr. R. Emerson Sylvester, Vice President. Also taking part in the planning are Mrs. Marian Repper, Executive Director, and Mr. George Nilson, Director of Health Education, from the Norfolk County Tuberculosis and Health Assocation which will assist the Newton Association in establishing the program.

Others who attended the meeting were Mrs. Paul T. Babson, President of the Newton-Wellesley Hospital Aid Association and member of the Wellesley Seal Sale Committee; Prof. Curtis M. Hilliard, Health Officer of Wellesley and member of the Wellesley Seal Sale Committee; and Mrs. Elizabeth Miller, Supervisor of Nurses, Newton Health Department. Representing the hospital were Mr. William Brines, Director, and Dr. Charles Leibman, Radiologist.

It is felt by the tuberculosis associations that an admission X-ray program is extremely valuable in finding unsuspected cases of tuberculosis. Statistics from hospitals already conducting such programs show that as much as 7 times more TB is found through hospital admission chest X-rays than through regular community surveys. It is also recognized that these programs aid in the discovery of other chest abnormalities. The program would help to protect the entire community as well as the medical staff and the other patients in the hospital.

Plans are being made now to obtain the necessary equipment and to formulate a policy for the admission chest X-ray program.

W.N. Youth Wins Dartmouth Honor

Mrs. C. David Gordon and her daughter, Jean, have returned to their home at 35 Lindbergh avenue, West Newton, after attending commencement exercises at Dartmouth College.

C. David Gordon, Jr., was a member of the graduating class, receiving a Bachelor of Arts degree magna cum laude in the field of comparative literature and philosophy. A Rufus Choate scholar, he was initiated into Phi Beta Kappa in April. He will attend the Harvard Graduate School of Education next year.

Newton Couple 'Adopts' 8-Year-Old Polish Boy

Mr. and Mrs. William Carmen of 48 Philmore road, Newton, have "adopted" an 8-year-old Polish boy whose parents are ill and impoverished displaced persons living in a United Nations relief camp in Germany.

The Newton couple "adopted" Henryk Wlodarczyk through the Foster Parents' Plan for War Children, Inc., of New York. This organization has cared for more than 75,000 children in Belgium, England, France, Western Germany, Greece, Holland, Italy and Korea.

Under the Foster Parents' Plan, the American "parents" contribute a monthly sum toward the child's support for at least a year. In return, the foster parents receive a brief history of the child and a photograph. Correspondence through the New York office is encouraged to give the child a feeling of being loved and of belonging to someone.

The description of Henryk supplied Mr. and Mrs. Carmen by the Foster Parents' Plan follows:

Henryk and his parents are displaced persons . . . people without a country. Both his parents were deported from Poland and sent to Germany by the Nazis for forced labor. They met in Germany, but were denied permission to marry because of the National Socialist law which forbade marriage between foreigners. After the liberation, they were admitted to the UNRRA DP camp in Osterhofen, where Henryk's older brother, Jan, was born. The parents were married in September, 1945 . . . several months later they were transferred to Camp Hochenfells, where in 1947, Henryk was born.

In 1949, this family applied for emigration to the United States . . . they had been shunted from one camp to another in the intervening years, and yearned for a place they could at last call "home." Permission for them to leave Germany was almost an accomplished fact, when it was discovered that the father had tuberculosis of both lungs . . . they were temporarily rejected. The father was immediately hospitalized for six months. Again they were moved from camp to camp, and when they tried again to emigrate, they were permanently rejected due to the father's condition.

HENRYK WLODARCZYK

The family is trapped . . . they have no chance of ever starting a new life in a new land. The father's health has steadily declined, and since April of 1954, he has been fully incapacitated for work.

There are now three children in the family, Henryk, Jan and a baby sister, Halina. They live in one room and a small kitchen. The floors are of wood with ro mats covering them to keep out the cold. Their furniture consists of two iron army beds, two children's beds, a few chairs, an army wardrobe and a table. Despite the rude furnishings and the cold, dreary atmosphere of the room, Mrs. Wlodarczyk, though herself ill with a severe heart ailment, manages to keep it clean and orderly and do everything for her sick husband and small children. The family exists on a small Public Assistance grant . . . an amount so meagre that it barely covers their most basic needs.

Henryk is a good-looking youngster with dark blond hair and brown eyes. He is a clever little boy, eager to learn and does well at school. This child has never known anything but stark poverty, want and fear of what tomorrow will bring. Your "adoption" of this child will give him a feeling of security and belonging which he will treasure. Just knowing that someone cares what becomes of their little boy, will offer the whole family a brighter outlook for the future.

Youth-

only from 8-3 also loses money. I am a teacher, not a statistician, so am not familiar with the exact cost of juvenile crime. But I feel certain that keeping schools open at night for auto repairing, printing, cooking, sewing, dancing, gym, tin knocking, and woodworking classes, to name a few, would cost much less than keeping our reform school filled to capacity. We all know that a busy child doesn't often get into mischief. Even though it costs a city or town money to open a building at night I feel that preventative steps are always less expensive to a community than systems for punishment.

"With our wealth of advertising talent in this country it seems to me that parents can be sold the idea that their children are their first responsibility. Parents should not only know this but deeply feel it. However statistics will show that a large percentage of our puvenile delinquents come from disturbed homes. Either one or both parents are so apparently rarely interested in their children. At P.T.A. meetings I have seen time and again the absence of parents who should be vitally interested in their children because of specific study or discipline problems. I have seen children who sees a mother only at evening time and who rarely see their Dads. It is not my purpose to lecture parents on their responsibility. The situation is quite clear. Happy home life, warm with love and affection normally will not cause youngsters to roam the streets searching for that which they may not receive at home. Parental guidance and training are still our number one preventative.

"We are all in agreement as to the existence of a grave problem in relation to our young people. In my opinion close cooperation between parent, teacher and religious institution will help greatly reduce the problem. I also strongly feel that the church and school might well consider youngsters a full time problem and work towards the lines of more activity which teen agers want and need."

First Church of Christ, Scientist, Newton. Sunday morning service at 10:45, with Sunday School at the same hour. The Wednesday evening testimony meeting will be at 8 o'clock. "Is the Universe, including Man, Evolved by Atomic Force?" is the subject of the lesson-sermon to be read at Christian Science services June 19.

man of the Library Board of Managers. The speeches of the day contained oratorical flourishes not common today but revealed a well justified pride in a building program which gave Newton an outstanding position among the public libraries of the Nation. In Mr. Jones' address the following comments are of special interest today, — "These books around us, profitably employing the leisure hours of the young will keep many from temptation and evil and will be the pilots to guide them into the haven of prosperity and peace . . . A Public Library like a Public School is a public blessing. It seeks to continue the education which the school commences. It opens to the reader every department of literature and learning — to those who use it not only for entertainment but for instruction and self-improvement, it offers advantages which they cannot obtain elsewhere. In these days of universal education, it is a necessity arising from the exigencies of the people, rather than a luxury which might be dispensed with. We may, therefore, confidently hope that the people appreciating the value which this Library will be to them and to their children will authorize the Town to make liberal appropriations for its support and if necessary for the increase of its books and the enlargement of its accommodations." It was noted that the Dedication was on the day "sacred to the memories of the Bunker Hill," and "It is meet that learning should be associated with liberty, for what would learning be worth without liberty, and what would liberty be without learning."

Thanks to the generosity of Newton citizens and the support of the City Government the Newton Free Library has continued to grow. The original stone section of the Main Library has been in use for eighty-five years having been added to three times as well as having the Boys' and Girls' Library taken to separate quarters, five branch libraries were built, five others located in schools, a former fire station, a house, in stores. In June, 1935, the Board of Aldermen voted a $100,000 appropriation to build a new branch library for Nonantum. The per capital public library book circulation of nine, is over twice the average of cities of the size of Newton but is in complete harmony with its educational standards and interests. The book circulation for the year 1954 was 810,570 volumes.

Wood-

(Continued from Page 1)

Wood of Shrewsbury, daughter-in-law, with Miss Elva Dimatroff, served later. Miss Janet Wood of Shrewsbury, a granddaughter, and Miss Patricia O'Brien of Newtonville, took care of the guest book.

Mrs. Edith Walker of Winchester, who was a bridesmaid, and Mr. Fred G. Wood of Dorchester, a brother of Mr. Wood, who was his best man, were both present.

Wedding pictures of the couple together with albums of photographs which were taken on their wedding trip fifty years ago, were on display, together with snap-shots showing their activities during their fifty years of married life. There was also on display some material which told the story of Mr. Wood's business career, which showed the Horace K. Turner Art studio at Oak Hill, Newton Centre, now the Peabody Home for Crippled Children. Mr. Wood assisted in the planning and erection of this building and was superintendent of production of the photographic reproductions of works of art and famous pictures of the world which were made here and for which this building was originally erected and used. Later Mr. Wood connected with Jordan Marsh Company as manager and buyer of their camera department.

The wedding of Mr. and Mrs. Wood took place in Dorchester, June 12, 1905 at the home of Miss Wood's mother. Mr. and Mrs. Wood have owned their home in Newtonville since 1918 although they have not lived here all of the intervening time.

Their son, Henry N. Wood of Shrewsbury, Mass., who was present, graduated from Newton Grammer School and from the High School with the Class of 1925.

Newton Educator To Study, Teach In Central Africa

Dr. L. Harold DeWolf of 349 California street, Newton, noted professor of systematic theology at Boston University's School of Theology, will sail with his family on June 25, for Africa, where he will spend his sabbatical year studying methods of theological education throughout Central Africa, speaking at church conferences and teaching in the schools for native pastors.

Assigned by the Methodist Board of Missions, Dr. DeWolf will work under Bishop Newell S. Booth, Methodist administrator and missionary in Africa and a fellow graduate of Boston University school of theology. Dr. DeWolf's first assignment will be to speak daily August 15-22 at the Rhodesia Annual Conference, attended mostly by native African pastors and presided over by Bishop Booth, at Old Umtali, Southern Rhodesia, the mission station which will be his headquarters during his 10 months in Central Africa.

Author of numerous articles and most recently of two books, The Religious Revolt Against Reason and A Theology of the Living Church, published by Harpers, and a third, Trends and Frontiers of Religious Thought, published this spring by the Methodist Student Movement, Dr. DeWolf received his first faculty appointment to his alma mater in 1933 at Bowne Fellow in philosophy. He served as pastor of Methodist and Congregational churches for 13 years in Lincoln, Neb.; Arnold, Neb.; Hanover, Mass.; and Dracut, Mass. The DeWolfs plan to take their two youngest sons with them to Africa, where they will attend the British school on Umtali.

'Learn-to-Swim' Classes June 29 At Crystal Lake

In announcing Wednesday, June 29, as the opening date of the Red Cross Water Safety Program at Crystal Lake, Gilbert J. Champagne, chairman, reminds Newton residents that most difficulties in the water are the direct result of never having been properly introduced to it.

Newton children and adults are urged to take advantage of the 1955 Red Cross Learn-to-Swim instruction program of the Newton Chapter, American Red Cross, which is conducted each year in cooperation with the Recreation Department of the City of Newton

The formation of classes will begin Wednesday, June 29, and the class schedules will be posted at Crystal Lake by Friday, July 1. It will no longer be necessary to register the children in the schools, and it is contemplated that there will be greater ease and time saving in the formation of the classes.

Instruction in all phases of swimming and life saving will be given to children Mondays through Fridays, morning and afternoon. The minimum age for children is five years.

Ninth Grade Elections

After a rally on Wednesday, the eighth graders voted for their officers for next year. Since there were six candidates for each office and five for vice-president, the two candidates who had received the most votes in each office competed in a run-off. The winners were: Joel Myerson, president; Chris Lee, vice-president; Harriet Hoffman, secretary; and Lee Karofsky, treasurer.

Council Dance

With a setting of an evening in Paris, the last dance of the year, sponsored by the Council, was a great success. S.A.M. (Student Activity Membership) holders were entitled to attend free. Gay red, white, and blue streamers decorated both gyms. cakes were served, resembled an The refreshment area, where open-air sidewalk cafe. Bob Bernado's five-piece band completed the setting with well played popular music.

This was the last dance at Weeks for the ninth graders, who will leave for Newton High School this year. They and everyone else who attended the dance had a marvelous time.

Social Studies Play

A Civil War play which was written, produced, and directed by Jane Gilbern and Gilda Ingall, two eighth grade pupils, was performed by division 216X for the eighth grade. For a social studies activity, these girls wrote a twenty minute dialogue in four scenes, depicting the bitterness a brother who fought for the South felt towards his brother who fought for the North. Although the Union man planned to help his white and colored friends, he was rebuked at every turn by the Negroes and the townspeople. As a finale, he points out to the Southern people that the North will go halfway in helping Southern reconstruction, but that the South must meet them there.

Authentic Southern costumes, make-up, and scenery helped set the mood. The play was a huge success.

Two Delegates Are Named

The Monday night meeting of the Lt. Stanton M. Amesbury Post of the VFW in the Auburndale Library appointed two delegates to the 56th VFW National Encampment in Boston this summer.

The two delegates named were Harry J. Murphy of 25 Hammond street, Waltham, and John Brough of 161 Villa street, Waltham.

The post voted to dispense with the meetings during July and August. The next meeting will be on Monday, September 12. at the usual time.

Camp Massasoit to Start Its Operations Monday, June 27

Camp Massasoit, the day camp at the Newton Y.M.C.A. building, one of four non-profit camps of the Association, will operate again this summer for a period of eight weeks, starting Monday, June 27, and ending on Friday, August 19, according to Richard B. Simmons, the camp director.

Three periods have been arranged for the convenience of parents and their vacations. Period one will run from June 27 to July 15, period two from July 18 to July 29, and period three from August 1 to August 19. Boys from eight years and up may enroll for one or more periods.

An all around program which includes instruction, play, and awards for excellence, has been carried on at the camp for the twelve years of its existence. Associated with Mr. Simmons will be an experienced and understanding group of counselors.

"Ed" DiPersio, Associate Physical Director at the "Y," and also Associate Camp Director, who studied physical education at the University of Connecticut and Springfield College, will direct the swimming program; Alden W. Read of the Day unior High School faculty and a counselor at the camp since its start, will have charge of baseball; Ralph H. Morse, principal of the Day Junior High School, will direct one of the softball groups and also the movie program; and Norman "Fuzzy" Furbush, an eight letter man in sports at Newton High School, will instruct archery.

Other counselors are W. Scott Brent, also of the faculty of the Day Junior High School, who will supervise the services in the game room and instruct in tennis; Arthur F. Perkins, graduate this year from the Physical Education course at Boston University, will assist in a number of activities; and Elinor 'Bucky' Babbitt, who will again be the crafts instructor.

All of these counselors, with the exception of "Bucky" will be counselors to the Indian tribes. Working with the Senior Counselors will be a group of Junior Counselors, all boys who have been campers at Massasoit. They will be directed by "Ed" DiPersio. In carrying out the camp program, the "Y" has this equipment: swimming pool, athletic field for baseball, softball, archery, tennis courts, a gymnasium, game room, craft shop, assembly rooms, and a movie sound projector.

These opening dates for the other Newton "Y" camps have been announced: June 27 for Camp Chickami, a day camp in Wayland; June 27 for Camp Vagabond, a travel camp to Washington, D.C.; and June 29 for Camp Frank A. Day, the residence camp in East Brookfield.

Political Overtones

(Continued from Page 1)

Furcolo is now off and running in the race for the right to head the Democratic State ticket in the 1956 campaign, but a great deal can happen before next June's Democratic State convention, and Furcolo will have a far more difficult time getting the gubernatorial nod than he did in achieving the senatorial endorsement last year.

Dever as well as many Democrats in western Massachusetts feel that Furcolo is entitled to another run for high State-wide office as a result of the close race he waged last November against Senator Leverett Saltonstall , a contest he could have won by a shift of 15,000 voters.

The ex-Governor's feeling undoubtedly is shaped to some degree by the fact that in 1952 he persuaded Furcolo to give up his seat in Congress and accept appointment as State Treasurer in order to strengthen the Democratic State ticket.

Because Furcolo's greatest strength is concentrated in western Massachusetts, where the primary vote is invariably light, he would be in serious danger next year, if a strong Democrat from Greater Boston were to challenge him in the Democratic primary.

As a matter of fact, it required a substantial effort on the part of Dever and his organization to give Furcolo the nomination for State Treasurer in 1952. Last year Furcolo won the endorsement easily at the State convention, after getting a big jump on Congressman Philip J. Philbin, and then had no serious opposition in the primary.

Whether Furcolo can accomplish a political comeback is something that time alone can tell. He will certainly be in a position to compromise for one of the lesser positions on the Democratic slate, if he fails in his quest for the top slot.

Perhaps the most amazing aspect to the entire situation is that Dever, after being out of office 2½ years and declaring that never again will he be a candidate for an elective or appointive position, is still by far the most powerful and influential member of the Democratic party in Massachusetts. The importance of his support of Furcolo cannot be underestimated.

Many to Blame for Prison Conitions . . .

Every man who has served as Governor of Massachusetts back through the years and the decades must bear a share of the responsibility for the condition of the State's prison system that drew such blunt and justified criticism from the Wessell Committee.

The late Maurice J.Tobin tried to do something about the situation exactly a decade ago, and he had a study started by the famed Warden Lawes of Sing Sing. Tobin was not in office long enough to make any real impact on the problem.

Each Governor recognized the need for a new prison to replace the ancient bastille in Charlestown, but when it came to deciding how the money at their disposal could be spent they invariably used the funds at their disposal to provide facilities for the sick, the indigent or for feeble-minded children rather than for the men sent behind bars for their crimes.

That was true of Paul A. Dever during his first years of Governor, just as it had been true of the men who preceded him at the head of the State government. He set the machinery in motion for a new prison, but he didn't get it built during his four years on Beacon Hill, and he didn't accomplish any notable reforms in the State's penal system. That statement is not intended to deprive him of any credit for what he did do. He did make a start toward meeting the problem.

The situation at the Charlestown prison is deplorable now. It was deplorable also when Dever was Governor. There have been riots and attempted escapes during the Herter regime, and there were riots and attempted escapes when Dever was in office. One of them occurred while Dever was attending the 1952 Democratic national convention. There probably always will be attempted escapes by desperate men condemned to spend their lives apart from free society.

It would be absurd to try to place the responsibility for the conditions at the Charlestown prison at the door of any one man, whether it be Governor Herter, Judge Reuben Lurie, Commissioner Spurr or anyone else.

When Dever last week assailed Lurie as a "penalogical crackport" and blasted Lurie's service as correction commissioner, he was simply renewing an old political feud that dates back many years to the time Dever served as Attorney General.

Dever rarely misses an opportunity to draw a bead on Lurie and pay off and old score. That's what he did at the recent Jefferson-Jackson dinner. That's what he undoubtedly will do at next year's Democratic State temptation.

The former Governor has qualities that cause the rank and file of Democrats to recognize him as their party head and to follow their leadership, even though he impresses upon them that his status is strictly that of elder statesman and private citizen. But he doesn't forgive his enemies or forget their slights.

* * * *

The move to oust Elmer C. Nelson from the chairmanship of the Republican State Committee has subsided. Nelson's critics discovered that they were running into a strong line of fire from his supporters and that any attempt to throw him out would cause a tremendous upheaval within the GOP.

Whether Nelson continues at the head of the State Committee through the 1956 campaign probably will depend on the plans of Governor Herter.

If Herter is a candidate for reelection to a third term, Nelson is all likelihood will remain at the wheel of the Republican machine. Nelson is devoted to the Governor, and Herter in turn realizes that Nelson, whatever his shortcomings as a diplomat may be, is a remarkable political organizer and field general.

Should Herter decline to run again and either Lieutenant Governor Sumner G. Whittier or Republican House Leader Charles Gibbons be the candidate for Governor, Nelson undoubtedly will step out and let the gubernatorial nominee select a State Committee chairman of his own choosing.

It will be as simple as that, with no shouting, screaming or political blood-letting. The fact is that any other candidate but Herter probably would have considerable difficulty persuading Nelson to continue as chairman, if he wanted him to do so.

The highly controversial bill calling for the establishment of a compulsory cash-sickness insurance program, in which employers and employees would be required to participate, apparently is headed for defeat in the State Legislature.

This measure has caused a sharp and bitter conflict between various branches of organized labor, Democratic legislators, who usually try to vote with labor, have found themselves caught in the crossfire between opposing elements.

A great many workers now are covered by health-and-welfare plans operated by their own unions. In many instances they consider those programs offer better protection than they would receive under the proposed new law.

The law also would require regular deductions from their pay envelopes to help underwrite the cash-sickness insurance, even though they were covered by some other plan.

Those circumstances, coupled with the fact that the insurance companies are lobbying energetically against the bill because it would create a State Fund with which they might be unable to compete, in all probability will mean the doom of the measure.

After he had won the title of Tampa's most courteous police officer and had been given a trip to Havana in a contest sponsored by a branch of the American Automobile Association, Patrolman J. W. Hause, 38, was fired from the force and fined $300 for stealing nickels from parking meters.

Letters to the Editor

CANDIDATE FOR SCHOOL COMMITTEE

Editor, Newton Graphic:

Mr. Guernsey Camp of Auburndale, present School Committee-man in my district, has advised me that he does not intend to stand for re-election this fall. Mr. Camp for the last six years has made a marked contribution to the high standards of Newton's educational system through his services on the Newton School Committee. The entire community is indebted to Guernsey Camp for the unselfish giving of his time, service and wisdom during this period.

I wish to formally announce my candidacy for the office that Mr. Camp is leaving vacant and will enter nomination papers for School Committee membership. The many years of association with our schools and children have given me both the background and the desire for further service for the schools of Newton. Eleven years of activity in the Parent-Teachers Association of Newton have built an appreciation and understanding of Newton's high standards of education and the desire of its citizenry to maintain them. During these years, I have served as Chairman of the Building Committee of the Auburndale P.T.A., Secretary of the Auburndale P.T.A., President of the Auburndale P.T.A., Committee Chairman of the Warren P.T.A., Member and Committee Chairman of the Newton P.T.A. Council, Chairman of the Organization Committee of the High School P. T. S. A. and President of the Newton High School P. T. S. A. These positions in the P. T. A. have been educational and inspiring to me.

I have also served as Chairman of the Juvenile Problem Committee of the Auburndale Village Improvement Society and am at present First Vice-President of that organization. My experience in trade association work includes President of the New England Radio Wholesalers' Association, President of the Cycle Jobbers Association of America, Director of the Bicycle Institute of America, Chairman of Conferences of the Photographic Distributors of America.

It is my belief that experiences such as these should stand me in good stead to serve the community as School Committee Member if elected in the fall elections. The urging of many of my friends in our city has created the needed additional inspiration.

I also wish to announce that I am tendering my resignation as President of the Newton High School P. T. S. A. at the Executive Committee Meeting on Tuesday, June 14, 1955. I know that this wonderful organization will carry on to new heights under the leadership of its new president and the wonderful organization of parents, teachers and students.

MANUEL BECKWITH.

OPEN LETTER TO THE ALDERMEN

I am writing you as a member of the Mason-Rice P.T.A., and the mother of a third grade boy.

It seems that if there is need for a bigger and better school for our present children and the increased future numbers, that there is an equal need to preserve the site of our playground, solely, as a playground, for those same children.

I am in sincere accord with Mr. Kreske and Mr. Holt, who presented so fine a plea to honor the trust and wishes of the Bray family who gave a part of the playground.

There is now a group of houses with a "For Sale" sign near the Bowen street site. Could these be purchased by the city as site for the school? Is it possible to buy into the open area adjoining, providing this land is not also a trust? If this is playground land, and we thereby lose some for the school, could not the city compensate the loss at the Bowen street end by donating the area adjacent to Pleasant street and Tyler terrace for playground use?

I have lived at the junction of Tyler terrace and Pleasant street for seven years, and certainly cannot foresee how Pleasand street, which is so circuitous and hazardous, could possibly be made safe for a school. Widening the street could not remove the curves.

We in Newton Centre are also privileged to have a resident playground caretaker who maintains some order among the "teenagers" and all the "Davey Crocketts." His care, certainly contributes to the appearance of the grounds. Would the proposed new schol site cause the loss of the caretaker?

Social workers, struggling with juvenile problems, advise "increased, wholesome, recreational areas."

Are we, as a group, too eager for a materially modern school to match those in other parts of the city?

Isn't it lacking in forethought to break a trust — and lose part of our playground?

Window on Washington

by Your Congressman **LAURENCE CURTIS** - 10th District, Mass.

(Editor's note: Congressman Curtis, who represents Newton, Brookline, and seven Boston wards, this week begins a series of special reports from Washington).

WASHINGTON, D.C., June 15—In almost every legislative body the big, difficult questions are apt to come up towards the end of the session. It takes longer to handle these problems. There is a natural tendency to put off making difficult decisions. So Congress has reached the point where the larger issues are coming up for action thick and fast.

The Foreign Aid bill is one of the most crucial and critical issues in these days of a divided world and of the cold war. The program of economic aid has largely had its day. Most of it has been given up except in Asia. The emphasis is on military aid, and a good majority of the Senate voted last week for its continuance.

Proponents say that the purpose of the vast, $3½ billion expenditure is really not so much to aid foreign nations as it is to secure and insure the safety of our own country. We would be endangered, they say, if there were no halt to the onward march of Communism—if the remaining nations of the free world were overcome by arms or by subversion one by one.

In a Memorial Day address in Brookline, I remarked that the American people had given of their manhood and their treasure without stint to hold the line against tyranny—that their sacrifices and exertions for the cause of peace were unprecedented.

I said, too, that where national safety is involved, one did not count costs; and that past programs of foreign aid undoubtedly produced great improvement in the position of the free world.

To my mind, too much has been made by some commentators of the fact that certain Senators of the President's own party wanted to trim his program by providing that some of the amounts for economic aid should be half-loaned instead of wholly granted.

I see nothing wrong with sincere differences of opinion of that sort. It is not in the American tradition that Senators should submerge firmly held views at the behest of the Chief Execuive. Reasonable oposition often tones down and improves a piece of legislation. We can expect more of the same in the House.

Visitors to my Washington office this week included Port Commissioner Richard I. Goodrich of Boston and Mrs. Aaron Halpern of Brookline.

Health For All

PLEASINGLY PLUMP?

All this talk about the dangers of overweight—does it really matter? You aren't really fat, just pleasingly plump. Your idea of good eating is a luscious layer cake, not the rabbit food you find in reducing diets. What are the real facts about overweight?

Overweight does shorten life. At the age of 50 a healthy man can expect to live to 70, but fat will cut him to about 57. People who are fat in their 20's have a death rate 80 per cent higher than normal. Imagine carrying around wherever you go, for years on end, a 50 pound bag of cement—even a 20 pound sack. Of course, you'd be putting a strain on your joints and making extra work for your heart.

Fat people are more subject to disease than those with normal weight. Their chances of getting high blood pressure, coronary heart disease, and diabetes are several times greater. The risk in major surgery is greater.

In recent years there has been evidence that it isn't just carrying extra weight but the process of putting on the weight that is most dangerous. While a person is putting on fat, especially when there is a sudden increase, he is apt to be depositing fatty material on the inside of his blood vessels. The heart may not get enough blood and a heart attack will be the result.

If you are already overweight, you need not give up. If the deposits of fat in the blood vessels haven't gone too far, they may disappear. You can definitely increase your life span by losing weight.

There's no easy way. If you have a tendency to overweight, it's a lifetime job keeping those pounds off. You really must want to do it. If you don't want a healthy old age, no one can make you eat less. That's the only answer to excess fat. You can and should eat wide variety of nutritious foods, but you must eat less.

Make Your Home Cool as a Mountain Retreat this Summer!

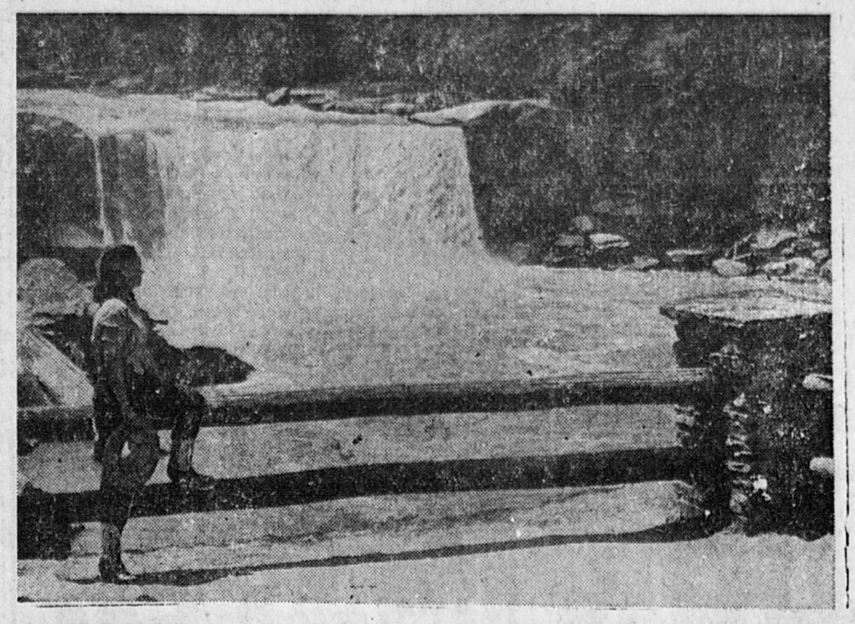

Modern Air Conditioning . . Tailored for Your Comfort!

It is never until after they have purchased that folks know how really wonderful air conditioning is. Gradually they find that it does more than simply keep them cool—it literally brings them a new way of life and a new way to live it.

Their fresh, clean comfortable home becomes a more pleasant center of relaxation than any place they could go. Friends drop in oftener—evenings are more fun. They laugh more, too, because they sleep better, feel better; menus seem more nutritious since it's not a chore to cook, a task to eat. Sniffly, allergy affected noses learn to behave in even the most troublesome weather. Youngsters take their daytime naps wtihout complaint.

Even the home itself "feels better." Drawers and doors don't stick. Things are cleaner. Salt shakes don't clog; mold and mildew don't collect; rust is discouraged; moldy odors are prevented.

Just ask the folks near you who have installed Frigidaire air conditioning . . . They'll tell you how completely they're enjoying this grand new way of life.

IMAGINE BEING where the high western mountains cascade ice-cold streams through beautiful forest glens and "feel" that beautiful clean, crisp air.

This is the feeling you get with a Frigidaire Room Air Conditioner. The young lady in the picture certainly must have that "feeling" as she views her beautiful surroundings, she seems so cool and comfortable.

A phone call to Frigidaire Sales Corporation's dealer in the Brighton area, Conaty's of Brighton, STadium 2-3300, will make quick installation of a Frigidaire Room Air Conditioner possible; you will be assured of prompt and efficient service from the moment "Joe" Donovan takes your order.

Over 22 Years of Reliable Service in the Newtons

NEWTONVILLE ELECTRICAL CO.

Newton's Leading Appliance Dealer

439 NEWTONVILLE AVENUE

Residents of Stone Institute Thanks Council of Churches

"The women here at Stone Institute have enjoyed so much the Sunday services brought to them by the different Newton ministers who have come up here every other Sunday afternoon, that now, at the close of the season, they feel they would like to contribute their offerings made during the year to the Newton Council of Churches, which made the services possible."

So Mrs. Helen C. Stevens, matron, explained as she introduced little Miss Lizzy Tompson, 95 years of age and one of the oldest residents of the Home. With Mrs. Mary B. Smith and Miss Grace Walker, two other members of Newton's senior citizens at the Stone Institute, Miss Tompson presented a check for $25 to Arthur T. Gregorian, president of the Newton Council of Churches. Rev. Russell H. Bishop representing the Newton ministers who give their time generously and gladly to bring church services to these elderly people, was present at the brief ceremony.

During the past year the following ministers have conducted services at Stone Institute: Rev. Henry Beukelman, Rev. Edgar Helms, Rev. Ray Eusden, Rev. Sydney Adams, Rev. Randolph Merrill, Rev. Russell Gundlach, Rev. Willard C. Arnold, Rev. Gustave Todrank, Rev. Chauncey Blossom, Rev. Frederic Groetsma, Rev. Hamilton Gifford, Rev. Ross Cannon and Rev. Russell Bishop.

This thoughtful attention to the needs of a small group of elderly people is one of many ministries carried on by the Newton Council of Churches, extending beyond the reach of individual parishes the work of the church in the community. Pioneering in the field of church and medical cooperation, the Newton Council and the Newton-Wellesley Hospital, under the direction of William S. Brines, during the past year have worked out methods of ministering together to the spiritual and the physical needs of the patients there. Rev. Edgar Helms is the Council's Chaplain at the Newton-Wellesley Hospital. Rev. Robert Sargent is Chaplain to the Boy Scouts and conducts services at Nobscot.

The Council anticipates having a Chaplain to the Aged, in order that the sort of ministry so warmly welcomed at the Stone Institute may be possible at the 30 or more other rest homes and homes for the aged in Newton. Plans are also under way for chaplain to the Police and Fire Departments.

Vital to all work done by churches either individually or working together is the matter of fund-raising, and here the Newton Council of Churches again has pioneered. About 15 years ago Newton set the example of a United Church Canvass, now the pattern in many communities. And last fall the Newton Council introduced to the churches of Newton the plan of fund raising developed by Rev. Neil Pendleton. Following the proven methods of Mr. Pendleton, the Newton churches which cooperated in this initial experiment found their church budgets increased by from 20 to 70 per cent.

Religious education is, to many church people, the most important single aspect of the church's work. In the words of Dr. J. Quinter Miller, assistant secretary general of the National Council of Churches, speaking at the Newton Council's recent Annual Meeting: "It is my conviction that only religion can give ultimate meaning to men's aspirations and that education is the process through which these meanings become creatively effective. The place of religions in the community's education is a 'more than denominational' task which can be performed best cooperatively."

In this area the Newton Council now has two significant contributions to make. Each fall the Council arranges a teacher-training program. Again this coming fall the program will be under the direction of Mrs. Jenny Winsor, director of religious education at the First Congregational Church, and will offer courses by a well trained staff. Each summer the Council operates a Vacation Bible School for children on the campus of the Andover-Newton Theological School. Directed again this year by Harry V. Anderson, Principal of the Claflin School, the school is entirely staffed with trained teachers who also have training in religious education.

The Newton Council, growing in strength and in the number of its specific projects each year, is becoming an increasingly strong force in the community for bringing together Protestant people in one great Christian ministry. Each fall the Council holds one general meeting to which all interested people in the community are invited. Last year over 800 people crowded the capacity of the Newton Centre Baptist Church to hear the world-famed Dr. Frank Laubach speak of the hope of the world in terms of teaching the world's illiterate millions to read. Each year the Council of Church Women, a member group of the Council, sponsors the World Day of Prayer, the first Friday afternoon in Lent, when Christian women the world around join in a globe-circling service.

To quote Dr. Miller again: "The day in which merely conferring together about what churches should do together is closing. Yesterday the churches talked about what the churches need to do together. Today the churches cooperatively decide what can best be undertaken together. Tomorrow, by becoming more obedient to the Holy Spirit's ecumenical leading, they forward their growing together with greater unity and power. The times demand such action. The Gospel constrains us to respond."

The Newton Council of Churches agrees with Dr. Miller and is hard at work on its task.

STONE INSTITUTE GIFT—Miss Lizzy Tompson, who at 95 is one of the oldest residents of Newton's Stone Institute, is shown presenting a check for $25 to Arthur T. Gregorian, president of the Newton Council of Churches. The gift is the sum of voluntary offerings taken during the year at Sunday afternoon services conducted at the home under the auspices of the Newton Council. From left to right are Rev. Russell H. Bishop, pastor of the Newton Centre Baptist Church and one of the ministers who officiated at the services, Mr. Gregorian, Miss Tompson, Mrs. Mary B. Smith and Miss Grace Walker, representing the group making the gift. (Photo by Gordon R. Wilk)

Plan Count of Television Sets In Homes

New national figures on the number of television sets in households will be provided through supplementary questions to be asked in the June Current Population Survey, according to Supervisor J. Ralph Emerson of the Census Bureau's district office at Boston, which will participate in the survey.

The survey will furnish information on the number of households which have television sets and also the total number of sets in households. Television sets in commercial establishments will not be counted. Statistics will be published for the Nation, for urban and rural areas and by size of city.

A question on television sets in households was included for the first time in the 1950 Census of Housing. This revealed that 5,000,000 or 12 percent of the Nation's households in that year had television sets. Continued growth of the television industry since 1950 has resulted in the need for the current survey which is being paid for by the industry.

The television questions will be in addition to the usual inquiries on employment and unemployment which are asked each month in the Current Population Survey. The information will be collected locally by Mrs. Sadie Better of Chelsea, Mrs. Gwendolyn Hornbeck, W. Medford, and Mrs. Linnaea Thelin of Reading.

Cool Weather Fails to Stop Swimmers

Cool weather didn't stop the opening of Crystal Lake Saturday, it merely brought out the heartier type of swimming enthusiasts. Approximately 350 Newtonites were at the opening.

In the morning before the Lake opened, Gilbert Champagne, Newton Chairman of the American Red Cross, reviewed the Life Guards on the methods of artificial respiration and the use of the resuscitator. The Life Guards were assigned their responsibilities.

In the words of Recreation Comm. C. E. Johnson, "I like to think of my men as being Life Guards rather than Life Savers, that is, they prevent accidents before they happen."

College Notes

At the Mount Holyoke College 118th commencement held June 5, two Newton girls were graduated with honor. Kristin Swanfeldt, 214 Bellevue street, Newton, with honor in French and Sylvia Zottu of 95 Country Club road, Newton Centre, with honor in chemistry.

With their knowledge and experience in the drug trade, the Councilors aid in the task of coordinating the operations of E. R. Squibb & Sons with the needs of the retail pharmacists. THE NEWTON LITTLE LEAGUE Tag Day, conducted throughout the city last Friday and Saturday, proved a big success. Among those who took part in the drive were Mayor Howard Whitmore, Jr., James Murphy of the Newton Recreation Board; Kevin Murphy of the North League; John Mead of the West League; Dave Nixon of the Central League; Mark Neberer of the South League and Bob Pollen of the East League.

Local Fire Department Cited At Annual Memorial Services

At annual memorial services Sunday of the Newton Fire Department in the auditorium of the Mason School, Newton Centre, the local department was praised as "one of the most modern and efficient" in the country by Wendell R. Bauckman, president of the Board of Aldermen.

"It is fitting that a day should be set aside to pay our respects to the firefighters of the nation who have passed away," declared the aldermanic president. "Thousands have died in service to their communities and untold others have been injured in fighting fires in their attempt to protect life and property. In my memory, several have died in the line of duty in Newton and many have been badly injured."

Terming the firefighter "a very valuable man in every community in time of trouble," Bauckman praised the department's outstanding work in raising more than $1000 for the Muscular Dystrophy Association.

He traced the history of the department from the formation of an engine company in 1813 in Newton Lower Falls. "Newton now has one of the most modern and efficient fire departments in the country," he said, "protecting approximately 90,000 people and $391,000,000 of real and personal property with 236 firefighters and officers and an annual appropriation of $1,081,000.

"We all can be justly grateful to the men who through the years have developed the standard of efficiency and service the department now enjoys."

The program was opened by Chief John E. Corcoran, and the invocation was offered by Rev. Daniel F. Quinn of St. Bernard's Church. Rev. John M. Balcom of St. Paul's Episcopal Church offered the benediction. Music was provided by the Police and Fire Departments Glee Clubs under the direction of John Geary.

Taps were sounded by Firefighter Francis P. Foley. After the exercises, a large wreath was placed at the Firemen's Monument on the Fire Headquarters lawn.

Among those present were Aldermen Charles H. Cosgrove and Miss Adelaide B. Hall, and Assistant Fire Chiefs Frederick A. Perkins Jr., Henry L. Murphy and John L. Martin.

PAUL F. THERIAULT of 149 Lowell avenue, Newton Centre, an assistant producer-director of Television Station WMVT in Vermont, who has been awarded a National Boston University WGBH-TV scholarship. Mr. Theriault was graduated from the University of Vermont last year and from the School of Radio Technique in New York last summer.

Pre-Primary Act Survives Strong Attack

The Pre-Primary Convention Act of 1953, written by Representative George E. Rawson (R.-Newton) and used successfully by both major parties in 1954, has survived a strong attack in the Massachusetts House of Representatives.

The Act provides that the delegates to the convention be chosen by ward and town committees. The opposing faction filed four bills seeking its repeal and eight proposing an April primary at the current session of the General Court. The Committee on Election Laws rejected all the bills but one, which would leave the delegates to be chosen in the April primary.

The proposal was opposed by the Republican members. Representative Rawson, in dissenting, pointed out that "The Primary would cost the taxpayers more than $1¼ million." Under the House rules, the bill was referred to the Committee on Ways and Means.

The Committee rejected the bill in a bipartisan report on the grounds that the present law is effective for both parties and tends to strengthen the two-party system. The bill was defeated by a standing vote of 68-31.

A move for reconsideration was refused by a roll call vote of 107-127.

"Thus the present law remains unchanged," Representative Rawson said. "The choice of convention delegates by the ward and town committees worked out very well in the 1954 convention. It will work even better in the future because it will produce stronger and more active political committees due to the responsibility given them. It will therefore strengthen the two-party system under which America has grown great.

"Since every town and every city ward has at least one delegate to the party convention, plus additional delegates based on the number of votes cast for the party candidate for governor at the preceding election, representation is kept at the 'grass roots,' which is good American democracy at work."

4 From Newton Are Named By Commission

The names of four residents of Newton appeared on the list compiled by the Massachusetts Commission on Communism and publicised in the State Senate last week.

They were: Marcus M. Alper of 63 Audubon drive, Chestnut Hill; Alda and Warren Manning of 12 Valleyspring road, Newton; and Mrs. Mary Rackliffe of 49 Bowdoin street, Newton Highlands.

The Commission stated that what it called "creditable evidence" had been gathered indicating that the men and women named were at some time connected in some way with communism. All have been given an opportunity to file a reply.

Residents Vote Favoring "Tots" Playground

Residents of the Charlemont street district of Newton Highlands voted 24 to 12 at a public meeting of the Recreation Committee in favor of using the lot at the corner of Goddard and Christina streets for a "Tots' Playground."

Recreation Commissioner C. Evan Johnson reported that the commission planned to fence in about 18,000 square feet, which is owned by the city. The plan is the result of a petition submitted by the residents of the area.

The playground would be for children kindergarten through second grade age. It would have a wide assortment of play equipment and numerous shade trees. The playground would not be supervised by Recreation Johnson said.

Those residents in favor of the proposal, led by Mrs. Helen Stone of 65 Bernard street, Newton Highlands, maintain that the rapid development of the area has left no vacant land for play, and the paving of Goddard street has resulted in an increased amount of faster traffic. The nearest playground is about a mile from the area.

Frank Woolway of Goddard street, Newton Highlands, led the opposition. He asserted that none of the owners of adjoining property were contacted by the petitioners. He expressed the fear the abutters would be bothered by a large number of unsupervised children.

The Pirates behind the stellar pitching of Clayton McKindra pushed over three runs in the third inning to hand the Redlegs their first defeat of the season. On Saturday afternoon the Orioles scored in every inning except the third to down the White Sox 7-4. A late inning rally by the White Sox, who were driving for their first win of the season, fell short when the Orioles pulled off a neat double play to retire the side and end the game.

The Orioles bunched all their scoring in two big innings — tallying six runs in the fourth and four runs in the sixth to outscore the Pirates 10-9 at Gill Stadium Tuesday evening. Bob Cornish struck out 12 opposing batters in losing a well pitched game. Jim Hoover of the Pirates and Jim Cokely of the Orioles both collected 2 hits apiece — both getting a double.

The Redlegs held onto first place by defeating the White Sox, 8-3. Johnny Kotsaftis hit a double and a single and Charlie Paine also had two hits to lead the attack. Peters, making his first mound appearance, allowed the Redlegs only 5 hits. The summary:

Newton Youth West Newton Unitarian Church

Following the perennial neighborly custom of combining services and exchanging pulpits for the last two Sundays in June, the Rev. John Ogden Fisher, minister of the First Unitarian Society in Newton, will preach Sunday morning, June 19, at the Second Congregational Church in Newton. On Sunday morning, June 26, the West Newton Unitarian Church will be host to both congregations, with the Rev. Ross Cannon, D.D., of Second Church as preacher.

Philip W. and Laura Cranshaw, 28 Orchard avenue, West Newton, were named co-presidents of the Couples Club of the West Newton Unitarian Church following the final cookout gathering held at the home of Dr. and Mrs. Morris H. Adler, Newton. Other new officers for the coming year include Robert L. and Reba Townsend, 12 Balcarres road, West Newton, co-vice-presidents; and Stanley and Lois Kraus, 69 Orchard avenue, West Newton, secretary - treasurers. Dr. and Mrs. Lowell V. Coulter, 244 Prince street, West Newton, who are returning shortly after a year at Oxford University, England, were named co-chairman of the program committee.

Newton Children May Still Enroll In Art Festival

Newton school children from the third grade through high school may still enroll in the "Festival of Arts" section of the Harvard - Newton Summer Program.

Only certain academic classes are filled. Applications are still being accepted for the Claflin School section (grades 3-5), and the Weeks group (grades 6-12).

Activities at the Claflin School will include art, modern dancing, and various music groups. The older children at Weeks School may join groups in dancing, art, band, orchestra, industrial arts and instrument instruction. Between classes, they may participate in a recreation program on the athletic field and swimming in nearby Crystal Lake.

Conducting the art activities at Weeks will be F. Eleanor Elliott, supervisor of art education in the Newton Public Schools. Joseph Slyva, instructor at the Weeks School, will head up the industrial arts sections and Donald S. March, Dante J. Ippolito and Eva Jo Gregg, all members of the Music Department, will instruct various music groups. Miss Gregg will also take charge of the dance classes.

Recreational activities will be supervised by Frank Harrigan, a teacher at the Underwood School in Newton Corner.

Interested persons are invited to contact Donald S. March, Division of Instruction, 88 Chestnut street, West Newton 65. Tel: LA 7-9300.

Cadillac

First of Its Happy Owners!

The Cadillac you see in the picture has just started out on Mission Number *One:* to make its first owner and his family members of the happiest motoring fraternity in the world—for as long as they wish.

And then it will be ready for Mission Number *Two:* to do the same thing for its *second* owner. And so on, in turn, for its *third* owner and its *fourth*—and, mayhap, for an almost indefinite number of others.

In fact, a Cadillac just about refuses to give up, if it is treated fairly and driven with common sense. Even after the body has ceased to exist, the heart of a Cadillac often beats on.

You can see those tough old engines and chassis everywhere. Maybe you'll see one supplying the power for a country sawmill . . . or pulling a plow . . . or serving as a truck, with an improvised body. Give it regular, decent care—and a Cadillac chassis is all but indestructible from normal usage.

Of course, as the purchaser of a new Cadillac, you would not expect to utilize more than a minor portion of this ability to serve. You would look forward to changing models from time to time, in order to enjoy the benefits of styling and engineering advancements.

But what carefree and satisfying performance this quality foretells for the period during which you *would* expect to keep the car! It is the world's best guarantee of the first owner's satisfaction.

All this, of course, is just one more solid reason for owning a Cadillac—in addition to such *obvious* reasons as beauty and luxury and pride of ownership.

Better come in today—and be the *first* of a Cadillac's proud and happy owners.

N-W Hospital School of Nursing Graduates 41

At afternoon exercises held at Winslow Hall, Lasell Junior College in Auburndale, 41 young ladies received their diplomas denoting completion of three years' nursing education from Mr. Mark C. Wheeler, Hospital president.

The ceremonies marked the conclusion of the 67th year of the School of Nursing of Newton-Wellesley Hospital.

Following the processional, the invocation was offered by the Rev. Edgar Helms of the Methodist Church, Newton Lower Falls. The Glee Club next presented two choral selections. Dr. Dean A. Clark, General Director of the Massachusetts General Hospital, gave the graduation address, in which he offered some practical advice for future careers in nursing.

Miss Myrtice L. Fuller, Director of the School of Nursing, presented the Class to Mr. Mark C. Wheeler, Hospital president, who in turn handed the diplomas to each graduate.

Mrs. Arthur C. Wikstrom presented Mary M. Riddle scholar awards to Shirley Wells, Sandra Freitas, Diane Bateman, Janet LaTona, Kathleen Moran, and Sandra Todd of the Class of 1956, and to Barbara Hayes, Mrs. Marilyn Johnson Lund, Virginia Martin, Helen Wetherbee, Mrs. Elaine Kerivan, Joanne Cugini, and Virginia Berry of the graduating class.

Mrs. Paul T. Babson of Wellesley, president of the Newton-Wellesley Hospital Aid Association, Inc., presented the Hospital Aid Award to Virginia Elizabeth Martin of Natick. This award is for outstanding scholastic ability, nursing ability, and citizenship.

Following the awards came

Awarded Scholarship In Group Development

Miss Miles is a member of the National Art Education Association, a department of the National Education Association, and will represent that organization at the Laboratory.

POLITICAL OVERTONES

Action, Not Futile Talk, Needed to Solve Prison Problem; Democrats Miss Leadership That Tobin Could Have Given

Democratic members of the State Legislature may overplay their hands, if they go to too great lengths in attempting to make political capital of Governor Herter's proposals for sweeping changes in the State's prison system.

Some of the lawmakers act as if they were preparing to settle down to a summer of quibbling and quarreling over the Governor's recommendations.

A tipoff as to their attitude was provided, when a majority of the members of the special legislative committee considering the suggested penal overhaul voted to seek $25,000 to hire legal counsel and clerical help and to cover their own TRAVEL expenses. The request subsequently was pared to a $10,000.

Those legislators who hope to wind up their deliberations as quickly as possile and prorogue not later than Aug. 1 are not apt to take kindly to the idea of prolonging their session while a handful of their colleagues put on a $10,000 political act.

Most people are likely to agree that the time has come for a minimum of talk and a maximum of action on the State's prison problem, and any attempt to convert the present situation into a political holiday could arouse widespread public resentment.

Is Winner of Scholarship In Oratory Test

NHS Gains Third State Title As Tigers Nip Chicopee 5-4

After a three-run lead vanished with two out in the ninth inning, Newton High rebounded with a two-out tally of its own to take the State Championship by a 5-4 count over Chicopee Saturday afternoon at Boston University Field.

The Tigers seemed well on their way to an easy victory when all-scholastic Russ Halloran fanned two and walked one in the last frame. But Chicopee third baseman Richie Kagan — who gathered four hits off Halloran's right-hand slants — banged out a single, and Tom Skypeck blasted a 400-foot drive to right center for an easy four-bagger.

In the home half of the ninth, Kenny Keyes lifted a soft fly ball to left that the outfielder muffed for a surprise error. Then sophomore Jack McCree, running for Keyes, pilfered second base. With two away, Chuck Fogarty lined a hard

Newton Woman Awarded Citation At Convention

50 Years A Member of Sorority

Mrs. Ernest A. Dockstader, 303 Highland avenue, West Newton, received honors at the 24th National Convention of Alpha Xi Delta at the New Ocean House, Swampscott, Massachusetts, when presented with the Order of the Rose for 50 years of membership. As Bess Eleanor Adams she was initiated into the fraternity in 1905 as a charter member of Theta chapter at the University of Wisconsin.

Dr. Elizabeth G. Van Buskirk, the National President, was delighted that Mrs. Dockstader was one of the four 50-year members present for her to ward the certificate in person at the Achievement Dinner Thursday night. The chief speaker of the evening was Mrs. Glenn Miller Wise, Secretary of State of the state of Wisconsin, who had been presented to and spoke before the Massachusetts Legislature earlier in the day.

Mrs. Dockstader expressed her gratitude extemporaneously upon receiving the honors, standing at her place to say, "The younger members may wonder how anyone who receives this award can attend and be able to enjoy such a meeting. I understand you had exhibit A in Pasadena at the last convention. You are now looking at exhibit B of what happens to you when you have been an Alpha Xi Delta for 50 years.

"Alpha Xi Delta has added so much to the joy and has contributed so many of the worthwhile things in my life. If anybody wants to live a long and happy life, be true to the principles of Alpha Xi Delta. Whatever you put into your college life will come back a thousand fold."

Mrs. Dockstader appeared again at the head table Satur-

(Continued from Page 1)

She is one of five representatives of various educational organizations throughout the nation selected to receive scholarships. Announcement of the awards, offered for the first time this year, was made by Leland P. Bradford, NEA Division of Adult Education Service and director of the Laboratory.

Sponsored by the NEA and the Research Center for Group Dynamics at the University of Michigan, Ann Arbor, the Laboratory was established in 1947 to aid those individuals whose jobs are directed toward working with groups of people either in organizations or communities. A number of universities and institutions cooperate in providing staff members for the Laboratory.

Miss Miles, along with other award winners, will spend three weeks in Bethel studying with 135 official delegates who have been selected to represent leaders from industry, government, and national organizations as well as educators from all parts of the world. The delegates are chosen on the basis of occupation, geographic area and potential need for extensive training in group development, according to Dr. Bradford.

"Despite the fact that we have long organized, lived, and worked in unions, clubs, conferences, staffs, committees, families, we do not know too much about how to train people in human relations," Dr. Bradford said in explaining the purpose of the Laboratory.

"What makes some groups of people act or *not* act is a relatively new field. It is one thing to get a person to *think* differently, but it is very much more difficult to get him to *act* differently. The pressing need or training and research in this area of human relations led to establishment of the Laboratory."

Mr. Clendenning Smith directed the Glee Club, while Mrs. Clendenning Smith served as accompanist.

Present at the exercises was Miss Susie Watson of the Class of 1905, the oldest living graduate of the School, who is celebrating her 50th anniversary of graduation from the school.

MARY AUDREE DIAS

Graduates First In Her Class

She received the following awards, Certificate for Excellence in Scholarship, Gallagher Gold Medal for Religion, Gold Medal for Biology, The Catholic University of America Affiliation Diploma, Magna Cum Laude Certificate for Latin, and a Silver Pin for Typing. She was on the Great Distinction Honor Roll for her four high school years at the Academy.

Her extra-curricular activities included Editor-in-Chief and Business Manager of their yearbook, "Voices from Oakland," and ticket chairman of the Prom committee.

She is entering Georgetown University School of Nursing in the Fall.

single to left. The left fielder came running in for a shoestring catch, changed his mind, hesitated, and missed the line drive on the bounce as he wavered.

McCree spurted across the plate before the ball was recovered deep in left field, and he was promptly swarmed over by teammates and enthused fans. Another mob swept Fogarty onto their shoulders and joy reined supreme as Newton added its third spring sports state title, matching ones already earned in track and tennis.

Also receiving his share of congratulations was junior sensation Halloran, who will be back next year to plague Suburban League batters with his blazing fast ball and sweeping curve. Russ won all four tournament teams, set a tourney record by fanning 16 Chicopee players, wound up with 11 wins for the season against only one defeat, and led the squad in league batting.

Newton hopped off into the lead in the second inning. Alan Martin — another outstanding player slated to return — was hit by a pitch. Billy Reilly grounded a single to center, and Martin scored as Skypeck bobbled the ball.

The Tigers stretched their lead to four runs in the third with a rally on four singles, a walk and an error. Fogarty started the rally with a single to center, and Willard Hamill—Newton's second all-scholastic—beat out a bunt down the third base line.

Chicopee's coach called for an intentional pass to Halloran to load the bases, but Steve Herring slapped a single to right. Fogarty counted on the safety and Hamill was thrown out at the plate. Martin then singled to left and two runs scored as the left fielder committed the first of his three miscues.

The losers scored their first run in the fifth inning with two out on a single, a passed ball and another single.

day noon at the Mother-Daughter luncheon. She was joined there by her daughter, Mrs. Louis C. Chamberlin nee' B. J. Dockstader of 74 Washington avenue, Needham. Both mother and daughter became members in the same chapter at the University of Wisconsin, where Mrs. Wise was a member. Madison was the scene for the 50-year celebration of the forming of this chapter last May, and Mrs. Dockstader attended this event as well as most of the sessions of the 24th National Convention.

Now as the National Council remains at the New Ocean House to plan the work of the 1955-57 biennium, they are hoping to see Mrs. Dockstader again at the Edgewater Gulf Hotel at Edgewater Park, Mississippi, June 26-30, 1957.

New Graduated Income Tax Plan Hit by Rawson

Massachusetts may become known as "Taxachusetts" if the proposed Graduated Income Tax Amendment to the state Constitution became law in its present form, Rep. George F. Rawson charges in a plainly-worded statement this week.

The tax could prevent industries from locating in the state, could block local industries from hiring outstanding executives and would impose an unnecessary hardship on retired people who depend on "unearned income" for their livelihood.

"On numerous occasions," explained Rawson, "I have stated that I would never consider voting for such an amendment until and unless the proponents would agree to wrap all classes of income — earned, so-called 'unearned', capital gains, etc.— into a single package.

"This is now done by all the states which have a graduated income tax, but those proposing it for Massachusetts have been unwilling to do so. When the proposed was before the Joint Convention of House and Senate recently, Rep. Harrison Chadwick of Winchester offered such an amendment. I seconded it and both of us urged its passage, but it was rejected."

The reason for the rejection, he continued, "is easily apparent." Proponents of the Graduated Income Tax want to apply it to "earned income" only, keeping the 7.38 per cent levy on other forms of income. This latter tax, said Rawson, "oppresses the widow and retired people, and is driving hordes of worthy citizens out of the state."

The proponents forget, charged Rawson, "that over 72 per cent of the corporate securities of America are owned by persons whose income is less than $5000 a year—the 'little people' of whom some of my associates talk at length, but for whom they do little.

"They also wish to keep the 7.38 per cent tax on capital gains. This tax has done a great deal of harm because it restricts the flow of capital into investment in business enterprise which employ Tax people. The tax ceiling of several states having a Graduated Income Tax is seven per cent, which is less than we tax investment income and capital gains.

"There are other bad features connected with a graduated tax," said the Newton legislator. "It can be a positive hindrance to business and industry locating here. The owners of prospective business are likely to avoid locating here if they see that they and their important employees are to be subject to such a tax. It can prevent our local industries from being able to hire executives, since the executives might rather hold positions elsewhere where the tax picture is more favorable.

"There is a further damage in a graduated tax. It is not the first "graduation' but rather the 'commencement' which may follow. The first graduation may be a very modest percentage, which will be fair. However, suppose we have an extravagant governor and a spendthrift legislature—a combination which plagued Massachusetts a few years ago. The legislature is forbidden to prorogue (end its term) without voting the taxes to meet appropriate bills. A 'temporary' increase in the graduated tax will be voted in desperation,' Rawson predicted. "History teaches that 'temporary' taxes become permanent. Massachusetts will become Taxachusetts in no uncertain terms. The story of federal taxes should teach us a lesson in this respect.

"There is only one answer," concluded Rawson. "Government must spend less, and people should ask less of government, for there is a price tag attached to everything that is asked of government."

Is Commissioned Second Lieutenant In Air Reserve

William H. Stierli, son of Mr. and Mrs. Alfred Stierli of 21 Lasell Street, Auburndale, was recently commissioned as a second lieutenant in the Air Force Reserve after successfully completing four years of training with the Air Force Reserve Officers Training Corps Detachment at Massachusetts Institute of Technology. The commissioning ceremonies were held in the Kresge Auditorium at M.I.T., and Brigadier General Kurt M. Landon of the Air Force's Air Research and Development Command was the guest speaker.

During his senior year as an AFROTC Cadet, Stierli held the grade of Cadet First Lieutenant and was an assistant flight commander in the Cadet Second Squadron. He graduated from M.I.T. with a Bachelor of Architecture Degree in Architecture.

Upon call to active duty, Lieutenant Stierli will undergo a two-week orientation course at Lackland Air Force Base, Texas, after which he will be assigned to one of the many Air Force Bases in the United States to work in a duty consistent with technical education he received at M.I.T.

News of Day

The Day Varsity baseball team came through a highly successful season, winning 6 and losing only 3. Of the team, coach Boston said, "It is the finest junior high baseball team I ever coached." Although most of the regulars are leaving this year, 5 eighth graders held down berths on the Varsity squad, and will probably form the nucleus of next year's team. The J-V's, while not faring so well in the won-lost column, carried several excellent players, and, if not for some weaknesses, would have also had a good season.

F. A. Day, for the first time, boasted a track team. Four meets were scheduled but one at Medford) was cancelled because of lack of facilities. Day was nosed out by two points for second place in the annual City Meet. This meet, between the four Newton junior highs, is the high spot of the season. 225 boys received letters for track.

The Eighth Grade drama group presented their last production on Wednesday, June 15th. It was entitled "The Princess None Such." The whole play was portrayed in pantomime while Ruth Redland narrated. It was the story of a princess with an uncontrollable temper and a prince who was her last chance.

The prince and princess were played by Paula Zibbell and Kenneth Lappin. Other members connected with the production were Priscilla Annese, Marilyn Connolly, Irene Wolfe, Marie Sullo, Ruth Hyde, Natham Custer, Desmond Reeves, Joan Bautze, Carol Costello, Patsy Bartley, Marlyn Flynn, Maureen Fay, Janice Rideout, Gladys McCullough, Marilyn Leary, Susan Morris, Carl Lombardo, and Carol Opper. The assembly was concluded by Mrs. Holmes' presentation of the Drama awards.

Last Wednesday, June 15th, F. A. Day was entertained by three former Day students. It was a close harmony group consisting of Carol Weeden, Jackie Boudreau, both sophomores, and Lynn Weeks who has just graduated from Newton High School. Some of the songs they sang were "Sincerely", "In the Evening by The Moonlight", and "Davy Crockett." This group was organized at Day under the supervision of Mr. Jurgielewicz, and continued through High School on their own.

The elections were held, last week, for the officers of the class of 1956. The 8th graders who went to the polls chose the people who will lead them through Grade 9. Buddy Russo, 8th grade class president, was re-elected as president for Grade 9. Vice-president is Ted Goldthwaite. Bob Neilson, 8th Grade class treasurer, once again will serve his class in Grade 9. Ted Williamson won the office of secretary. It is hoped that these people will carry on the good leadership of a most successful class.

Now that the club season of Newton has ended until the fall, The Graphic at this time wishes to extend its sincere thanks to those women, and men, who throughout the months have been preparing and sending in notices of their club's activities.

The publicity chairman, or publicity committee for that matter, of any club or organization is one of the most important functions of a group yet a function which is apt to be discounted by many. ingly well written and interestingly re-

Through their thoughts and through the expression of their words, a club's activities is properly focused to the general public's mind and gives many, not already a member, an opportunity to weigh the advantages of a club's work and thus become potential members.

The Graphic wishes to state unequivicably, that the club publicity chairmen of the various organizations in this community rank second to none. With but possibly few exceptions all club news reaching the desk of the editor of this paper, comes properly prepared, exceedingly well written and interestingly presented. These notices give proof that much thought and time goes into the preparation of club news releases.

For this fine work The Graphic wishes to congratulate these publicity men and women and to assure them that they deserve the praise of their membership because their fine work has made their organizations live, vibrant and interesting, not only to their membership but to the public at large.

Summer Thoughts

The longest day of the year arrives day of the year arrives. This arrives midway between the Spring and Fall equinox, when the twenty-four day is exactly half day and half night.

This year the first day of Summer fell on June 21, as it often does, and Summer will last until September 23, which is the first day of Autumn. The hottest days of the year will probably come—if the weather follows the traditional pattern—after the longest day of the year.

This is true, usually, because the earth stores up heat in the period when the sun shines longest. By July and August the earth has stored up great quantities of heat and is likely to register temperatures which exceed those of days which were actually longer in sunlight, which occurred back in June.

Therefore, even though the longest day of the year has passed, the hottest period of the year is still before us.

Summer should bring with it many thoughts. It means vacation-time to many students and it means short vacation periods to many adults.

In this connection, safe driving should be stressed. Actually, conditions for driving are better in the Summer than at any other time of the year. There is more light, no ice on the roads, except in unusually high locations, and motorists generally enjoy safer driving conditions. Yet holiday accidents annually take a terrible toll on the nation's highways.

To make this Summer different from others in the past, drive safely on your trips to the mountains, lakes and beaches. and reduce the death rate, which might include you.

The Vaccine Mess

The Public Health Service, perhaps understaffed and possibly even unfed, financially cannot escape criticism for its policy of letting individual laboratories check their own polio vaccine product this year.

In 1954 there were several checks made on vaccines before they were used. This year the laboratories were supposed to do their own investigating. The fact that at least one manufacturer sent out faulty vaccine has resulted in a tragic number of illnesses, which were preventable.

We regret very much that this happened and that it provokes criticism of the Public Health Office and the Department of Health, Education, and Welfare. Nevertheless, in our form of government those who have the responsibility must accept the blame.

The blame, as we see it, should be finally determined by a real investigation into the causes of the mix-up. Congress has not yet really delved into the release of faulty vaccine by forcing witnesses to appear and by questioning everyone connected with the trouble to testify under oath.

There is much undercover talk in Washington that this is the only method by which the whole business will be cleared up. The rumors that certain highly placed government officials had a hand in getting the approval of the government for the manufacturer whose vaccine turned out to be faulty, in some cases, is also a question which should be investigated fully and completely.

The American people are entitled to the answers and they have not yet been forthcoming. It is up to Congress to search out the answers and get the facts in behalf of the people. This is one investigation which would not be a publicity-seeking, vote-getting effort. As of now, there has been a strange reluctance on the part of congressional committees to get into the question from the bottom up.

And the facts are still obscure. We hope something will be done, and soon, to bring to light the full story of the tragedy which has occurred, in an otherwise bright development.

Your Pets and Vacation

An appeal to pet owners planning a summer vacation to give thought to arrangements for the care of their pets, is both timely and humane.

Those people who have a pet and intend to spend a vacation away from home without the family dog, cat, or other animal with them, should be sure to make arrangements for the pet well in advance of their departure date. Animals, and cats in particular, have an uncanny way of sensing in advance any change in their ordinary routine. Consequently, it is a good idea to keep cats, as well as other animals, under restraint or surveillance while out of doors when vacation time is imminent so that the animal will not be among the missing when the actual moment of departure is at hand.

If left behind when the family closes the house, the dog or cat often becomes a stray or a neighborhood nuisance. Most cases of desertion of animals are unintentional, due principally to lack of foresight in making the necessary arrangements.

If for any reason the animal must be disposed of, it should be taken or sent to the nearest animal welfare organization where it may be placed in a new home or humanely put away.

Slow Down

The closing of public, parochial and private schools for the summer vacation period has released approximately 900,000 Massachusetts school-age children from classroom supervision.

In 1954, during the months of July and August, highway accidents involving children injured 2,337 and killed 17. During this same period, July and August, 11,273 adults were injured and 74 died in traffic mishaps.

During July and August of this year, Massachusetts highways will be more dangerous than at any time in the past because of the abnormal highway travel which is anticipated. Motorists, parents, and other persons responsible for safety supervision must co-operate more fully with enforcement officials who are striving to reduce the number of crippling injuries and sudden deaths caused by traffic accidents.

The annual Slow Down and Live campaign which emphasizes the dangers of excessive speed, speed too fast for conditions, following too closely, failing to yield the right of way, and improper passing is in operation in Massachusetts and other states in the nation. The Massachusetts Highway Safety Committee urges all motorists to drive slower at all times and stressed the importance of parents providing closer supervision to children if we are to protect them from harm.

The 1956 Olympics

There is little reason to hide the fact that many American sportsmen, and even some Olympic Game officials and veterans, think Russia is the favorite to win the 1956 Olympic Games.

Such a belief represents no lack of patriotism, or faith in the youth of America, but is based on solid facts, and developments inside the USSR in recent years. The Russians are training millions of athletes in a manner which is not being matched, or even approached, in the country.

In the 1952 games the Russians almost won unofficial team honors because the U. S. entrants were poor in women's events, in track and field, and wrestling, aid in certain other classes where the Russians took most of the honors—and points.

Since 1952 the Russians have made great progress in other fields, and have developed stars which are sure to give U. S. competitors a run for the money, in our own specialty fields, in Australia next year. The government in this country does not prepare athletes for world contests such as the Olympic Games, so private contributions must be relied upon.

Any citizen is able to contribute by sending in his dollar, or check, to the Olympic Games Committee, the address being available at most post offices. Competitors in these games are amateurs; contributions, therefore, are used to stage eliminations, aid in the search for talent, and provide athletic equipment.

If our system of producing great athletes is to remain a symbol before the world, of democracy, the people of this country will have to give a helping hand between now and 1956. The need is urgent.

Window on Washington

by Your Congressman **LAURENCE CURTIS** • 10th District, Mass.

WASHINGTON, June 22—An Alabama Senator is pushing legislation to have Uncle Sam give free polio shots to all school children. The state of New Jersey has set up a similar program of its own which it finances.

Massachusetts has fared so badly in other federal-aid programs that she can be pardoned for fearing that the suggestion of the Senator from Alabama would thrust a good share of the cost of polio shots for Alabama children onto the taxpayers of Massachusetts, and for urging that the states rather than he federal governmen bear this expense.

Experience with the federal highway aid program gives ground for this fear. The federal two-cent-a-gallon gasoline tax produced in 1954 $3,035,000 from the Bay State and $723,000 from Alabama. During the same year federal highway aid was paid to Alabama in the amount of $14,957,970 and to Massachusetts in the amount of only $9,256,127.

Massachusetts must be vigilant to see that she is not taken for a ride on these federal-aid programs.

BRICKER AMENDMENT

The Bricker Amendment, which stalled the Senate for some weeks when it came up last year, is not dead but sleeping. Senator Bricker has indicated that he is in no hurry to bring it forward again. It seeks to clarify the scope of the treaty-making power of our Chief Executive as affected by constitutional limitations.

President Jefferson once made a statement which has an interesting bearing on the Bricker Amendment, and was quoted here recently:

" . . . Surely the President and Senate can not do by treaty what the whole government is interdicted from doing in any way," he said.

On the other hand, Charles Evans Hughes, in between his years as Justice and Chief Justice of the Supreme Court, said in an address to the American Society of International Law in 1929:

"I should not care to voice any opinion as to implied limitation on the treaty-making power. The Supreme Court has expressed a doubt whether there could be any such."

A good deal of heat has been generated on the Bricker Amendment with exaggerations on both sides. Some claim that the amendment promotes isolationism. Others say that the Constitution would be in jeopardy without it. A middle ground is to recognize the importance of finding the best answer to the differing points of view expressed by President Jefferson and Chief Justice Hughes.

Recent Deaths

MRS. ENOCH F. BELL

Memorial services for Mrs. Enoch F. Bell, former Congregational Christian missionary under the American Board of Foreign Missions in Japan, and long time resident of Newton and Brookline, took place last Saturday, at 11 a.m. in the Richardson-Snow Funeral Parlor in Leominster, Mass. Mrs. Bell died June 15 at the age of 81 in the home of her son, Dr. John F. Bell of Burlington, Vermont.

Mrs. Bell, the former Anna Elizabeth Bowman, was born in New Haven, Conn., September 24, 1873. She was married to the late Dr. Enoch Frye Bell, September 11, 1901 and in 1902 sailed with him for service in Japan under the American Board. After three years, family ill health caused the return of the Bells to the U.S.A. where Dr. Bell served with distinction as a foreign secretary of the American Board in Boston, Mass., and as editor of the Missionary Herald until his retirement in 1943.

Mrs. Bell lived for several years in Sharon, Mass., then in Newton Centre, and just prior to going to Vermont, in Brookline.

The memorial service was conducted by Rev. Chalmers Coe, minister of Mt. Vernon Congregational Church, Boston, of which Mrs. Bell was a member. Interment was in the family lot in Leominster.

Mrs. Bell leaves her son, Dr. John F. Bell, widely known Vermont orthopedics surgeon and child specialist, Burlington, Vermont; and four grandchildren, Enoch Frye Bell, Charlotte Bell, Susan Bell and Jason Bell.

What's In A Surname

THE SURNAME OF WRIGHT

By Gordon B. Hawes

A family in the county of Kent, England have recorded as their Wright shield, a coat-of-arms described as per pale or (yellow) and sable (black) a bend counter changed.

This surname is of Middle English origin and it was given to workmen skilled in a particular trade. During this era, there existed many wrights such as cheesewrights, glasswrights, cartwrights, wheelwrights, and arkwrights.

This surname has played a vital part in the annals of history. During the Industrial Revolution, wrights made important contributions to the progress of industry. Richard Arkwright, a barber and wigmaker made a machine in 1769 that improved the spinning jenny. This improvement greatly benefited the textile industry. In America, the Wrights made names for themselves in aviation and theology. They are Wilbur and Orville Wright of aviation fame, and Most Rev. John Wright, first R. C. bishop of the newly created Massachusetts diocese of Worcester.

We fully understand the value of newspaper publicity to a comparatively new and growing Temple, and at the same time we realize the many demands which are made on you by various organizations and groups. Therefore, we are especially grateful for your co-operation and interest.

– Political Overtones –

(Continued from Page 1)

Governor Herter has not tried to avoid his share of the responsibility for the conditions existing at the Charlestown State prison. The problem with which he is now striving to cope, however, has festered under Democratic and Republican Governors alike.

Perhaps it is expecting too much to ask that Democratic and Republican legislators put aside partisan politics and enact the laws necessary to correct conditions which existed long before Mr. Herter became Governor. That is exactly what they should do, and the public patience may wear a bit thin, if they don't do it.

It is nothing new for turmoil to exist in and around the Democratic State Committee. John H. Cahill was the storm centre of a bitter row within the committee back in the winter and early spring of 1948. That dispute was finally terminated, when Cahill was given the heaveho from the chairmanship and a measure of peace and calm was restored.

The battle which resulted in Cahill's ouster had no effect upon the subsequent election in which Paul A. Dever won the Governorship and Harry S. Truman carried Massachusetts, both by record-breaking pluralities. The situation existing in 1948, however, was not nearly as explosive as is the present one involving William H. Burke, Jr., of Hatfield and John C. Carr of Medford.

One court fight already is in progress to determine whether Burke or Carr is the legal chairman of the committee, and another one is developing over allegations that Carr turned over the State Committee office, its furniture and equipment to the Jefferson-Jackson Committee.

It is evident that the Democratic affairs have been handled in a haphazard manner. A good deal of embarrassment is almost certain to be caused, when the Democratic politicos begin airing the committee business in public.

Carr, fo rexample, denies that he gave away the State Committee headquarters or any of its belongings. He asserts that as far as he is aware the committee never owned anything, that the rent for its headquarters is paid by the Jefferson-Jackson Committee and that all the equipment and furniture used by the State Committee is owned by the Jefferson-Jackson organization.

On the basis of Carr's statements it would seem that the Democratic State Committee is an orphan organization which would not have even a place to meet, if it were not for the Jefferson-Jackson Committee and that it doesn't own as much as a shoe string or a pencil. That contention, however, is challenged by the Democratic State Committeeman Bernard F. Cleary of Taunton, and it appears that the task of making some sense of the muddled Democratic affairs is going to fall to some judge. A spectacular fireworks display may be furnished in the process.

Considerable behind-the-scenes maneuvering is going on at the State House by forces interested in killing off the Massachusetts Crime Commission which is due to go out of existence Aug. 1 unless its life is extended before that time.

A deadlock developed this week in the joint legislative rules committee over a resolve for continuing the commission, with the Senators supporting the measure and the Representatives lining up solidly against it.

This matter has been delayed so long that there is some conjecture on Beacon Hill as to whether the Legislature may prorogue without taking any action whatever to extend the crime commission. That would mean, of course, that the agency would simply die the end of next month.

* * * *

A law has been enacted providing that automobile driving licenses will expire on the birthdays of the drivers, but it doesn't become effective until 1957. How much help this is going to be to absent-minded motorists who forget to renew their licenses on time remains to be seen.

* * * *

One of the things becoming more apparent all the time is that the Democratic party in Massachusetts sorely misses the ebullient leadership it would have received from Maurice J. Tobin, if he had lived. Tobin's death was a blow from which the party has never quiet recovered in nearly three years, and no one else has stepped out to take the place he filled.

Former Governor Paul A. Dever is the titular leader of the Democratic party in the State. But his role is that of a youthful "elder statesman" who never intends to run for office again and who seemingly is primarily concerned with holding his party together until a dominant figure emerges to assume the mantle of leadership.

There is no lack of outstanding Democrats in Massachusetts. In such a list one would include Senator John F. Kennedy, Mayor Hynes, Congressmen John W. McCormack and Thomas P. O'Neill, District Attorney Garrett H. Byrne and one or two others, including Governor's Councillor Patrick J. McDonough.

Kennedy, McCormack and O'Neill are absorbed by their duties in Washington and spend more time there than they do in Massachusetts. Hynes already has declared that he will not seek the Governorship next year and has shown no disposition to take an active part in State politics.

Two Y Camps To Open Next Week

Two day camps, a residence camp and an "adventure camp," all under the sponsorship and operation of the Newton YMCA, will open next week.

On Monday, June 27, Camp Chickami day camp will open for its tenth season at a new location, according to George R. Strandberg, president of the Newton YMCA and William Hopkins, Chairman of the Camp Chickami committee.

Arrangements are being made to purchase 11 acres on the Post road in Wayland about four miles past Waltham for the camp. The tract was a recreation ground and includes a large pavilion, dining hall, outdoor swimming pool and various small buildings.

The boys will be taken to camp by bus. Chickami will remain under the direction of Bruno J. Ottavi, associate youth work secretary of the Newton YMCA.

Camp Massasoit, the other YMCA day camp, will open on the same day. It is located on the playgrounds of the YMCA at 276 Church street, Newton. Richard B. Simmons, YMCA physical director, is camp director with Edward R. DiPersio as associate.

On the same day, the YMCA's newest idea in camping will open for its second season. Camp Vagabon, the "adventure camp," will offer this year an "experience trip" to Washington, D.C. It has been planned for boys of junior and senior high school age. David B. Potts, associate youth work secretary.

The residence camp of the YMCA, Camp Frank A. Day in Brookfield, will open on Wednesday, June 29. Capacity enrollment for the camp's two four-week periods was reached in early spring. Founded in 1916, this will be the camp's 40th season. Frank M. Simmons is camp director with John E. Danielson, YMCA youth work secretary, as associate director.

Chrysler Airtemp Helps Millions

Sensational Engineering Creates New Room Air Conditioner Exclusively for Casement Windows

DAYTON, OHIO—Millions of home owners, apartment dwellers, professional men, office workers, can now escape hot-weather misery . . . sweltering heat, enervating humidity, dragging discomfort that spoils summer's work and pleasures. These millions, suffering torrid torments behind **casement windows,** can now have complete relief, enjoy relaxing comfort, healthful, delightful, **cool** temperatures, **day and night!**

Chrysler Airtemp engineers saw the need for a new and improved different **kind** of room air conditioner, designed and made **exclusively for casement windows.** Now they have designed, developed and perfected it . . . the Chrysler Airtemp Casement Window Room Air Conditioner, the **first and only** air conditioner of its kind. Another Chrysler FIRST . . . ready for YOU!

For information about these feature-full performers, contact Newtonville Electrical Company, phone LAsell 7-6632, and in no time at all they will install one for you.

Boyd Corporation of Cambridge is the distributor in this area. At Boyd's you can get all the specifications and technical information desired.

It is never until after they have purchased that folks know how really wonderful air conditioning is. Gradually they find that it does more than simply keep them cool—it literally brings them a new way of life and a new way to live it.

Their fresh, clean comfortable home becomes a more pleasant center of relaxation than any place they could go. Friends drop in oftener—evenings are more fun. They laugh more, too, because they sleep better, feel better; menus seem more nutritious since it's not a chore to cook, a task to eat. Sniffly, allergy affected noses learn to behave in even the most troublesome weather. Youngsters take their daytime naps wtihout complaint.

IMAGINE BEING where the high western mountains cascade ice-cold streams through beautiful forest glens and "feel" that beautiful clean, crisp air.

This is the feeling you get with a Frigidaire Room Air Conditioner. The young lady in the picture certainly must have that "feeling" as she views her beautiful surroundings, she seems so cool and comfortable.

A phone call to Frigidaire Sales Corporation's dealer in the Brighton area, Conaty's of Brighton, STadium 2-3300, will make quick installation of a Frigidaire Room Air Conditioner possible; you will be assured of prompt and efficient service from the moment "Joe" Donovan takes your order.

Air Conditioning in Every Home!

Newton's own pioneer sales and servicing Fedders Air Conditioning dealer, Lee Loumos, 1347 Washington street, West Newton, is firm in the belief that soon no home will be without at least one room air-conditioner. Already, now in 1955, the trend has materialized so that four out of every five air-conditioners he is installing go into private homes.

Soon after the end of the war, when the room air-conditioning business was in its infancy, Mr. Loumos was impressed by the fact that the early buyers of these air cooled window units were mainly doctors who first installed them in their offices and quickly followed up with orders for units for their homes.

There must be more than just plain comfort, he reasoned, and the doctors he questioned verified this in pointing out that by reducing humidity while cooling, heart strain was greatly eased and by filtering out most of the dust particles, the vehicle for dust-born germs was largely eliminated; thereby reducing the incidence of illness.

Many heart cases and allergy or hay-fever sufferers are alive or in better health today as a direct result of living in an air conditioned atmosphere. You would be surprised at the number of air-conditioners that have been prescribed by doctors.

Mr. Loumos is now almost a fanatic in insisting that every home should have at least one room air conditioned as an oasis where one can escape the exhausting effects of a hot, humid day. In conjunction with Fedders, he has arranged to make a small machine available for only $159.95—so that practically nobody need be without one because of cost.

Projecting the life expectancy of a Fedders machine, this would come to only about a dollar a month. You would not think of leaving your home cold in the winter, he says, so why suffer the heat and humidity of the summer? Air conditioning in the home is no longer a luxury, it is health protection.

Finally, he concludes, no machine is any better than the care it is given so, as with other items he sells, he maintains his own personally operated and supervised year-round service department. In this way, by handling a top-quality product and giving it the care it deserves, his service history on Fedders shows not a single major break-down in the last five years.

Temple Reyim of Newton Holds Consecration Services

Consecration Services for the new land recently purchased by Temple Reyim of Newton were held on Sunday morning, June 19th on Washington street, Newton. Nathan Sobel, co-chairman of the Building Committee opened the program, welcoming the large gathering of members and friends. In his opening remarks, Mr. Sobel announced that the land consisting of four and a half acres will be the site of the proposed new Temple, and he expressed the hope that the new building will soon become a reality and a great contribution to the spiritual and civic assets of the Rabbi Harold D. Kastle who gave the invocation — followed by a traditional Hebrew selection by Cantor Manuel Zymelman. Mr. Sobel then presented Newton's Mayor Howard J. Whittemore who extended greetings from the City of Newton to the congregation. Mayor Whittemor remarked that Newton can be proud of its religious institutions and their role of increasing importance in the city. Harry Perlmuter, President of the Temple Reyim called upon all members to assist the officers and their committee in a drive for increased membership so that building plans will progress more rapidly. The services were concluded with a prayer of consecration by Rabbi Kastle. Among the guests on the speaker's platform were Temple Board of Directors, Officers, Brotherhood and Sisterhood Presidents.

Two Events Honor Retiring Cabot School Principal

Miss Helen L. Thompson, retiring Cabot School Principal, was recently honored by the Cabot Parent Teacher Association at two events; an Open House at the school auditorium on Sunday afternoon, June 12, and a Testimonial Dinner at the Newton Centre Women's Club on Tuesday evening, June 14. Miss Thompson was presented two gifts at the Open House; a television set, a gift from the Cabot P.T.A., presented by Mrs. Robert G. Toher, President, and a gift check, from the Claflin P.T.A., presented by Mr. George W. Briggs, Past-President of the Cabot-Claflin P.T.A. A blue leather memory book containing autographs of guests, notes and telegrams from friends, and pictures of both occasions in her honor was a gift of the Cabot P.T.A. at the dinner. The children of Cabot School paid tribute to her in May by presenting to her a gold watch and a scroll containing the signatures of all the pupils in the school. The Cabot School teachers, at a party this week, surprised Miss Thompson by giving her a silver Paul Revere creamer and sugar to go with the Paul Revere bowl that they gave her last year when she completed her twenty-fifth year as Principal ot Cabot School. Miss Thompson has been Cabot's only Principal as she came to it when the school was first opened in 1929.

The Open House was attended by parents, teachers, and principals of Claflin Elementary School, Bigelow Junior High School, Day Junior High School, Cabot Elementary School and by other friends and associates in the City of Newton. Miss Thompson expressed her sincere and deep appreciation to the Cabot Parent Teacher Association for the gifts and for the thoughtfulness of the occasion. She was delighted to see the parents and teachers, many of whom she had not seen for several years.

The Cabot School Auditorium was an attractive and appropriate setting for Miss Thompson to greet her hundreds of guests. Beautiful plant and flower arrangements, contributed by Cabot School parents, attractive table decorations, delicious refreshments, and music all added to the beauty of the occasion. Miss Thompson was presented a corsage of white Cymbidium orchids, and the Room Mother Hostesses and the Teachers wore pink carnation corsages. The table was set witn an ecru lace cloth underlined with gold satin and had a centerpiece of pink peonies, white iris, baby's breath, and pale yellow snapdragons. Yellow tapers in crystal and silver candelabra, crystal punch bowls filled with lime sherbet punch, beautifully decorated tea cakes and cookies, pink and yellow mints, and dainty flowered napkins completed the lovely table decorations. The cookies were made by the Cabot School Mothers. The music, a string ensemble, was played by Carroll Olton, violin; Judy Vogel, cello; and Alison Groetsemma, piano. The musicians were graduates of Newton High School at the June Commencement.

On Monday morning Miss Thompson surprised the Cabot School children by sharing her Open House with them, by bringing cookies and tea cakes to each room. The children were delighted, as they had hoped for a party with Miss Thompson before she leaves the school this month.

The Committee for the Open House was as follows: Mrs. Robert Oxnam and Mrs. William Heisler, room mothers, were Co-Chairmen; they were assisted by Mrs. Leo Bernheimer, who was responsible for the receiving line, and Mrs. Edward L. Swainson, for table hospitality. Mrs. Robert G. Toher, P.T.A. President, Miss Mildred N. Fahey, Head Teacher; Mrs. Allan H. Crosby, Secretary; and Mrs. Leo Bernheimer greeted the guests at the door. The teachers who poured at the tea table were Miss Marion J. Keyes, Mrs. Caroline R. Reardon, Miss Ruth K. Blottman, Mrs. Renee B. Kass, Mrs. Christine Lamontagne, Mrs. Ruth Hookailo, Miss Elizabeth M. Paramino. The teachers who tended the guest book were Miss Mary Ellen Gaffney, Miss Mildred Adams, Mrs. Ann Carr and Mr. Lowell R. Bee.

The room mothers who participated were: Mrs. Robert Batchelder, Mrs. William Maloney, Mrs. Victor Resh, Mrs. Mike Blumenthal, Mrs. Bernard Rome, Mrs. Ezra Hershkowitz, Mrs. Richard Dore, Mrs. Charles Kiefer, Mrs Alton Sockol, Mrs. M. Roland Heintzelman, Mrs. Leon C. Martel Sr., Mrs. Robert A. Choate, Mrs. David Wurzel, Mrs. Harry Schertzer, Mrs. Elmer Gorn, Mrs. Leo J. Davy, Mrs. Maynard Petkun, Mrs. Jack Winetsky, Mrs. Robert W. Murphy, Mrs. William Heisler, Mrs. Caswell Hoffman, Mrs. B. Ralph Slobodkin, Mrs. Robert Oxnam, Mrs. David Green, Mrs. Charles Gilman, Mrs. Lawrence Small, Mrs. Charles Moses, Mrs. Edward Sabbatini, Mrs. Charles Bluestein, Mrs. Michael Heaviside, Mrs. Martin Josello, Mrs. Melvin Goran, and Mrs. Raymond Ford, Second Vice President.

Mrs. Louis H. Sinofsky designed the invitations, Mrs. Robert Lucas baked and decorated many of the cookies and cakes for the mothers, and Mr. Edward L. Murphy, Custodian, was generous with his time and interest.

At the testimonial dinner given by Dr. Roger Hamilton, President of the Newton Council of the P.T.A., gave the invocation. After the dinner, Mrs. Irving J. Helman, chairman, graciously thanked her committee and introduced the toastmaster, Dr. Harold Gores, Superintendent of the Newton Public Schools, who in turn introduced the guests at the head table; Mayor and Mrs. Howard Whitmore, Dr. and Mrs. Harold Gores, Dr. and Mrs. Charles Richter, Miss Mildred March, Dr. and Mrs. J. L. Oncley, Dr. and Mrs. Roger Hamilton, Mr. Melvin Dangel, Past President of the Newton Council of the P.T.A. and Mrs. Dangel, Miss Mildred Hood, head of the Teachers Federation, Mr. and Mrs. Robert G. Toher, Mr. and Mrs. Irving J. Helman, Mr. and Mrs. Raymond Ford, and the guest of honor, Miss Helen L. Thompson.

Dr. Gores, then, in a nostalgic vein, full of good humor, set the picture of the era when Miss Thompson first started her administrative career in Newton — 1923, the post-World War I year. Dr. Gores described its many aspects from the shingled bob to the raccoon coat, which brought laughter from the entire group. He then presented Miss Mildred March, Principal of the Ward School in Newton, and a long time friend of Miss Thompson, who spoke of "Helen the Person". She described her warmth, humaneness, fairness, love of children, and delightful sense of humor. She talked of her home in Halifax, which had been in the family for nine generations, as a home where everyone feels welcome, and where Miss Thompson, because of her sincere love of people, was able to entertain both the young and old with gracious ease.

Dr. Charles Richter, Assistant Superintendent of the Newton Public Schools spoke of "Miss Thompson the Educator". He said that a school administrator is judged by leadership, services to the teachers, and making the staff feel secure. In all these things, Miss Thompson has excelled. She was one of the first to encourage a more informal approach to education. Education was not merely the pouring in of information one day, and seeing if you could pour it out the next, but rather a relaxed, informal understanding, between the teacher and the pupil, which promoted creativity and original thought. "Your very presence shows how she has measured up."

Mrs. Geneveive Oncley, member of the School Committee and Past President of the Cabot-Claflin Parent Teacher Association, spoke of Miss Thompson in her relation to the parents. She said "No school is better than the Principal." Having worked with her as a parent and past officer of the Parent Teacher Association, she grew to know her very well, and admired her for her flexibility, her willingness to try new ideas. She mentioned the respect and love people felt for her. In quoting her daughter, a former Claflin School Pupil, she said, "She liked and understood us, and was always very fair."

Mayor Howard Whitmore, thought of her as not only a teacher, but as a citizen of our City, and said that her influence had extended beyond the four walls of Cabot and Claflin Schools. He was deeply appreciative and grateful for her tremendous influence with the parents and children in the City of Newton. He extended best wishes for health, happiness and enjoyment for the years to come.

MISS HELEN THOMPSON was the recipient of many fine remembrances at events held in her honor. Above are, left to right: Miss Thompson, Mrs. Robert G. Tower, Mrs. Meyer Gillivan, president, Claflin P.-T.A., and George W. Briggs.

Field Day Sunday At Queen of Apostles Seminary

Next Sunday, June 26, the African Mission Fathers hold their annual Field Day at Queen of Apostles Seminary, Common street, Route 135, Dedham. The gala occasion will offer the finest in music, singing, and dancing. The talent array will include Radio and TV stars. There will be all kinds of games for the young and old, including a merry-go-round for the children. All kinds of refreshments — sandwiches, Irish bread, tea, coffee, etc. — will be served all afternoon.

A special feature of the afternoon's fun will be the old fashioned "country store" auction at which all kinds of useful, unusual, and valuable articles may be obtained.

Free transportation will be available to the Seminary from Dedham Center, Dedham Line, and the Charles River Terminal. There are ample parking facilities for motorists. The total proceeds of the afternoon will go to help the Fathers in their education of priests for the West African mission fields.

Mrs. Robert Toher, president of the Parent Teacher Association, mentioned briefly that she and her husband, and family of four children were all educated in Newton, and that she felt that no one in education in Newton could be surpassed or loved more than Miss Thompson.

As Miss Thompson rose to thank them the guests gave her a standing ovation. The warmth, friendliness, and good humor, described by the speakers, were clearly revealed as she spoke. She is a modest person by nature, who has lost herself in a dedication to the best interests or parents, teachers and children, and to fine education for our public schools. She expressed surprise but deep appreciation for the many honors that had come her way upon retirement. She laughingly joked about those that had said that hardest part about retirement, was losing your importance. She said, to her, it was the best part, because she was just discovering it.

She then shared honors for the evening by presenting silver Paul Revere bowls, a gift from the Cabot P.T.A., to Miss Dorothy L. White, Miss Marion J. Keyes, Cabot School teachers for twenty-five years, and to Miss Martha McLean, school nurse for twenty-six years. She closed by saying, "If I have given anything to Newton, I am glad, for Newton has given me more in friends and associations, which I treasure, and I thank them."

Where do 14 million Americans go to save?

Americans save in lots of places. But a definite and very important trend is now taking place: Every day, more and more people are opening savings accounts in insured Savings and Loan Associations.

In fact, Americans are now putting more of their savings account dollars in these Associations *than anywhere else!*

There are several very simple reasons why this is so:

ONE—Your savings earn *excellent returns.* You make money because the Associations invest most of their funds in sound, steady-paying home mortgages.

TWO—You enjoy *complete safety.* Your savings are protected by good management and substantial reserves. They are insured up to $10,000 by the Federal Savings and Loan Insurance Corporation—an agency of the U. S. Government.

THREE—These Associations are local organizations, managed by responsible, experienced people of your own community. They give *friendly, prompt and convenient service.*

And here's another way insured Savings and Loan Associations can be a big help to you: When you're thinking of buying a home, remember that they make liberal mortgage loans. What's more, they see to it that you get your money quickly and at moderate rates.

It's a good idea to get to know your nearby insured Savings and Loan Association. You'll find it's an important place—and a mighty good place to do business.

Cabaret Party Highlights Warren Jr. High Graduation

Colored lighting effects, gay balloons and streamers, and a profusion of flowers on the stage and on tables arranged in a cabaret effect, provided the setting for a gala graduation party at the Warren Junior High School last Friday evening, with more than 150 students participating.

Miss Gail Vassalotti acted as hostess, with ten pretty waitresses in attendance wearing aprons and headbands in the Warren colors of red and gold. David Louis, president of the Student Council, was master of ceremonies of the floor show which offered solos by Miss Katie O'Donnell, and Richard Hartnett; a song and dance number by the Misses Robin Marsh, Glenda Green, Gail Vassalotti, and Barbara Berndt; a pantomime by Miss Gail Thompson, and a novelty song and dance act by the Misses Judy Simone and Katie O'Donnell.

Mr. and Mrs. Winslow Heath Adams were much in demand as roving photographers, as were the services of Miss Robin Marsh, as flower girl. Refreshments were in the capable hands of Mr. and Mrs. F. Payson LeBaron, assisted by the Mesdames William O'Donnell and Stephen Madden.

Parents helping with decorations, music, novelty innovations, and tickets were Mr. and Mrs. Harry Thompson, Mr. and Mrs. J. Everett Bryant, Mr. and Mrs. Victor Jordan, and Mrs. Hartlie Kelley respectively.

Chaperones for the evening were Mr. and Mrs. F. J. Warren, Mr. and Mrs. William E. Biddle, Jr., and Mr. and Mrs. Dominic dePasquale, with general arrangements under the direction of Mrs. Arthur C. Gernes.

Expansion Sale At Emerson Rug

One of the most remarkable sales of rugs and carpets in the history of the firm is no under way at the Emerson Rug Company's three stores, according to an announcement today by John Reilly, president of the well-known rug company.

Mr. Reilly in a statement today said that it was a matter of necessity to move the rugs in order to make sufficient room for workmen who are now in the process of expanding the Natick store to double its present size.

"Because of the time element, we had to drastically reduce the prices of our merchandise in order to make the necessary room," Mr. Reilly stated.

"Consequently, an 'Expansion Day Sale" was inaugurated featuring a complete selection of rugs and carpets from remnants to room-size and wall-to-wall carpeting. Wiltons, Broadlooms, Sculptured, Textured and many other types of carpets in a complete range of colors are on sale at reductions as high as 75 per cent. A close-out lot of summer fibre rugs has also been added to the Expansion Day Sale.

"All-in-all," Mr. Reilly stated, "thousands of yards of America's finest broadloom carpets and rugs are being closed-out at the lowest prices in years."

For the convenience of customers, the immense stock sale has been divided among the three stores, Norwood, Stoneham and Natick. All stores are open until 9:00 P.M. each weekday evening.

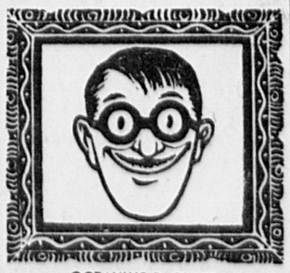

John Emerson of 95 Harris avenue, Needham, is Treasurer of the company.

Vacation Bible School to Open Monday Morning

The fourth annual Vacation Bible School opens next week at the First United Presbyterian Church, Park and Vernon streets, Newton.

The school welcomes boys and girls from all faiths between the ages of four and 17. They may be registered for the two-week period at the church on the opening day of the school Monday morning at 9 o'clock.

The school is taught by a staff of trained teachers. The sessions each morning from 9 to 11:30 will include Bible instruction, handwork, group games and many other interesting activities.

The regular mid-week evening service of the church on July 7th will be conducted by the Vacation Bible School. Parents and friends will be able to see at that time what the boys and girls have learned and done during the school period.

"The growing alarm over the trend among our youth," declares Mrs. James F. Calderwood, director of the school, "underscores the importance of conducting a school like this. We are hoping through the efforts in our Vacation Bible School to contribute a little toward strengthening the moral and spiritual fibre of our youth through Biblical instruction."

The school is in session from June 27 to July 8, but no classes will be held on July 4th. Arrangements for transportation of the boys and girls can be made through the church.

Is Attending Banking School At Rutgers

Howard P. Strum, assistant treasurer of the Newton-Waltham Bank and Trust Company is a member of the class of bank officers who is attending the Graduate School of Banking at its annual summer session at Rutgers University, New Brunswick, N. J.

Mr. Strum is one of over 1,000 bankers who is attending the two-week session of the school, which is sponsored by the American Bankers' Association.

The student body—from 43 states, the District of Columbia, Alaska, Puerto Rico, and El Salvadore—represents a capacity enrolment.

The graduate school was founded in 1935 to provide an opportunity to experienced bankers for advanced study in banking and related subjects. The faculty for the 1955 session numbers 58 regular members and 34 special lecturers. Included are leading bankers, lawyers, educators, and government representatives. Four major subjects are offered by the school — commercial banking, trusts, investments, and savings management. Mr. Smith will major in commercial banking.

To qualify for graduation, Mr. Strum must attend a similar summer session again in 1956. In addition, he must complete two years of extension work at home and will be required to write a thesis based upon original research in some phase of finance.

REV. ERNEST KUEBLER

Degrees Are Awarded Father and Daughter

A West Newton father and daughter were awarded degrees this Commencement season at widely separated institutions of higher learning.

Rev. Ernest W. Kuebler, 100 Valentine street, West Newton, flew to Berkeley, California, to receive the honorary degree of Doctor of Science of Theology from the Starr King School for the Ministry on June 7. On his return from the West Coast, Dr. and Mrs. Kuebler attended the Commencement exercises at the University of Vermont on Sunday, June 12, wwhen Miss Valerie Kuebler, their eldest child and older daughter, received her Bachelor of Arts degree with the class of 1955. Their son, Christopher, home after his freshman year at Pennsylvania State College, and their younger daughter, Cheryl, a student at Warren Junior High School, accompanied their parents to Burlington, Vt., for their sister's graduation festivities.

The citation accompanying Dr. Kuebler's honorary S.T.D. degree from the Starr King School for the Ministry reads:

"The Starr King School for the Ministry by vote of its Board of Trustees has conferred on Ernest W. Kuebler, philosopher, educator, adminlstrator; who envisioned a program of religious training which educators could respect; who enlisted the creative personalities to bring it alive; who is a champion of the values our School cherishes, and its longtime friend; the degree of Scientiae Theologicae Doctoris. Berkeley, California, June 7th, 1955. (Signed) Arnold Crompton, President."

LONG DIRECTOR

Dr. Kuebler, now director of the Division of Education of the Council of Liberal Churches (Universalist-Unitarian), was for nineteen years director of the Division of Education of the American Unitarian Asso-

Newton Man Named Executive Director, World Veterans Fund

Elwood S. McKenney of West Newton, an attorney long active in the field of civil rights, has been appointed Executive Director of the World Veterans Fund, according to an announcement made this week by Alfred G. Vanderbilt, president of the organization.

Mr. McKenney, 37, who lives at 15 Curve street, West Newton, succeeds Curtis Campaigne, Jr., of Montclair, N. J. Mr. Campaigne is now serving in Paris as Secretary General of the World Veterans Federation. Mr. McKenney is a member of AMVETS, one of the six American groups affiliated with the W. V. F.

The World Veterans Fund is the fund-raising body in the United States for the World Veterans Federation, an international organization founded in 1950 in Paris to support the principles of the United Nations Charter and to work for world peace. The W. V. F. today has a Class A Consultative status with the United Nations and represents over 18,000,000 veterans from 121 veterans groups in 28 countries.

Mr. McKenney, who has been a practicing lawyer in Boston since 1950, served three terms as a commissioner of the Massachusetts Commission Against Discrimination during which he has supervised investigations concerning civil rights violations and problems of labor practices involving industrial organizations and labor unions. He was first appointed by the late Governor Maurice J. Tobin in 1946, and was reappointed in 1948 by Governor Robert F. Bradford and again in 1951 by Governor Paul Dever.

RECOGNIZED AUTHORITY

He is also a recognized authority on civil rights in the United States, having made over 500 lectures and public addresses at conventions, service groups and on radio and television. Since 1948, he has been a frequent witness before congressional committees in the House and Senate on civil rights legislation and has also been invited to testify on this subject by the Department of Defense. His writings have appeared in numerous magazines and newspapers.

Mr. McKenney is an Army veteran who served with the First Service Command in the American theater from 1942 to 1945 and in the North African Theater in French Morocco and Tunisia. At present, he is a member of the State House Post in Boston of the American Veterans of World War II and Korea (AMVETS).

AMVETS, the Disabled American Veterans, the Military Order of the Purple Heart, the American Veterans Committee, the Blinded Veterans Association and the Paralyzed Veterans of America constitute the six U. S. groups belonging to the W. V. F.

He is also a member of the Board of Governors of the Human Relations Center at Boston University, President of Freedom House, Inc., in Boston, and holds membership on the Executive Committee of the Massachusetts Branch of the National Security Committee.

EDUCATED IN BOSTON

Mr. McKenney is a native of Summit, N. J., but was educated in Boston at the Boston Latin School and received his A.B. from Harvard College in 1938. He was awarded his LL.B. at the Boston University School of Law in 1950 after which he was admitted to both the Massachusetts and Federal Bars.

He has since delivered several guest lectures at the Boston University Law School and also for the Army Reserve Program.

Mr. McKenney will move to New York to take up his new duties at the World Veterans Fund headquarters in the Carnegie Endowment Building, 345 East 46th street. He and his wife, Kathleen E. McKenney, have two children, Peter, 11, and Rudge, 4.

G. Camp Jr. Not Asking 4th Term

A second seat on the Newton School Committee was thrown open this week with the announcement by Guernsey Camp, Jr., who represents Ward Four, that he will not seek a fourth term at the fall municipal election.

In his letter of resignation, Camp endorsed the candidacy of Annis G. Asaff of 93 Hancock street, Auburndale, president of a Boston tool engineering firm, for the Ward Four seat.

Previously, Gordon B. Russell, who has held the Ward 7 post on the School Committee for eight years, cited health and business reasons for declining to seek renomination. He endorsed John P. Cochrane of 14 Jameson road, Newton, as his successor.

KEYES TO RUN

At the same time that Camp gave notice of his intention to allow his term to expire, School Committee Chairman Henry W. Keyes became the first member of the committee to formally announce his candidacy. He has represented Ward 5 on the committee since January 1, 1951.

In his letter explaining reasons why he would not run again, Camp declared, "The decision which I made some time ago, not to run for a fourth term, was one made with mixed emotions. Certainly my service as member of the Newton School Committee for the past six years has been most gratifying in terms of personal satisfaction.

"To serve as a member of a group of citizens dedicated to the furtherance of the high standards of education which have long characterized our Newton School system could not be other than a rewarding experience. The privilege of work-

JUST ONE of the many events which keep the youngsters happy and contented at the Newton playgrounds during the summer season. Here C. Evan Johnson, recreation commissioner of the city, is getting ready to give the signal for the start of a "Potato Race."

Playground Season To Be Opened Next Tuesday

Newton playgrounds, with 110 competent and fully trained leaders, will begin the full time summer schedule starting next Tuesday.

Recreation enthusiasts can find their choice of activities on any of the 32 Recreation Department playgrounds, including swimming at Crystal Lake.

Featured on the play areas last year were the "Achievement Awards." This award is in the form of a statuette given to the boys and girls who, in the words of Recreation Commissioner C. Evan Johnson, "best exemplify the outstanding boy and girl for the summer playground season." Its purpose is to give recognition to the outstanding persons in the community. "We have chosen this method of recognizing those people who will be the leaders of tomorrow," concluded Mr. Johnson.

ACTIVITIES

Among the activities which will be provided this summer by the Recreation Department are baseball leagues for adults, teen agers, softball for adults with 46 teams throughout the city; a baseball league for midget and juniors; Little League facilities provided by the department; girls baseball, Schlag ball and dodge ball games; basketball; volley ball; horse shoe games; story telling, first aid talks, plays; elementary art work, talent shows, dancing; fishing at Crystal Lake and

Would Allow New Mason-Rice School

Monday night the Board of Aldermen voted unanimously to accept the act of the Legislature permitting the use of part of the Newton Centre Playground for school purposes and thus the replacement of the Mason and Rice schools at the Centre is nearer to actuality.

Accepted by the Board was Chapter 211, Acts of 1955, which authorizes the city to use for school purposes part of the Centre Playground abutting Tyler terrace.

At the same meeting, the Board also voted to take three lots of land for an addition to the Cabot School in Newtonville. Taken for the Cabot School were three lots on Bridges avenue and Parview avenue.

The meeting Monday night disposed of many routine matters, principally those having to do with relocation of lot lines, poles, and a few changes in the zoning ordinances.

OVERRULE PROTEST

The protest by Frank Woolway over the use of city land as a tots' playground on Goddard and Christina streets, Newton Highlands, was given "leave to withdraw" after Chairman Edwin S. Terkelsen of the Public Works Committee reported that the Recreation Commission has approved such use of the land.

At a public hearing held before the Board Monday night, B. J. Linnehan, attorney for the New England Telephone Co. asserted that the continued construction of new homes in the city has resulted in an overloading of telephone lines so that additional conduits are needed for new customers and to upgrade service.

Convention Delegate

Mrs. Hazel S. Stratton of Newton has been selected a delegate to the 93rd annual convention of the National Educational Association in Chicago next week. She will represent the Massachusetts Teachers Association at sessions to be held in Chicago Stadium.

The World Affairs Council of Newton received a telegram this week from Dag Hammarskjold, secretary general of the United Nations, thanking them for their message of greetings which was sent on the date of the Tenth Anniversary of the signing of the United Nations Charter.

At the second Annual Meeting of the World Affairs Council of Newton last week, it was voted to send the following telegram to the secretary-general at the Opera House, San Francisco, California:

It is our heartfelt prayer that this Tenth Anniversary of the signing of the United Nations Charter will be an opportunity for a re-dedication by the member nations to the purposes of the Charter."

This meeting, which was presided over by Mrs. John C. McClintock, president, represented the culmination of an active first year for this newly organized group. POLITICAL OVERTONES

Gibbons Will Challenge Whittier's Bid for Governorship: Political Observers Sure Eisenhower Will Be Candidate Ag

Lieutenant Governor Sumner G. Whittier caused a measure of mystification in political circles by his speech the other night in which he served notice that he would not be detoured or derailed from seeking the Governorship next year in the event that Governor Herter does not stand for a third term.

There has been no doubt in anyone's mind for the past year that Whittier would not step aside in 1956 for anyone other than Herter. If Herter decides that he will not run again, Whittier probably will be a favorite to win the gubernatorial nomination.

But there has been no indication or intimation that anyone will try to pull the political rug from under Whittier except the men who will openly and publicly battle him for the right to run as the Republican candidate for Governor.

There is no reason whatever to believe that any small group of would-be king-makers will order Whittier to stand aside for some more aristocratic candidate or that they would have any way of enforcing such a demand, if they made it.

Two members of the Board of Directors were inducted, Louis H. Morrison, a branch manager of the Raytheon Manufacturing Company, and Rev. William D. Berndt, pastor of St. Mary's Episcopal church, Newton Lower Falls. They were inducted by Orville H. Emmons, acting secretary of the Two State Executive Committee of the YMCA, who served as installation officer.

Mr. Emmons told the Board that it not only holds the funds, but the hopes of the community in trust, as it guides and directs the Y. "Good board members represent the YMCA in the community and they reflect the community's needs to the YMCA," he said.

At the Board meeting which followed the dinner, members received word of the new location for the Y's Camp Chickami. A new site in Wayland, on the Boston Post road, has been purchased to house the camp. It has been located on the MDC grounds at Riverside for the past nine years.

Opening dates for the four Newton Y camps were announced at the meeting: Camp Chickami for its 10th season on Monday, June 27, along with Camp Massasoit, located on the "Y" grounds at 276 Church street, Newton; Camp Frank A. Day in Brookfield, Wednesday, June 29; and Camp Vagabond, an adventure project for older boys, Monday, June 27.

A special report on work with men in industry was given by Fred T. Hackley, chairman of the physical education committee. He introduced James B. Hurst, associate secretary of the Two-State Committee, who spoke on the subject as a resource person.

of United Nations week were discussed by Loomis Patrick, newly appointed chairman of the city-wide celebration. He emphasized the hopes of his committee to include all organizations, churches and schools in the programs and said that plans are underway to carry on varied types of activities to attract all groups.

Mayor Whitmore also announced at the meeting that the city of Newton has been chosen as a model community to be studied by the Harvard University International Seminar. The Seminar consists of 43 individuals from Europe and Asia who give promise of achieving eminence in their own country. They come here to discuss the nature of present-day problems and to learn about various aspects of American life. Many of the seminar members are legislators in their respective countries, some are in newspaper work, others in business. The city, with the help of Carrol Hoffman, is planning a varied program of visits to schools, city offices and a meeting with some civic leaders for the day the members of the seminar will spend in Newton.

Asaff Seeking Ward 4 School Committee Seat

In a statement issued to the Newton Graphic, Annis G. Asaff of 93 Hancock street, Auburndale, announced his candidacy for the Ward Four School Committee post to be vacated on the retirement of Guernsey Camp, Jr., at the expiration of his term on December 31.

Asaff was graduated from Harvard University where he obtained a Bachelor of Science degree in 1936. He did graduate work at the Massachusetts Institute of Technology and obtained his Master of Science degree in 1937. In the spring of that year, he received a full-time staff appointment at M.I.T. in the Electrical Engineering Department. Simultaneously, he continued his graduate studies, and in 1944 he obtained the degree of Doctor of Science.

During the war, Asaff served on the staff of the Massachusetts Institute of Technology. In 1946 he took a year's leave of absence and organized the consulting firm of Commonwealth Research Laboratories. At present, Asaff is president of the Diamond Tool Engineering Company, a manufacturing concern located in Boston.

He is a member of the honorary society of Sigma Xi, the Association of Harvard Chemists, the Boylston Club of Harvard, the American Chemical Society, the Harvard Club of Boston and the Auburndale Club. He is a past member of the American Association of Textile Chemists and Colorists and of the National Research Council. At the present time, Asaff is serving his second term as president of the Auburndale Parent-Teacher Association.

Asaff stated, "I feel highly complimented that our School Committee incumbent, Guernsey Camp, Jr., and many of my friends should be interested in my candidacy for the School Committee. If elected, I shall devote my time and energy toward maintaining our high standard of education in Newton, and to do whatever necessary to promote its growth and advancement."

Pvt. Stuart C. Hymers, Jr., son of Mr. and Mrs. S. C. Hymers of 127 Hanson road, Newton Centre, has arrived at Fort Dix, New Jersey, and has been assigned to Co. "K" Inf. Regt. of the 69th Infantry Division for eight weeks basic training.

An American Speaks

This is my country's birthday; I am thinking of what it means.

It's not only the world's highest standard of living—the most automobiles, refrigerators, vacuum cleaners, TV sets, automatic washers, the tallest buildings—

It's what is behind these material blessings.

My country means to me that men like myself mined the ores, fed the furnaces, hoisted the steel, manned the production lines—

Then, at evening, drove home in cars of their own, to homes of their own.

And smiled a small inside smile.

Because the money they earned would send their sons through school, and perhaps on to college, so they could become

Engineers or constructors, doctors or lawyers,

Or presidents; that their daughters could become teachers, scientists . . .

A small inside smile because the mothers of these have a lot of mechanical, electronical, atuomatical, tireless muscles to scrub and sweep and cook and sew, wash and clean for them—

And so at 45 or 50 they are not wearied to die, as their grandparents were, but are happy and healthy to live . . .

And so it is with all those who turn the knobs and wheels to produce these things, with those who plan and direct and sell them:

The small inside smile for the future of their kids—

And for themselves the time and unweariness, after work,

To enjoy the sunset, and fear not the night—

The chance, the freedom—to strive, and achieve.

Political Overtones

(Continued from Page 1)

If Whittier is defeated for the gubernatorial endorsement at next year's Republican State convention, it will be because one of his opponents is able to marshal greater support than he can, not because any handful of leaders will be able to control the conclave.

At least two and possibly three prominent Republicans will challenge Whittier for the nomination for Governor, if Herter does not run again. Two of them have made it plain that Whittier will have to defeat them at their party's State convention before he can gain the right to carry his party's banner into the gubernatorial election.

Republican House Leader Charles Gibbons of Stoneham is probably the most formidable figure who will stand in Whittier's political patch, if Herter is out of next year's gubernatorial picture.

Gibbons is one of the most able men on Beacon Hill. He is highly respected by both his Republican and Democratic colleagues. He undoubtedly would receive powerful support from his fellow legislators at a State convention.

He has told his friends that he will seek promotion to higher office next year and will not stand for reelection to the House. His first objective is the Governorship.

In the event that Governor Herter runs again or if he is defeated by Whittier for the gubernatorial endorsement, Gibbons would revise his plans and oppose Congressman Torbert Macdonald of Malden for a seat on Capitol Hill.

As of this moment, Gibbons looms as the No. 1 contender against Whittier.

Senate President Richard I. Furbush of Waltham will battle for some place on the Republican State ticket next year. He probably will aim for the top spot and settle for what he can get.

The popular Furbush is serving a tradition-shattering third term as president of the Senate. He had a difficult time achieving the presidency a third time; he would have an even harder one winning it a fourth time, for custom dictates that men preside over the Senate but two terms.

Furbush is more likely to be nominated for one of the lower positions on the State ticket than for the Governorship, but he is not a candidate to be discounted.

Congressman Laurence Curtis of the Back Bay is almost certain to be in the contention for the gubernatorial endorsement, if Mr. Herter elects to retire from public life.

Both Curtis and Whittier were candidates for Governor in 1952, when a group of Republican leaders waited upon the then Congressman Herter in Washington and persuaded him to toss his hat into the ring. .

The two men quickly changed their goals, Curtis running for Congress and Whittier for Lieutenant Governor.

Curtis always has been very strong in a Republican primary. How he would fare at a State convention, where the balloting is done by delegates rather than the rank and file of the voters, is a matter of conjecture. The Congressman, however, would not be likely to give up without a real struggle.

General Robert Cutler, the Boston banker who served as one of President Eisenhower's right hand men for three years, has been mentioned from time to time as a possible candidate for either Governor or Mayor, but is unlikely that Cutler has any serious intention of stepping from behind the scenes and onto the political firing line.

It is suspected in political circles that Whittier's remarks were aimed at least at Republican State Committee Chairman Elmer C. Nelson. But if that is the fact, there does not appear to be any basis for them.

Nelson is dedicated and devoted to Governor Herter. He will remain at the head o fthe GOP State Committee and direct the Republican campaigns as long as Herter wants him to do so and is a candidate.

Like a good many other political observers, Nelson privately believes that Herter will be a candidate for reelection in 1956. He anticipates that President Eisenhower will run again, that Ike will want Herter on the ballot in Massachusetts to strengthen the Republican cause in this State and that Herter will not be able to refuse.

But if Herter is not a candidate, Nelson will merely stand aside, let the contenders for the gubernatorial nomination battle it out and retire from the State Committee after the winner selects the man he wants at the head of the committee.

That is Nelson's position, and it is a fairly simple one. He is not hostile to Whittier. His practice of expressing himself bluntly and with no attempt at diplomacy frequently causes him to be misunderstood.

Nelson, however, will make no effort to derail or detour Whittier, if Herter is not a candidate, and Whittier himself will not run, if Herter is a candidate.

Any impression that next year's Republican State Convention will be controlled by a small group of party kingmakers also is completely erroneous.

* * * *

President Eisenhower obviously was endeavoring to stimulate conjecture as to whether he would or wouldn't run for a second term during his tour of Maine, New Hampshire and Vermont, and the newspapermen covering him were jumping more enthusiastically for the bait than were the trout and salmon for whom Ike was casting flies.

The President alternately would drop one hint that he was planning to stand for reelection and then another that he wasn't and obviously was thoroughly enjoying the uncertainty he was creating in the minds of his listeners.

In one speech he remarked that the White House staff hears a lecture every morning from Sherman Adams on the beauties of New Hampshire. Ike went on to say that people often ask him how long he intends to remain at 1600 Pennsylvania Avenue. What they should ask, he added, is how long it is going to take Adams to finish his lectures "because he doesn't seem to be half way through yet."

In still another address, President Eisenhower promised a throng in Berlin, N. H., that he would return to see them again as soon as possible after he had another means of livelihood.

It was clearly apparent that the President was purposely piquing the public curiosity concerning his attitude toward a campaign for another term.

When a high public official nearing the closing phase of his term in office is in that mood, it means but one thing to the professional observer—that he is planning to run again.

Things conceivably could develop during the next 12 months that might cause him to change his mind, but it seems plain at the present time that Ike intends to run again.

Now confident and sure of himself, obviously enjoying his banter with the crowds that turn out to greet him, Mr. Eisenhower is a far cry from the amateurish candidate who sought the public support in the autumn of 1952. He now acts and talks like an old pro rather than a man thrust into a setting completely unfamiliar to him.

Republican leaders are pretty well convinced that, if conditions remain as they are today, they can't lose next year's election with Eisenhower and can't win it without him. There is no evidence at this time that would dispute either conclusion, and Ike acts like a man who agrees with that appraisal.

If President Eisenhower's health stands up under the strain of his office during the coming months, there is every reason to assume that he will be a candidate a year from now and that the GOP's 1956 national convention will be little more than a cut-and-dried political rally.

RANDOM CLIPPINGS

Neil Dronfield, 8, fell off a bridge into the Thames River in Hampton Court, England. Frank Willingdale jumped in to save him. Mrs. Willingdale plunged in to rescue her husband. The four Willingdale children, aged 2 to 7, jumped in after their parents. A pedestrian strolling by then pulled all seven out of the water and left without bothering to give his name.

Effie W. Pearson

A memorial service was conducted last week at the Winchester Unitarian Church for Mrs. Effie Whiton Pearson, widow of John Walter Pearson. Interment was in the family vault at the Old Ship Burying Ground in Hingham.

Born in Boston in 1871, she moved to Newton at the age of 10. She attended Bigelow Grammar School, Newton High School and Boston Normal Art School. She was a member of Channing Church, her father being one of the founders.

She devoted a great deal of time to Girl Scout activities when Troop 2 was formed, and served on the local committee. She was one of the first members of the Community Club.

Surviving are E. D. Pearson of Lexington, Mrs. Elizabeth Melanson of Winchester, Mrs. Edith P. Chapple of Newton Highlands, Mrs. Ruth Dellicker of Winchester and Nathan Pearson of Newton Centre.

F. L. McEnaney

Funeral services were held recently for Frederick L. McEnaney of Bridgeport, Conn., formerly of West Newton, who succumbed at his home.

He was personnel manager of the duPont Company in Bridgeport, and was with the firm for 39 years until his retirement in November. He was past president of the duPont 25-Year Club, past president of the duPont Twilight Club and past president of the Greater Bridgeport Personnel Association.

He is survived by his wife, Mrs. Katherine McEnaney; three sons, Stewart L. of Bridgeport, Joseph A. of Baltimore, Md., and Frederick L. Jr. of Tackanack, N. J.; three daughters, Mrs. Raymond Martens of Fairfield, Conn., Mrs. Richard Ganser of Southport, Conn., and Mrs. Hyman Indenbaum of Wilmington, Dela.; 19 grandchildren; a brother, Stuand four sisters, Mrs. John art McEnaney of Waltham; Kelly and Mrs. Lillian McGregor of Wakefield, Mrs. Harold Robbins of Watertown, and Mrs. Frederick F. Murphy of Auburndale.

Joseph G. Holmes

Last rites were held recently for Joseph Gardner Holmes of 152 Adams street, Newton at the Church of Our Lady. Monsignor Walter J. Furlong officiated.

Mr. Holmes was born in the City of Newton in 1870. A graduate of Newton High School and Suffolk Law, for many years he was an active figure in civic affairs in and about Newton and Boston. His passing leaves a vacancy on the Trustee Board of Slade's 'Barbecue' of Boston. A veteran of two wars — he served in Cuba and Puerto Rico during the Spanish American War in 1898, and again in World War I as 1st Lieutenant from 1917 to 1919 following in the footsteps of his father who was a sergeant in the 5th Massachusetts Cavalry in the Civil War from 1861 to 1865. Following his discharge from the army he enrolled and was graduated from Suffolk Law School. However, he found that a disability maintained in service made Civil Service impossible, and having specialized in the examination of 'land titles' he found employment and enjoyment in the field of his choice in spite of obstacles.

He leaves to mourn his passing a sister—Mrs. Lena Holmes Rollins, with whom he made his home, three nieces, a nephew, and a host of friends.

Recent Births

A boy, a second child, was recently born to Mr. and Mrs. Wallace O'Hara of 40 Dearborn street, West Newton. Mr. O'Hare is an announcer at Station WEEI, CBS.

ciation. He also served for six years as the executive vice president of the A.U.A. Active in the preliminary federation of the Unitarian-Universalist denominations on the administrative level at last summer's Andover, Mass., conference, he was appointed the first acting administrator of the new Council of Liberal Churches (Universalist-Unitarian) in July, 1954, serving in this capacity until March, 1955, in addition to directing the CLC Division of Education.

As General Editor of the New Beacon Series in Religious Education, Mr. Kuebler has been largely responsible for developing a modern religious curriculum for home and church school education. A past president of the national Religious Education Association, he is now its New England Regional Director.. Mr. Kuebler's wide interest in the field of secular education includes lecturing and writing on parent education, adult education and the teaching techniques.

Mr. Kuebler was a committee member at the Midcentury White House Conference on Children and Youth.

In recent years Mr. Kuebler made a survey of the British Unitarian churches with special emphasis on children's and youth work. Following visits to liberal churches in Holland, Germany and Switzerland, he participated as a leader in the 13th and 14th Congress of the International Association for Liberal Christianity and Religious Freedom. He is presently international secretary of religious education for the I.A.R.F.

Born in Kansas City, Mo., Mr. Kuebler attended Kansas City Junior College and Northwestern College, Watertown, Wisconsin, before coming to the Boston University School or Religious Education, where he received his B.R.E. in 1926 and his master's degree in character education and psychology. He then studied for two years at the Yale University Divinity and Graduate schools. Mr. Kuebler was ordained to the ministry of education in the first ceremony of its kind at King's Chapel, Boston.

In his earlier career, Mr. Kuebler was general secretary of the Dauphin County Sunday School Association, Pennsylvania; organizer and first general secretary of the Harrisbugh (Pa.) Council of Churches; supervistor of an inter-faith weekday church school system in Bridgeport, Conn; and director of religious education at Belmont and Newtonville, and at Stratford, Conn.

A resident of Newton for two decades, Dr. Kuebler had served as director of religious education under Dr. Randolph S. Merrill, minister, at the Central Congregational Church, staff of the American Uni- Newtonville, before joining the tarian Association as director of the division of education.

Dr. and Mrs. Kuebler and their family, including Mrs. Kuebler's mother, Mrs. Charles Abrams, Jr., are active members of the First Unitarian Society in Newton. Mr. Kuebler is a member of the church board of trustees.

Miss Valerie Kuebler, who was graduated this month from the University of Vermont, was on the Dean's list. At Commencement, she was awarded a medal as a valuable hockey player. She was manager of the hockey team. She also received a citation as women's sports editor of the U. of Vermont year book, the Airial. Miss Kuebler received her A.B. degree with a major in psych ology and a minor in zoology. Miss Kuebler is a graduate of Newton High School, class of 1951. Her brother, Christopher, known as Topper, graduated from Newton High in 1954 before enrolling at Penn. State College.

During the Summer it is planned to enroll charter members and publicize the Association, so that in September a full organization will go into operation with a regular program of supervised recreation for boys and girls up to 16. It is hoped such activities will include basketball, tennis, sponsorship of major and minor teams in the Little League and Pony League, girls' soft ball and any other sports for which there is sufficient demand and assistance.

Any Highlands residents interested in becoming associated with this worth-while endeavor may contact Mrs. Arthur Heaney at BI 4-3538, or other members of the Membership Committee.

A. Herter, Honorary Chairman, and Registrar of Motor Vehicles, Rudolph F. King, Chairman," says Chief of Police Philip Purcell of the Newton Police Department.

"We want the public to know that every member of the Newton Police Department will cooperate with the Massachusetts Highway Safety Committee during this long holiday weekend and will make every effort to control and regulate traffic on the highways within its jurisdiction.

"It is anticipated that the 1955 July Fourth traffic volume will greatly exceed that of previous years and I am asking the complete support of every motorist and pedestrian in Newton in the official statewide program of life-saving and accident prevention. Officers of the Newton Police Department will take immediate action against motorists who commit violations involving excessive speed, speed too fast for conditions, following too closely, failing to yield the right of way, and improper passing. A court conviction for a speed violation will result in point assessments," stated Chief Purcell.

"Pedestrians are urged to be unusually attentive to increased traffic hazards during the long holiday weekend and especially during hours of darkness.

"We want Newton to be kept free of accidents during this weekend and we urge residents and visitors to join with us in this endeavor."

This summer program for cerebral palsied children will have added facilities and more equipment for use this summer. A room at the Mason School is available for speech therapy groups and to use in case of inclement weather. New easels will make painting an added attraction and crafts, games, stories, songs and music will add much to the fun of group activities for these handicapped children. Several field trips are planned at points during the summer and campers, as well as their parents, await July 5th with much anticipation.

The camp will run for five days a week from 10 a.m. to 3 p.m. and offers not only recreational group activities for cerebral palsied children but often much needed rest and a bit of freedom for parents during these summer days.

ing with a similarly minded and highly competent school administration and professional staff seeking the same goal has made my period of service a very congenial one.

"I am, however, convinced that there are many civic-minded and well-qualified citizens who should be willing to accept a share of the demands on their time as well as to experience satisfaction which comes from having a part in this program.

ENDORSES ASAFF

"In seeking such a candidate willing to run for election as School Committee Member from Ward Four, and after consulting others in the community to obtain the benefit of their advice, I was pleased to have Mr. A. G. Asaff of 93 Hancock street, Auburndale, indicate his willingness to run for this office. I feel that he is eminently qualified because of his educational background, his business experience, and his active interest in Newton's schools.

"That another civic-minded citizen of Auburndale has previously announced his candidacy will give the voters of Newton an opportunity to exercise the democratic privilege of selecting their representative in the coming election."

The Rev. Joseph C. MacDonald officiated at the four o'clock ceremony in the Union Church, Waban.

The bride, who was given in marriage by her father, wore an heirloom gown of satin and rosepoint lace that had been worn by her grandmother and her mother. Her cap of heirloom lace held a veil of illusion and she carried a cascade bouquet of white roses and daisies.

Miss Margot Cleverley of Waban, maid of honor, wore a ballerina type dress of yellow embroidered polished cotton. The bridesmaids, Miss Dianne Catlin, sister of the bridegroom, Miss Nancy Hill of Seattle, Washington, cousin of the bride, Miss Nancy Louise Kuhns of Allentown, Pennsylvania, Miss Carolyn Cannon of St. Davids, Pennsylvania, Miss Susannah Jamison of Glencoe, Illinois and Miss Deborah Davis, of Brockton, all wore lavender and carried nosegay bouquets of delphinium, shaded from white through lavender to deep purple. They wore headpieces of ivy entwined with delphiniums. A cousin of the bride, Anne Anthony of Memphis, Tennessee, was a flower girl and wore a white organdy dress and carried a miniature nosegay.

MISS BEVERLY N. JOHNSON AND MR. WILLIAM B. SEAMAN ARE WED

On a wedding trip to Miami Beach are Mr. and Mrs. William Bryce Seaman who were married June 18 at St. Bernard's Church in West Newton. Lilies, white gladiolas and stephanotis decorated the altar when the Rev. John L. Saunders officiated at the ceremony uniting Miss Beverly Noel Johnson, daughter of Mr. and Mrs. Harry G. Johnson of West Newton, and William Bryce Seaman, son of Mr. and Mrs. William A. Seaman, also of West Newton. Following the three o'clock ceremony was a reception at the University Club in Boston.

The bride wore a gown of imported Chantilly lace and nylon tulle over white slipper satin, with a lace jeweled appliqued neckline and long pointed sleeves. The skirt was a full circular peplum of Chantilly border lace and ended in a court train. A lace profile cap, embroidered with pearls held a four-tierred finger-tip veil of imported silk illusion. She carried a semi-cascade of stephanotis and Eucharis lilies.

Mrs. Floyd Draeseke of Greenville, South Carolina was matron of honor. Bridesmaids were Miss Marianna Murphy of Newtonville, Miss Diane Webster of Wellesley, Miss Mary Rose Campbell of Newton Highlands and Miss Nancy Maloney of Newton Centre. They all wore long torso ballerina gowns of embroidered white nylon organdy with scoop necklines and three-quarter length sleeves. Their bouquets were happiness roses. The sister of the bride, Jill Ann Johnson, was flower girl. She was dressed in white nylon and carried a colonial bouquet of garnett and sweetheart roses. The attendants all wore roses in their hair.

The bride's mother chose Dior blue peau de soir with matching accessories for her daughter's wedding while the mother of the bridegroom, Mrs. Seaman, wore mauve silk organza.

Herbert Hart of Boston was the best man and ushers were Holmes Anrud of Port Angeles, Washington; John Joyce, Convent, New Jersey; Ens. Norman Vincent, Norfolk, Virginia; Leon Avakian, Newton, and Robert Johnson of West Newton, brother of the bride.

The bride attended Simmons College. Her husband studied at Milford Academy, Rutgers University and Boston University. They will live in Brighton.

BARBARA JANE MacNEIL MARRIES WILLIAM FULLER OF NEW YORK

The Church of Our Lady Help of Christians was the setting last Saturday for the marriage of Miss Barbara Jane MacNeil, daughter of Mr. and Mrs. John L. MacNeil of Newton, to Mr. William Farley Fuller, son of the late Mr. and Mrs. Wallace Fuller of New York. The Rev. Andrew Jenks performed the 4 o'clock ceremony and a reception was later held in the Louis Fourteenth Ballroom of the Hotel Somerset.

Given in marriage by her father, the bride wore an Elizabethan gown of pearl white silk with a bouffant skirt of unpressed pleats ending in a cathedral train. Her veil of silk illusion was caught to a velvet headband of pearls and crystals, which also trimmed her gown. She carried a prayerbook with white orchids.

Mrs. John W. MacNeil of Boston was matron of honor, and the bridesmaids Miss Janice and Miss Marcia MacNeil of Newton, Mrs. Cornelia Knower of Barneveld, New York, and Miss Jane Thomson of Yonkers, New York, all wore pearl white silk dresses and picture hats with their bouquets of ivy and red roses. Miss Nadine Berry, Miss Deidre Donnelly and Miss Ruth Donnelly were flower girls for their aunt. Mrs. Elizabeth Jones of Wilmette, Illinois was an honorary bridesmaid.

Dr. Thorpe Kelly of Bronxville, New York was best man and the ushers were John W. MacNeil of Boston, Norman J. Noble of New York, James J. Redican of Worcester, Gordon Harrower of Halmdel, New Jersey, Robert B. Ward of Kennebunk, Maine, and Michael Corcoran of Newport, Rhode Island.

The bride was graduated from Northampton School for Girls and Elmira College. The bridegroom graduated from Portsmouth Priory and Harvard College. He is a member of the Hasty Pudding Institute of 1770, Phoenix S. K. and Pi Eta. In town for the wedding were the Hon. James F. Byrnes of South Carolina and Worthington C. Miner of New York, both uncles of the bridegroom. The couple will live in New York after a wedding trip to Bermuda.

Newton Church Women Support Prison Reforms

The Executive Board and representatives of the United Church Women of Massachusetts, including several Newton women, meeting recently at their Spring Retreat at Framingham, voted to commend the report of the Wessell Committee on prison reform.

The United Church women, representing Protestant and Orthodox churches throughout the state, recommended unanimously that the report be given the widest publicity and study in their local churches, councils, and press. They felt that the report pointed up many abuses in the Massachusetts correctional system, and went on record urging that this report be implemented by action of the Legislature.

Delegates were asked by Dr. Forrest L. Knapp, Executive Secretary of the Massachusetts Council of Churches, to urge their churches to study and to take action relative to the report in an effort to get remedial legislation passed this year.

Among those voting for the resolution were Mrs. William H. Medlicott, Mrs. E. Tyler Parkhurst, and Mrs. John A. Reuling, officers on the Executive Committee of the United Church women of Massachusetth; and Mrs. Hugh L. Robinson and Mrs. James H. Burns, president and vice-president of the Newton Council of Church women.

Air Force Seeks 60 Men For "Bay State Flight"

The U. S. Air Force Recruiting Service in the Eastern Massachusetts area has initiated a recruiting drive to secure 60 men to be enlisted on June 27, and to be known as the "Bay State Flight," according to a statement issued today by Lt. Colonel William A. Somerby, Jr., Commander, Detachment No. 109, 3501st USAF Recruiting Group, Boston Army Base.

According to Colonel Somerby, this flight will consist of 60 men who will be recruited from Eastern Massachusetts and sworn into the U.S. Air Force on the historic Boston Common.

After the swearing in ceremonies, the "Bay State Flight" will be flown by commercial airliner to Sampson Air Force Base, Geneva, New York, where they will train together in basic for eleven weeks. This group will stay together through their basic training and until completion of this training will be known as "The Bay State Flight."

Upon completion of basic training, members of this flight will either be sent to one of the many technical schools operated by the Air Force or be sent to bases throughout the world where they will receive on-the-job training.

Colonel Somerby says, "Go visit your Air Force Recruiting Station now and join the "Bay State Flight" that will do the work of first-rate importance for our country—that of keeping America's strength in the air. You too can have confidence, both in your country's future and your own. In the U. S. Air Force you go places faster."

Your U. S. Air Force Recruiting Station at 103 Moody street, Waltham, will be open to handle enlistments for the "Bay State Flight" from 8 a.m. to 5 p.m., Monday through Saturday.
